#### UMT-THE LONG-RANGE ANSWER

In calling for another look at universal unit was well under way, upon battle-weary military training, with a view toward establishing it concurrently with the darfit. Pereindent Einenhower has suggested a realistic approach to the problem of ministinating and the construction of the problem of ministinating and the construction of the problem of ministinating and the construction. The case of the problem of ministinating and form of the problem of the

#### WHAT IF TAFT HAD BEEN PRESIDENT?

WHAT If the late Senator Taft had gained What GOP nomination, and had been elected President: What if an inexperienced and not particularly qualified man were being threat into the White House now? These haunting questions, posed by tha Ohlean's tragic death, give increased importance to two factors that must receive more attention in the selection of this nations. Presidential and Vice-Presidential actual candidates. First—and the major political parties even the selection of the political parties attending to this political the nation simply cannot afford to let geography and party harmony dictate the choice of Vice-Presidential candidates. The same standards applied to the No. 2 man.

#### A NATIONWIDE ATTACK ON SLUMS

Neither of the Vice-Presidential candidates in the last election were of Presidential timber. They had no, support as Pesidential candidates. The Warrens and Kelauvers were passed over in favor of Risno and Sparkman who would "balance the ticket".

Secondly, submission to the most searching of physical examinations ought to be required of every likely contoned for either office, with the results made public knowledge.

The stands of th

All this is to the good, and Charlotte can be proud that its reallors and City Tathers, working together, helped set the pattern for slum rehabilitation. But there is grim trony in the fact that Charlotte may be prevented by an unwieldly State law and an unen-thusiastic City Council from using that other weepon of alum clearance, urban redevelop-

#### THE MERCHANT AND THE MOTORIST

A RECENT SURVEY of the downtown of Commerce offers much food for thought of Commerce offers much food for thought of Chriotic city merchants.

The Chamber found, for one thing, that in many cities a relatively small percentage of curb parkers are shopping bound. Thus

The Chamber found, for one thing, that in many cities a relatively amall percentage of curb parkers are shopping bound. Thus parking band soft mean business decrease. Downtown parking band some recommendation of the parking band of the parking prohibitions sometime turn to complete support for the regulations when it is found that business does not drop off as anticipated." It's not hard to figure out the negligible depressing effect parking bans have on shopping, as well as traffic in general. A few hundred parked cars can slow up thousands of moving cars. Opening up two more lanes speeds traffic so more drivers can get to offstreet parking facilities, from which they walk for the stores—provided, of course, that there are enough offstreet parking facilities nearly.

be impressed with the inevitability and urgency of drastic changes in Charlotte's downtown parking procedures. New build-ings are going up in some of the few remain-

At any rate, more and more motorists are heading for the suburbs to do business that would go to downtown stores if it weren't so much trouble to get to them. The down-town merchant and property owner has a tremendous stake in the improvement of Charlotte's traffic flow.

### THE PLEASURES OF BLACKBERRYING

THE PLEASURES OF BLACKBERRYING

WE DO NOT CLAIM that a man looks forward to aday of blackberry picking with the same degree of enthusiasm that the feels for wild stareberries or wild, raspberries. But as the seventh month moves enlog, after the haying is done, the potatoes given their last spraying and the corn laid by, many countrymen begin to think of a day with a five quart fard pell and the big, just of each pel backberries on the hill above the maple supar grove.

One reason why some urban citteens don't understand a farmer's hankering for blackberry cobler, while cloud day, when the mountains are day great grove. One present while year that take to strip the dead ripe berries from heachberry cobler is that city dwellers don't have the superlative geodness of completely ripe blackberries. These have no relationship to the tasteless, crumbly, half ripe berries from the superlative geodness of completely repeated the result of the superlative geodness of completely repeated the superlative geodness of completely repeated the result of the superlative geodness of completely repeated the result of the superlative geodness of completely repeated the result of the superlative geodness of completely repeated the result of the superlative geodness of completely repeated the result of the superlative geodness of completely repeated the result of the superlative geodness of completely repeated the result of the result of the superlative geodness of co

During a bad electrical storm, the mother thought her young son would be frightened, so 'abe tipted into his room ready to comfort him. The boy, opened his eyes and mumbled, "What's Daddy doing with the television set now?"—Lamar (Mo.) Democrat.

**Korean Action Significant** 

# The U.N. Wrote World History

THE United Nations has been tested—and found

minotic of seen disputes. It is surviving, and gaining strength thereby, the theory of the UN in the Charter, drafted in the aroma of fictitious Soviet cooperation in San Francisco, rested on the theory of bignower unity. When that unity was exposed in all its emptiness, the UN was asyposed to become nothing actio—with more air than meeting, a voice without a body. It didn't.

It was got supposed to be able to take collec-tive action by force of arms against any big-power accression.

aggressor.

An of the came the North Korean-Chinese Sovietaded aggression upon South Korea. Sloscow was confident the UN would be so timil, so scared to the control of the

talk that it would asphyxiate user.

It acted: Moscow was left gaping and gasping.

And thus at the signing of the truce this week

President Eisenhower was able, in his broadcast to

America and to the world, to pronounce what may

prove to be one of the precious verdicts of history:

#### Challenge Of Aggression Met

Challenge Or Aggression Met

"QOLDIERS, auliers, and airmen of sixteen different countries have sleed as partners beside us
trough these long and bitter months. America's
hanks go to each. In this struggle we have seen
the United Nations meet the challenge of aggression—not with pathetic words of protest, but with
deeds of decisive purpose."

Let us not pretend that this defense of Korea
us in itself a great and powerful initiative by
the seen of the protection of the contributions of the contributions of the contributions of the contributions of manpower and material were not
relatively substantial—though their fighting was
valorous.

#### Red Adventure Didn't Pay Off

Red Adventure Didn't Pay Off

A GGRESSION not only has been rendered unsupcessful, but the aggresse has leat territory and
path heavily. Economically useful and militarily
valuable areas have miled. The chieses and North
Korean forces have sustained something near to
200,000 causualities, and the North Korean Army is
virtually non-existent. Aggression has not paid.
"The tragic results," says Mr. Dulles, will
surely be pondered by other potential noninees for
aggression-by-adelitie.

"All free nations, area of small, are safe

## No Senator Worked Harder Than Strong-Willed Bob Taft

By JAMES MARLOW

WARINGYON
ANYONE WHO ever sait in the Asenate gallery and watched senate gallery and watched sen. Taft at work—and it made to say 175,000 and the Natia were observed to the construction of difference whether you agreed with people whose views he represents are lucky to have him fighting for them.

In his 15 Senate years no one worked harder or more earnestly there for what he believed than 17 the believed represented the views of many millions of people. Not necessarily always the same people. But always many millions of nany issue.

In those years, perhaps the many people. But always many millions of nany issue.

In those years, perhaps the many people. But always many millions with the desire of the people where the people was an interest of the people where the people was an interest of the people was an interest people was an inte

### Robertson Soothed Rhee By Listening Merry-Go-Round

mer. Robertson wooed him largely by listenty. He let the aged president of Korea
ur his heart out.
"The old man is a great patriot," Robtson confided to friends. "Stubbern, yes,

#### Sore At Army

"WHEN I first met President Rhee it was in company with General Mark Clark, at which time Rhee exploded: "You charge me with being a violator. Just what have I violated?"

have I violated?"

However, instead of table-pounding, Robertson sat and listened.
"I listened to Dr. Rhee for days at a time. Finally I brought him 'round to the idea that the way to obtain the unity of Korea was to continue with the United States, not commit his country to national suicide."

What China Wants

trace Access unity for these oligar ob-petitives.

The problems for the U.S.A., and this is the chief reason Robertson is flying back to Tokyo and Seoul with Secretary Dolles.

"The barren hills of North Korea mean little to the Chinese." Robertson Told the Chinese with the Chinese was no asso-lous to sign a truce; also why our prob-lems are just beginning.

"The Western trade embargo is aften-tion, the control of the control of the con-trol of the control of the control of the want to get rid of it. Also they want a seat on the United Nations Secur-
