Eisenhower, Taft Avoid Party Split

WASHINGTON (AP)—President Eisenhower and Sen. Taft (R-Ohio) today avoided any party-splitting break in their relations despite some fundamental differences over U. S. policies in Korea and the Far East. The White House took the initiative only a few hours after Eisenhower had said at a news conference that "no" he did not agree with Taft's suggestion that the U. S. might as well forget the United Nations as far as the Korean War is concerned. Eisenhower also called Taft's office to inquire about the health of the Senate Republican leader. They remained in Washington today. Eisenhower had said at a news conference that "no" he did not agree with Taft's suggestion that the U.
