

SENATE SET TO STAMP OK ON BOHLEN

Ike Throws Weight Behind Choice For Envoy To Moscow

WASHINGTON (AP)—With President Eisenhower's prestige largely involved, the Senate stood ready today to vote ranging approval of Charles E. (Chap) Bohlen as ambassador to Russia...

IKE JOINS FIGHT

Eisenhower laid his prestige on the line yesterday with a news conference assertion that Bohlen was his personal choice and is the best qualified man for the Moscow job.

Testifies At Hearing Parker Opposes Treaty Limitation

WASHINGTON (AP)—Judge John J. Parker, arguing against the proposed treaty limiting the power of the President to restrict treaty-making powers, said today it would hamper President Eisenhower in his efforts to resist Russia's plans for "world domination and world control."

"The President and the Senate have not betrayed us in the past," Parker told a Senate judiciary subcommittee, and asked: "Why should we think they will betray us in the future?"

Treaties with other nations are negotiated by the President but do not become effective unless ratified by a two-thirds vote of the Senate.

Legislators Hit Federal Gasoline Tax

WASHINGTON (AP)—The General Assembly would ask the federal government to stop taxing gasoline under a resolution introduced in the Senate today.

Sens. Fred Royer of Vance and Robert F. Morgan of the Senate sponsored the resolution which asserts that in taxing gasoline under a resolution introduced in the Senate today.

Royler said the present two-cent federal gasoline tax is a burden on the people and that the state gets back only about \$1.1 million in the form of federal aid to highway construction.

Royler said he thought if the federal government "would restrict the gasoline tax field, that at two cents would take care of our primary road needs."

Legislative Group Opposes Public Health Measure

Legislative and public health groups in North Carolina are opposing a measure that would take more than 300 million dollars out of the state's primary road system.

The resolution, he added, is sponsored by the North Carolina Road Users' Conference.

Sen. J. William Copeland of Hertford tossed into the Senate a measure to carry out two recommendations of the S. 1 at a Board of Elections. Both would require the submission of the people of amendments to the State Constitution.

One of the proposals would eliminate the necessity of holding elections to fill offices for the period between the time of the general election in November and January 1.

PRESENT SETUP Under the constitution as it is now written, a person named by the governor to fill a vacancy in an elective office serves until the next general election. This makes it necessary sometimes for a candidate for state office to run in "short term," the period between the election and Jan. 1, and for another within 30 days of the election to begin on Jan. 1.

One of the Copeland proposals would change the time a voter must have lived in a precinct before he can register from four months to 30 days. The other proposal would disfranchise because they moved from one precinct to another less than 30 days before the election.

His proposal would allow those moving from one precinct to another within 30 days of the election to vote in their old precinct.

The Senate passed and sent to the House a bill to stiffen penalties for dog peddlers. It would allow a term of from 10 to 30 days in jail for a first offense of selling dog to a minor.

For a first offense of selling dog to a minor, the bill would allow a term of from 10 to 30 days in jail for a first offense of selling dog to a minor.

Leathernecks Back Where Unit Erased

SEoul (Saturday)—(AP)—Grims U. S. Marines, recoiled from a surprise 3,500-man Chinese Red onslaught against ten outposts, last night regained one of two Western front hills where other Marines had died to the last man.

Recapture of bloody Vegas, one of two outposts yielded in Thursday's Chinese human sea attack, came after ten hours of fierce hand-to-hand combat.

The outpost hills are 25 miles southwest of Old Baldy, which the Reds seized in their first round of their Spring drive earlier on the week. The hills are just to the northeast of Bunker Hill, which also was hit by the Reds' assault.

Only 25 miles northwest of the Marine action, Red MIG-15 jets made their deepest penetration of the year before being taken on by MIG battles by Australian twin jet fighters. The Reds claimed one MIG captured but downed and another damaged in dogfights south of Suifu.

Earlier Friday there was another indication the Reds were trying to move their air arm closer to the front line. U. S. Marine pilots of propeller-driven planes said they damaged a MIG in an encounter near Chinanong, the port for the Red Korean capital of Pyongyang.

A Marine regimental commander said the Chinese killed or captured every Leatherneck in small holding forces on Vegas until the Red outpost when 3,500 Red seized the positions in a surprise night attack.

The commander of the Fifth Marine regiment said that at 8:45 P.M. last night (7:45 A.M. EST), his Leathernecks were in firm control of Vegas. They had sent for supplies to dig in and rebuild the shattered outposts.

The First Marine Division troops secured the operations continued through the hours more on the upper slopes.

CHINESE MAILED The Marines reported they destroyed the effectiveness of the 12 to 15 Chinese companies—more than 2,000 troops, in the bloody hand-to-hand fighting.

The commander leading the Marine assault on Vegas messaged: "We are on the top, situation well in hand. Enemy tried several attempts to reinforce and counterattack."

Withering Red machine gun fire had ripped the Marine attackers on their way up the slope. Marine tanks hammered at the Communist mortar and MG fire.

Col. L. W. Walt, a Marine regimental commander disclosed that every Leatherneck on Vegas and Reno when the Reds hit was prepared to die.

NUMBER SMALL The number was not reported, but presumably was small. Front Infantry Division. Allied warplanes in the fight back up the slope were far greater.

The Marines smashed through a ring of trenches circling the hill to regain Vegas. After a day of bloody hand-to-hand combat with the Red forces, the Marines captured the criss-crossed battlefield to pinpoint Red positions.

The Reds pounded the outposts with mortar and MG fire, shattering a possible Chinese counterattack.

Before the Marines regained Vegas, a P. L. Collins, 50th, resident, said: "The Chinese took the position by force and we are in a position which they can always do on an outpost like that when they want to pay the price. We are going to get it back. It's only a matter of when."

The Reds still cling to Reno and Old Baldy. 52 U. S. Marines captured Wednesday from the U. S. Seventh Infantry Division. Allied warplanes since have dropped hundreds of tons of bombs on the height in a virtually steady stream.

The Marines opened their first counterattack on Vegas at noon but were beaten back. The victorious counterattack began at 6 p. m., under cover of withering rocket and tank fire.

COUNTY SOCIETY POLICY

Medical News Will Be Made Available

The Mecklenburg County Medical Society today announced a program designed to make information about medical topics available to the public.

In working out the program representatives of the Society are conferring with representatives of newspapers, radio and television stations to set up machinery that will facilitate the handling of all radio medical news.

The first of a series of conferences was held last night at Truckee's. It was attended by representatives of the Medical Society and the television and radio stations.

Similar conferences will be arranged later with representatives of other local newspapers and the television and radio stations.

At the conference last night as Medical Society representatives were Dr. David G. Weston, Medical Society president; Dr. V. K. Hart, chairman of the society's public relations committee; Dr. Kingsley MacDonald, chairman of the press, radio and TV committee; and Dr. William B. Fleming, Jr., secretary.

Dr. Weston led the discussion on how to set up a program that would enable newsmen to report the many types of medical news stories that arise here.

At the outside of the conference Dr. Weston said that the Medical Society is anxious to insure full and correct reporting of medical news that would not prejudice doctors' ethical views.

These points agreed that, because of Charlotte's outstanding position as a Southern medical center, the Medical Society should have a press and radio committee.

PROGRAM SET UP Several special committees were set up to coordinate the Medical Society activities with the public. The committees established for the first time a comprehensive public relations committee; Dr. Hart is chairman of the Medical Society's overall public information committee and Dr. James H. Henthall is vice chairman.

Other members of the committees are Dr. William B. Fleming, Jr., chairman of the press and radio committee; Dr. Walter Daniel, chairman of the press and radio committee; Dr. William B. Fleming, Jr., chairman of the press and radio committee; Dr. William B. Fleming, Jr., chairman of the press and radio committee.

His proposal would allow those moving from one precinct to another within 30 days of the election to vote in their old precinct.

Terrorist Band Massacres 150 African Natives

Nairobi, Kenya (AP)—Famulus Masuiteres of the Mau Mau rebelled against at least 150 pro-British Kikuyu tribesmen, their wives and children in a wild raid last night at a village at the outskirts of Kenya's capital.

They also attacked a police station about 40 miles away, killing five Africans and releasing all prisoners from jail.

The village attack was the biggest yet by the Mau Mau in its campaign of terror aimed at driving white men out of this agricultural rich British crown colony in East Africa. In the past year the terrorists have murdered nearly 300 persons.

Earlier Friday there was another indication the Reds were trying to move their air arm closer to the front line. U. S. Marine pilots of propeller-driven planes said they damaged a MIG in an encounter near Chinanong, the port for the Red Korean capital of Pyongyang.

A Marine regimental commander said the Chinese killed or captured every Leatherneck in small holding forces on Vegas until the Red outpost when 3,500 Red seized the positions in a surprise night attack.

Jelke Draws 3 To 6 Years

NEW YORK (AP)—Miner F. (Dick) Jelke also known as the "Big Boy" cafe society vice case, was sentenced today to three to six years in prison.

Jelke was convicted on two counts of compulsory prostitution—legal terminology for living off the earnings of girls.

Jelke was sentenced to from three to six years on each count with the sentences to run concurrently.

General Sessions Judge Francis L. Valente said it was "unpleasant to deprive anyone of liberty" but that it was necessary in this case to "orient" Jelke's thinking.

Jelke was sentenced last Friday to eight months in the workhouse on his plea of guilty to illegally possessing two guns. One was in his apartment and one in his automobile when he was arrested in the vice case last August.

The chunky but accused of living off the earnings of girls while waiting for an inheritance to come due was convicted of the charge March 27. He had pleaded innocent.

Valente said Jelke's attitude as outlined in a 12 page probation report "renders the court's plans submitted by his parents for his rehabilitation."

OUR WEATHER Slightly warmer today and clear. Partly cloudy and not so clear tonight. Forecast for Friday, cloudy and mild, and Sunday, fair and cool.

Columbia Scene Of Fire, Blasts

COLUMBIA, S. C.—Fire and explosions wrecked the Central Drug Store in mid-town Columbia today. Twelve firemen were hospitalized with injuries.

None of the firemen was believed seriously injured. Smoke billowed heavily from the basement of the store, a block from the city Capitol, as firemen moved in to the structure, but an explosion drove them back for a time.

Most of the injured firemen were cut by flying glass which was blown from the front of the building. Several spectators also were injured by the explosion, which shook Columbia's business section.

U. S. Challenges Soviet Neutral Probe Of Germ Charges Asked

WASHINGTON (AP)—The United States today challenged the Soviet Union's demand that Germany be allowed to probe charges against the United States in a neutral area for U. N. questioning.

Opening the campaign to beat down Red charges that the United States is guilty of bacteriological warfare, U. S. Delegate Ernest A. Gross denounced Communist use of "extorted confessions" and "black propaganda" which they had been obtained by force in the East.

After a period of East and recuperation, he said, those men would be questioned by an impartial U. N. commission to verify or deny the statements they allegedly made while Red prisoners.

The commission would be established under a resolution which Gross submitted to the 40-nation General Assembly and the resolution called on the U. N. to permit it to travel freely to the mainland of China and both North and South Korea.

It was co-sponsored by the other 18 U. N. members who have been free to travel and report on the U. S. submitted this draft

just after the committee turned down an offer to travel to 40 against five abstentions—an Asian-backed Soviet demand that representatives of the United States and North Korea be invited there to repeat their charge.

Russia's Foreign Minister said this vote had closed the door on any impartial investigation. Earlier, he had insisted that a "geniusly objective and impartial investigation" could only be held by the Red Chinese and Koreans who were present.

In this, he won strong support from L. N. Palar of Indonesia, who said the U. N. should make the "constructive and optimistic

Retiring Mrs. Mesta To Leave Post On April 13

LUXEMBOURG (AP)—Perle Mesta, the American lady diplomat whose career hit the musical comedy stage and the movie screen, announced today she is leaving her post as minister to Luxembourg on April 13.

She was appointed by President Truman after a headline-making career as a Washington hostess and Democratic party campaign worker. She arrived here on Aug. 17, 1948.

In a prepared statement, Mrs. Mesta said: "I am leaving April 13th, but hope to be able to return many times for unofficial visits."

Along with other Truman diplomatic appointees, she submitted her resignation before the inauguration of President Eisenhower.

Mrs. Mesta said she would go to Europe. Mrs. Mesta said she would go to Europe. Mrs. Mesta said she would go to Europe.
