

Russian War Heroes 'Head Red Army'

MAYBE YOU WON'T REMEMBER when an afternoon like this was better than ice cream, more fascinating than a day off from school and more exciting than a Saturday movie. But to this youngster it is a heaven.

Perched on top of a box, this Charlotte youngster is a sidewalk superintendent as he glances at the eyes of bulldozers and road scrapers at work on the new hospital Dr. and Memorial Hospital.

Two Structures Near Completion

Plants Raising U235 Output

OAK RIDGE, Tenn. — The Paducah, Ky. A third facility is nearing completion now under construction near Portsmouth, Ohio, will add substantially to our U235 output. The three installations produce U235 for what is called the gaseous diffusion process. This is a method of separating fissionable U235 from one billion dollars, are additions to existing installations here. The Atomic Energy Commission

Military Pact May Follow Trade Treaty

Russian Satellites Falling Into Line

By EDDY GILMORE
LONDON — The Soviet Union has given strong indications recently she is planning to set up an East European security system in answer to the West's North Atlantic Treaty Organization. It is believed that Marshals Georgi Zhukov, Vasily Sokolovsky and Konstantin Rokossovsky—old Soviet World War II heroes—are now working out details of the new alliance. They also are expected to play leading roles in the military organization. The Soviet Union and its satellites have signed mutual assistance treaties and trade accords. But as far as is known, Red East Europe has no formal interlocking military alliance placing war resources under a single command. The Soviet Union's current propaganda line is practically spelling out the Kremlin's plans, which they believe will materialize at a conference Nov. 29.

HOGS TO GET BETTER CARE IN MAN'S HOME

CHICAGO — (AP) — Hal White has brought three hogs right into his home to give them entry for competition in the International Livestock Show.

The three Tamworth barrows are in his home in the Beverly Hills residential district on the Far South Side. Two years ago when White had some hogs in his back yard neighbors complained to the health department and the pigs were moved to a nearby farm. "A man's home is his castle," White said. "You can do anything you want in your home as long as it's not immoral." The livestock show opens Nov. 27.

Censure Vote Seen Sooner Or Later

By JOHN CHADWICK WASHINGTON — Sen. Morse (Ind-Ore) said today that a resolution to censure McCarthy (R-Wis) would be refiled in the next Congress if necessary but that "the American people are going to demand a vote" by the present Senate.

"This issue, in a sense, is out of the hands of the Senate," Morse said in an interview. "The people are demanding that the members of the Senate stand up and be counted" before the Dec. 21 adjournment deadline previously set by Congress. Morse, who bolted the Republican party during the 1952 presidential campaign, is one of the three senators who filed 40 charges considered by a special bipartisan Senate committee that unanimously recommended McCarthy be censured. A friend of McCarthy's, Sen. Mundt (R-S.D.), likewise indicated in a separate interview he expects the censure issue to crop up in the next Congress if this one doesn't act. But he predicted a vote within a week or 10 days after the Senate reconvenes a week from Monday. "I'd think from McCarthy's viewpoint he would be glad to get it washed out," Mundt said. "If it isn't, it will just be reactivated at the next session." Sen. Watkins (R-Tah), chairman of the special six-member committee which recommended censure, said he "wouldn't speculate" on whether the censure resolution would be reintroduced in the next Congress if the Senate failed to act on it before adjournment. "I think the Senate will get to a vote," Watkins said.

Work Report To Be Issued

WASHINGTON — President Pierre Mendes-France and Secretary of State John Foster Dulles will meet today on a communique that may show the extent of agreement they reached during the French leader's week-packed visit.

In his public statements, Mendes-France already has said many things that would seem to indicate he is in accord with Dulles on whether the censure resolution would be reintroduced in the next Congress if the Senate failed to act on it before adjournment. "I think the Senate will get to a vote," Watkins said.

West Pushes For Atomic Plan Approval

By TOM HOGE UNITED NATIONS, N.Y. — Rejecting an 11th hour Indian bid to widen talks on President Eisenhower's plan for a peaceful international atomic program, Western sponsors pushed today for final acceptance of the program.

Some Western diplomats predicted the 60-nation political committee would vote the plan unanimously, possibly Monday. India's V. K. Krishna Menon blocked committee attempts to reach a vote last night by demanding an opportunity to speak Monday on the seven-nation resolution endorsing the program. The resolution has been virtually assured of Soviet support. Menon first caused a stir by suddenly tossing in an amendment to increase the circle of nations taking part in negotiations to set up an international atomic energy agency.

HIS WARM WELCOME COOLED OFF

WEST WARWICK, R. I. — Richard was welcomed by the all-Democratic town council with something less than his usual enthusiasm.

Richard, a deputy sheriff, was greeted with smiles—and he produced subpoenas for all five councilmen to appear in a superior court action brought by an association of filling station operators.

HE KILLED TIME UNTIL COURT SESSION BEGAN

PARIS — (AP) — Abou Baou, 31, came to Paris yesterday to appear in court on a theft charge. He arrived a half day before his date with the judge—and that was his downfall.

Early this morning a policeman whistled Baou down for driving without lights. Baou could produce a driver's license, but no papers indicating he owned the car. He finally admitted he had stolen it. "It was like this," he said. "Having several hours to pass in the capital before going to court, I killed the time by swiping a car."

Nationalist, Red Planes Mix It Up

TAIPEH, Formosa — Chinese Nationalist and Communist warplanes traded air blows today in the area of the Tachen islands, Nationalist outpost 200 miles north of Formosa.

The planes escaped under fierce anti-aircraft fire. The Ministry said Nov. 1 when the Reds bombed the Tachens in their first air attack on Nationalist territory. Developments since then apparently have convinced the Nationalists the Reds are planning a series of aerial strikes that began Nov. 1 when the Reds bombed the Tachens in their first air attack on Nationalist territory.

55 In Hospital After Feasting

WASHINGTON — Fifty-five persons were hospitalized last night after eating barbecue here. An estimated 250 others of the 2,200 at the barbecue were made ill by food poisoning but were not hospitalized.

All but four persons were released today from the Taylor and Fowle hospital here. Dr. L. E. Kling, Beaufort County health officer, said the poisoning was caused by bacteria similar to those from a cold or an infected sore. The barbecue was prepared by eight or ten barbecue establishments in this area.

Knowland Says China Islands Must Not Fall

Importance To Asian Situation Is Told

By JACK BELL WASHINGTON (AP)—Sen. Knowland (R-Calif.) said today the United States "must not permit" Nationalist-held islands off the China coast to fall to the Communists, lest this open the way for a Red assault on Formosa.

Knowland, the Senate Republican leader, spoke out in an interview after the official Chinese Nationalist News Agency reported yesterday the Reds have moved a paratroop division into possible for possible attack against Nationalist outposts off the coast. The Californian said he does not believe this country can brook any Communist advance into the Pacific.

"We should continue to give logistical support for Quemoy and the other islands," he said. "But if it should develop that the Communists are mounting a major effort to take out the islands, we must not permit them to fall."

"Any movement of the Communists out into the Pacific would not be to the advantage of our interests. Theoretically, of course, the loss of the islands would advantage the Communists would gain all over the world would be to their benefit."

Knowland said he felt that if the Chinese Communists were aware this country would fight to defend the offshore islands they probably would not attack. President Eisenhower and Secretary of State Dulles, while making no mention of the islands in their plan it is administration policy if necessary, have not been clear on this point as regards the offshore islands. The matter reportedly has been the subject of some argument within the administration.

The GOP Senate leader said there had been suggestions—though he didn't say from where—that the Nationalists withdraw from the smaller islands to consolidate their forces on Formosa. But Knowland believed this would lead to eventual loss of Formosa itself. Knowland said he believes Nationalist defenses would make any "a tough nut for the Communists to crack."

Dutton Is Named Ervin Secretary

WASHINGTON — Sen. Ervin (D-N.C.) announced today the appointment of Harry T. Dutton, former Stateville, N.C., newspaper editor and radio man, as his secretary.

Dutton has been administrative assistant to Sen. Lennox (D-N.C.), who returned today to private law practice at Winston-Salem. Jack Stank of Greenville, N.C., will remain as Ervin's administrative assistant.
