THE ROOTS OF THE TROUBLE IN FRANCE

WHATS the matter with France? Why is to sell for \$7.50, I will continue to sell them for the the nation which nourished the seeds of democracy that sprouted in this country, and during this post-war period has preduced a Schuman. a Monnet and a Bild-man and a Bild-man and paralyzed by a weak system of your mounts and paralyzed by a weak system of your mounts and paralyzed by a weak system of government whose frequent colleges make the first and paralyzed by a weak system of government whose frequent colleges make the first paralyzed by a weak system of government whose frequent colleges make the first paralyzed by a weak system of government whose frequent colleges make the first paralyzed by a weak system of government whose frequent colleges make the first paralyzed by a weak system of government whose frequent colleges make the first paralyzed by a weak system of government whose frequent colleges make the first paralyzed by a weak system of government whose frequent colleges make the first paralyzed by a weak system of government whose frequent colleges make the first paralyzed by a weak system of government whose frequent colleges make the first paralyzed by a weak system of government whose frequent colleges make the first paralyzed by a weak system of government whose frequent colleges make the first paralyzed by the first par

SMALL WONDER, then, that the non-Communist Frenchman instigated the current strike. He sees in Premier Laniel another millionaire industrialist who plans to cut worker benefits. Small wonder that the French worker looks askance at an America which insists that Frenchmen prepare to flight, as a condition of receiving aid, yet makes but feeble and ineffective protests as a system that enriches the rich and denies the poor.

Sylument that enriches the rich and denies the poor.

These factors accentuate what nature and also process where two mentionarity cap the bottles with a simple device inflate to the one familiar in this country luring Prohibition days. They are assisted by light men and women who unlood, load and arry bottles.

You ask the company official with you will be considered the company official with you have been asked to be company of the com

their standard shoe from \$10 to line would be comply to schanged.

It is not certain that reforms along these lines would be enough to assure French stability. But it is certain that the decline of France shoes he said: Why, they are bot reld \$10 shoe. They are too good to be effort is made.

TIME FOR A HOUSECLEANING

LISEWHERE on tody's collected page.

E you will find a column from the Greenville Picknowt rerik columbia correspondent. W. We man Jr. It is a chairrespondent. W. We man Jr. It is a chairrespondent. W. We man Jr. It is a chairrespondent with the south Carolina Republicanlengs to service the south Carolina Republicanrecordance set forth by South Carolina law
as the first step toward gaining some acrecipance by the people of that state.

Even in this day of a national Republican Even in this day of a national Republican administration, the South Carolina branch of the party is a two-headed freak. A member of one faction is recognized by the national GOP as the S. C. national commit-teeman, yet a leader of the other faction is the chief patronge dispenser. The South Carolina Republicans got an unexpected boost from Gov. James Byrnes s few days ago when he said that more and more Southerners are prepared to discard

A YEAR-OLD magazine published in New York and called Real has a dressed up lead article by one Sherman Ballard, other-wise unidentified, entitled "Its the Bunk About Southern Belles."

An ansolicited copy of the magazine was sent to this newspaper, presumably in hopes that the editors of Tax Navus would rise to the defense of Southern Womanhood, and thereby give the young and struggling maga-zine some free robilicity.

A LESSON, BUT IT ESCAPES US

IEES probably is a profound lesson comewhere in the amazing story of Cam lin, but we just can't find it.

And so we note Cam'r record, for what is, there are several cliches that can be it's worth, as a part of the passing parade, with a measure of regret that it happened with a measure of regret that it happened with a measure will be
