U. N. Council Debates Action On Morocco

UNITED NATIONS, N. Y. (U. N. Security Council) — Debate today over a week or so of debate over whether to take up Asian-Arab complaints against France's detroning of the Sultan of Morocco.

With the United States, Britain and France all lined up against U. N. discussion of the French North African protectorates which France contends is a domestic problem all her own, there appeared to be little chance of a vote today to discuss them formally.

The 15 Asian and Arab nations hoped, however, to give their complaints a full public airing during the council's current deliberations on whether to discuss them formally.

U. S. Delegate Henry Cabot Lodge Jr. was scheduled to go before the council this afternoon to oppose U. N. action.

Several delegations, including Russia's Andrei V. Vishinsky also have asked to speak but said they would not be ready before Monday or Tuesday.

Lebanon and Pakistan, from the Arab-Arab bloc demand an airing of the French administrative methods in North Africa, told the council yesterday it should act immediately to meet a "threat to peace."

French Delegate Henri Hoppenot was interrogated in scope or fell within U. N. jurisdiction. Even if it were, he insisted, there was no situation requiring action.

In Paris, meanwhile, a French government spokesman said the Foreign Ministry was preparing a series of constitutional reforms for Morocco. Foreign Minister Georges Bidault will seek cabinet approval of the program within three weeks, the spokesman said. It then will be presented to Moroccan authorities for study.

Under the decentralization Moroccan authority by establishing regional councils. These would recommend to the central government regulations suitable for local conditions. At the local level, elected municipal and provincial councils, agriculture and commerce committees would give the people a more direct role in the government.

At the top, the Sultan's power as supreme executive and judge would be split, providing a separation of powers. It also is seeking adjustment of what it calls inequitable wage rates for some classifications.

Ohio Official Killed By AWOL Soldier

ZANESVILLE, Ohio (U. N. —) An Army soldier today admitted he shot and killed the assistant director of the Ohio Industrial Relations Department last night after the official had given him a ride in his car, the State Highway Patrol said.

Harold St. John, 25, of Dorchester, Mass., was captured by Highway Patrol Sgt. C. E. Wells a little over a mile from the scene of the slaying on U. S. 40 west of here.

Wells said St. John, a member of Camp Atterbury, Ind., since yesterday, admitted he shot Joseph W. Harding, 33, during a struggle in the car when he tried to roll the state official.

Harding was killed a short time after he left a farewell party for his retiring chief, Albert A. Waldman, Gov. Frank J. Lausche was reported commending Harding as successor to Waldman, who leaves today to assume a juvenile judgeship in Cuyahoga County.

The patrol said St. John started Harding picked him up as he hitchhiked on the outskirts of Columbus. St. John had two pistols, a .45 caliber and a .45 caliber he had stolen from a guard at a Camp Atterbury store last night yesterday morning, he told officers.

Harding stopped the car in front of a motel about five miles west of Zanesville and shouted, "Get out! This guy has a gun!"

Patrolman Wells said St. John was wounded in the leg during the struggle for the gun, Harding was shot twice, once in the head and once in the abdomen.

Firestone Hit By CIO Strike

CLEVELAND (U. N. —) The CIO United Rubber Workers union struck the big Firestone Tire & Rubber Co. throughout the nation today. Negotiators failed to reach a new agreement before a midnight deadline.

Union and company representatives talked for the first time early morning and scheduled another session today.

The strike involves 24,000 production workers in eight cities, including 10,000 in Akron, Ohio.

Most of the union locals went out on a hunger (local time) with the first walkouts reported at Akron, Pottstown, Pa., and Fall River, Mass.

The other Firestone plants are in Los Angeles, Noblesville and New Castle, Ind.; Memphis, Tenn.; and Des Moines, Iowa.

Union and company spokesmen continued a long-standing policy of strict neutrality on the progress of the negotiations.

While it never has given specific details of its demands, the union says they include a "substantial" wage increase and better benefits, also is seeking adjustment of what it calls inequitable wage rates for some classifications.

U. N. 'Convicts' Are Returned By Communists

Prisoner Exchange Enters Final Week

By STAN CARTER.

PANMUNJOM (U. N. —) One hundred and fifty Americans rode eagerly from Red captivity today, three of them men their buddies had feared would be kept in North Korean jails on money charges.

One returning prisoner said 45 more Americans sentenced only a month ago to prison terms were in the Red grouping center at nearby Kaesong awaiting release.

Freedom Americans have told of prisoners jailed by the Reds in late July when the armistice was signed on such charges as "instigating against peace." The sentences ranged from 1 to 3 years.

However, three who said they had been returned "convicts" came back in the Red group today. They were: Charles G. Guidetti, 32, Philadelphia; Sgt. Eugene R. Reilly, 21, New York City; and Sgt. Guy T. Vadaia, 22, Stoneham, Mass.

Reilly and Vadaia said they and other men in Camp 7 were told they were going to a "rehabilitation camp" because the Reds "were afraid, we would be a bad influence on the others."

They were taken to a separate camp near main Camp 7.

Finally, on Aug. 18, about three weeks after the truce was signed, they were told they would be repatriated.

Sgt. Gerard A. Francois, 23, of Jersey City, N. J., said 20 U. S. enlisted men and 15 officers have arrived in Kaesong after previously being sentenced by the Reds and told they would not be repatriated.

He said the 45 were told in Kaesong they will be freed—but only after everyone else.

However, Francois said the 45 were not all of the Americans being held back by the Communists. He said he believed a few still remain in Camp 5 at Pyokton, serving their terms.

The Reds had claimed a right to hold some prisoners on trouble-making charges, but U. S. and U. N. officials sharply warned them to free all alleged POWs who want to return.

Thursday's delivery brought the number of returned U. S. prisoners past the two-thirds mark with only one week of the POW exchange remaining.

Ten were officers and 10 were enlisted men.

LAST WEEK

The exchange, limited to 30 days by the truce agreement, begins its last week Friday, with 14 more Americans scheduled for freedom.

The Reds said they also would hand over 250 South Koreans, 40 British and 50 South Africans.

They now have returned 2,278 of 3,313 U. S. prisoners promised. Americans remaining in North Korean stockades include a large number of the POW exchange remaining.

1950 Psychiatrist's Report Called Killer Feeble-Minded

By ANN SAWYER.

Charlotte News Staff Writer Nurse Helen Swink might have added, since his department has been able to get a feeble-minded Negro juvenile in the institution at Goldsboro.

"When the taxpayer spends money for mental institutions, he is buying protection for himself as well as treatment for others," Mr. Kurall said.

With him in mind, the State Board of Public Welfare has recommended to the last two legislative sessions that appropriate money for the "care and training of feeble-minded Negro children."

"The problem is beyond the ability of any one parent to cope with," Mr. Kurall said.

Kurall's father was dead. His mother told the News that the young boy saw his father shot five times and killed in front of their home at 327 Billingsly Road, in Gresham.

Since that time, Kary appeared to be more unbalanced, although he had always been considered not quite as bright as the other Harris children.

His mother said that with the death of his father his actions became worse.

Because of his troubles, the Juvenile Court had him examined by a psychiatrist and later Harris was referred to a psychologist for a psychiatric report.

On one occasion Harris was removed from the home, but later returned by social workers in the absence of a better plan.

The records also show that young Harris went to the eighth grade in school, but was promoted only for social reasons and to keep up his spirits.

Bonn Government Says 16 E. Germans Executed

BERLIN (U. N. —) The West German government reported today that at least 16 East Germans have been executed as leaders of the June 17 anti-Communist uprising but said that its figures were only a minimum.

A survey by the Bonn Ministry of All-German Affairs said also that three rioters had been given life terms and 164 others had been sentenced to a total of 800 years in prison by the Red Tribunal.

The survey covered only "proved and documented" cases handed up to Aug. 12. Two more life sentences were reported this week, and the West has received reports that Communist satellites have carried off several hundred additional rioters to unknown fates.

The ministry said 10 prisoners known to have been executed were sentenced by Russian military courts in comment on the court-in-Halle-imposed a 17th death sentence—on former Nazi camp guard Ernst Born—but has never been confirmed that he was killed.

West Berlin authorities say 55 of their citizens still are among the missing since the June flood.

They claim 22 of these have been returned to Bonn.

Meanwhile, West Berlin's handouts of free American food for hungry East Germans resumed in high gear today after an 11-day slowdown for reorganization.

Once more thousands of East Germans eluded border controls and jammed the 17 food distribution stations to get the precious parcels of lamb, milk and flour.

Though the packages were given out to Soviet zoners from outside East Berlin during the layoff period, only some 200,000 parcels were claimed. WeAg officials believe many East Germans thought the suspension applied to everybody. They reasoned also that the Communist police would apply their travel restrictions more strictly to the smaller groups who frequently to cross into West Berlin.

Since the German-American can campaign for the East Germans opened July 27, the stations have distributed 2,800,000 food parcels. As other military packages now are ready for the stepped-up giveaway.

DEER WENT CAR HUNTING

Russia's Andrei Vishinsky raises his fist and looks over at U. S. Ambassador Henry Cabot Lodge Jr. (left) as he accuses the U. S. and its allies of acting like a "master race" during his speech before the 40-nation UN Political Committee. Referring to the 15-power resolution backed by Lodge, he accused the allies of trying to run through an ultimatum to the Reds on the Korean peace conference. Committee Vote Less Than Two-Thirds

U. S. Wins Victory In Korean Dispute

UNITED NATIONS, N. Y. (U. N. —) India failed today to win sufficient U. N. support to give her a seat in the Korean peace conference, but she received a majority of the votes cast in the 60-nation Political Committee, but fell short of the two-third majority required for approval by the General Assembly which acts tomorrow.

The vote was 37 for, 21 against, 11 abstaining and India not participating.

It was a victory for the United States, which had split with Britain and other Western allies over the issue and fought vigorously against India's voting.

The committee also:

1. Recommended seats at the conference for all the 18 countries who fought under the U. N. banner—if they desire to do so. The vote was 45-7, with 10 abstaining and India not voting.
2. Rejected a Soviet proposal that the conference be made up of six neutral countries and five "neutralists." The vote was 41, with 13 abstaining and India not voting.
3. The following countries supported the "neutralists": Argentina, Burma, White Russia, Canada, Czechoslovakia, Denmark, Egypt, Ethiopia, Guatemala, Indonesia, Iran, Iraq, Lebanon, Liberia, Mexico, New Zealand, Norway, Poland, Saudi Arabia, Sweden, Syria, Soviet Ukraine, Russia, Britain, Yemen and Yugoslavia.
4. Against India's motion, Brazil, Chile, China, Colombia, Costa Rica, Cuba, Dominican Republic, Ecuador, El Salvador, Greece, Haiti, Honduras, Nicaragua, Philippines, Panama, Paraguay, Peru, United States, Uruguay and Venezuela.
5. Abstaining: Argentina, Belgium, France, Iceland, Luxembourg, Netherlands, Philippines, Thailand, Turkey and South Africa.

The voting came after U. S. Ambassador Henry Cabot Lodge Jr. told the committee Russia's attitude, if persisted in, would threaten the Communist world.

Lodge also stressed he had picked the participants.

Against India's motion he had made any threat.

Lodge also struck back at Washington when he said that the United States was acting like a "master race" and was trying to force others to accept its views by ultimatums.

He pointed out that the American population was made up of

FENCE BUILT TO KEEP GIRLS FROM AIRMEN

PRINCEWITT, Scotland (A. P. —) A hot barbed wire fence has been put around a U. S. Air Force camp here—not to keep the men in, but reputedly to keep them out.

Several airmen have been commiserated for smuggling liquor to the Riviera coast town. But others complained the girls forced their way in at night.

The fence originally built after an anti-girl night patrol failed.
