Of course, the Times may not have had anything to do with it; it may just have happened; but you will notice that there are no more reports being made of men arrested by law officers indulging their one time favorite vice of running amuck without a warrant.

Caused Much Concern. Unloaded from an express car on No. 11 at the passenger station this morning was an elk head which attracted unusual attention on account of its size. It came from the Dixon, taxidermist, at Unionville, Ontario, Canada, and was being shipped to Columbia, Tenn., lodge No. 515, Benezovce and Protective Order of Elks. It was the largest and finest specimen ever seen here and among the many admirers gathered was the taxidermist on which it lay was reading on the western Benezovce a number of Elks, none of them had ever seen the equal of the head.—Salisbury Post.

PUBLIC OPINION IS A PRETTY HARD TASK-MASTER SOME-TIMES.

And yet whoever would make an article to measure up to what a discriminating populace demands, must prove themselves worthy of the confidence of this self same public opinion, and give out an article worthy the name, it stands for, and that's just what the makers of these corsets are doing in clock like regularity, every day in the week.

A new supply of the Thomson's Glove Fitting and La Victoire Corsets have just been taken out of the cases, and now every woman can be suited in the style and model she likes best. The corset department is located on the first floor, very easy of access. Experienced fitters in charge.
