PA MEASURE IS LAMBASTED AS 'SNEAKY'

Members Of House Accuse Senate Of 'Backdoor Approach'

WASHINGTON (AP)—A Senate passed bill with a potential bill to pay raise for members of Congress was lambasted today by two House members as "sneaky, crooked" and "a backdoor approach."

It was with apparent that the bill passed late Thursday by the Senate was no opposition, debate or fanfare, would have found lodging in the House.

Republican leader Halleck of Indiana told the House yesterday he hopes the Judiciary Committee will drop the bill next Tuesday and come out with a "backdoor approach."

Rep. Burdick (R-N.D.), a member, said it would get out of that committee only over his opposition. Burdick, who long has claimed that members of Congress are not properly elected, called the Senate proposal "a sneaky, crooked way to get a pay raise without voting directly on the issue."

He told newsmen he doubted the bill would get serious consideration. "STAND UP" "If the members think they need pay raises, they should stand up and vote directly on that issue and not pass the buck," Burdick said.

"If we want to raise our salaries, we should have courage enough to stand up and vote directly on the issue."

The House this session already has passed a bill to raise the pay of its members.

Supporting Burdick's stand, Rep. Gross (R-Iowa) called the bill "a backdoor approach."

Sees End To Red Occupation Ike Says East Germany Broke

QUANTICO, Va. (AP)—President Eisenhower today called the Red government of East Germany a "barricaded regime" and predicted eventual "liquidation of the present Communist dictatorship and the Soviet occupation."

The President, here for conferences of defense leaders, made public a message he has sent to the European states joining the Western bloc, calling anew for free elections in Germany and "the formation of a free all-German government, leading to unification" of the country.

Eisenhower said, too, that the idea of free election and unification of Germany is no way incompatible with creation of the European Defense Community, which provides for the European army joining the forces of France, West Germany, Italy, The Netherlands, Belgium, and Luxembourg.

"I do not and never have accepted this theory that the EDC and unification of Germany are mutually exclusive," Eisenhower said. "Quite the contrary."

Eisenhower alluded to the recent Washington conference of the foreign ministers of the United States, Great Britain and France, and told American "it might be helpful if I were to write you a letter in amplification of the thoughts so tightly compressed in the final communique."

Personnel Headed For Korea Disarmed

PANMUNJOM — (AP)—Military personnel heading for Korea from Japan were ordered to give up arms and ammunition at Tokyo's Tachikawa Airport tonight amid mounting reports that a Korean truce may be signed within a matter of hours.

An important announcement expected from Gen. Mark Clark, Tokyo headquarters was delayed at the last minute without explanation.

There was no hint as to what the announcement would be, but Clark might announce the time for signing an armistice halting more than three years of bloodshed.

Allied and Communist liaison officers who met five times at Panmunjom today were reported to have wrapped up final details of a truce and commenced plans for the signing ceremonies.

Exact arrangements for the signing were top secret but informed sources indicated that the top military commanders of both sides to appear at Panmunjom have been changed and the truce negotiators will sign in Seoul.

There was no explanation for the order banning arms and ammunition aboard Korea-bound planes, but it was an order which would have given if a cease fire had been agreed upon.

The order came from the commander of the 34th Troop Carrier Wing and presumably came from higher up.

The plans for the truce signing reportedly call for the senior armistice negotiators — Lt. Gen. William K. Harrison, 34th Troop Carrier Wing, and Lt. Gen. William K. Harrison, 34th Troop Carrier Wing, and Lt. Gen. William K. Harrison, 34th Troop Carrier Wing.

Third Marines Will Head East

QUANTICO MARINE BASE, Va. — The 3rd Marine Division is being sent to the Far East, White House Press Secretary James C. Hagerty announced today.

Hagerty, here with President Eisenhower for a conference of military leaders, made the announcement in reply to reporters' questions.

The 3rd Marine Division is headquartered at Camp Pendleton, Calif. Part of the division, however, is stationed at Camp Lejeune, N.C.

The 3rd Marine Division has been in Korea since early in the war, but Hagerty said he could not say whether that division will remain or be withdrawn from the war zone.

"The only thing I can say," Hagerty told reporters, "is that the 3rd Marine Division has been assigned Gen. Mark Clark in the Far East Theater."

The order for the movement of the division was issued "within the last four weeks," Hagerty said.

There were reports yesterday that units of both the 2nd and 3rd Marine Divisions in this country were being alerted for rapid movement to Korea. The 2nd is headquartered at Camp Lejeune, N.C.

Officials said then that as a purely precautionary measure all units had been alerted and men away from their stations at Lejeune and Pendleton had been alerted for rapid movement to Korea.

Border police said after the tank made good its escape. West German guards escorted it to Wald-Muenchen for U. S. authorities to take over.

The first "freedom tank" escape from a country whose citizens have braved bullets and shrapnel to help Communist tyranny was also one of the most bizarre among a series of ingenious flights from East to West.

In 1951 West Germans were startled when a freedom-loving Czech engineer stole a train and crashed into the west.

And early this year a Czech air liner was commandeered in the east and flown to the west.

There have been even cases of desperate Czechs arming themselves and shooting their way west.

But today's tank-flight topped them all.

Agreement Sought On Money Bills

By G. MILTON KELLY WASHINGTON (AP)—Meeting behind closed doors, the Senate Appropriations Committee sought agreement on money bills.

The committee included the Voice of America, which beams radio information-propaganda apparatus.

McCarthy countered that Fulbright should not be "afraid to answer" and asked the questions were irrelevant.

Background of the clash is McCarthy's contention that State Department officials in the administration of former President Truman were "Communist subversives" to hurt U. S. cold war information-propaganda activities.

Kashmir Talks Are Resumed

KARACHI, Pakistan, (AP)—India's Prime Minister Nehru and Pakistan's Prime Minister Mohammed Ali Jinnah today resumed talks on the Kashmir issue.

Most observers were skeptical, however, that a new agreement could be reached soon in the bitter dispute, which has kept the region in poverty, poverty - ridden countries since 1947.

Nehru, accompanied by his sister Vijaya Lakshmi Pandit, and seven officials arrived in an Indian Air Force plane. They were greeted personally by the Kashmir Minister Ali. Thousands cheered the Indian leader as he was driven along the 11-mile route from the airport to the governor general's residence.

Reports from Srinagar, Kashmir, said that a Nehru finally might accept a compromise solution which would make a part of Kashmir independent.

Senator Tobey Dies Of Heart Ailment

WASHINGTON (AP)—A blood clot in his heart took the life of Sen. Charles W. Tobey, the fiery New Hampshire Republican who used a ready store of Bible quotations to fight crime or anything else he opposed.

Last night, just two days after his 72nd birthday, Tobey died at the nearby Bethesda (Md.) Naval Hospital of coronary thrombosis.

He had suffered an attack in his office yesterday afternoon. "There will never be another Sen. Tobey," said Sen. Kefauver (D-Tenn.), who headed the Crime Investigating Committee on which Tobey served.

"His outstanding contribution to the committee will be remembered," Kefauver said. "People always responded to him after his stern lectures."

The death wipes out the Republican majority in the Senate, but a Republican is expected to name a Republican to fill the vacancy.

The Senate lineup now stands: 47 Republicans, 47 Democrats and one Independent, Wayne Morse of Oregon.

Tobey's green eyeshade, in the same time because his hand was on the brake.

It was then that Casey screamed "jump, Sim, jump!"

Sim said when Casey was found in the smoking wreckage, his hand was still on the brake.

Movie Tax Bill Puts Ike On Spot

WASHINGTON (AP)—President Eisenhower was put squarely on the spot today by Congress passage of a bill to repeal 29 percent tax on movie theater tickets.

If he signs the bill, the estimated net loss in federal revenue will be 100 million dollars a year and other industries may ask for similar tax relief.

If he vetoes it, he will be rejected by a bill which won support of Senate Leader Knowland of California and Sen. Millican (R-Colo.), chairman of the conference of all GOP senators.

Knowland, like Vice President Nixon, hails from California, heart of the motion picture industry.

The House and Senate which acted yesterday, passed it by overwhelming voice votes. But neither took a roll call tally to show whether the necessary two-thirds to override a veto could be mustered.
