

Bank Robbers Escape After Dropping Loot

SEATTLE (AP)—Three bank robbers who shot their way through a police trio, killing one and wounding two others, were the objects of a virtually clueless search throughout the Pacific Northwest today.

The policemen never fired a shot yesterday morning as they were cut down by the three men who had just finished robbing the Greenwood Bank of \$87,700-\$90,000 of which they dropped in their getaway.

The bandits, wearing horn-rimmed spectacles and false noses which some bystanders first thought were part of a joke, entered the bank at 10:40 a.m.

An employee pressed a concealed alarm bar with his foot and three policemen in one-man patrol cars responded—their sirens screaming as they neared the bank.

ALARM SOUNDED
"George, somebody's sounded the alarm," one bandit shouted as he ran toward the front lobby. Police Sgt. Howard Slesman, shotgun at his side, was running through the outer door. The bandit fired and Slesman fell, a bullet wound in his neck.

As Slesman fell, Patrolman Frank W. Hardy, 29, arrived and jumped from his car, running toward the parking lot on the east side of the bank. A second bandit fired through a window, hitting Hardy in the head. He dropped to the sidewalk, mortally wounded.

HIT IN CHEST
The third officer, Vernon R. Chase, arrived just as two of the gunmen broke through a side door. One fired quickly and Chase was down a few feet from his car, a bullet wound in the chest.

The third kicked out a plate glass window and jumped through. He dropped a sack containing \$90,800 as he fled.

The robbers' getaway automobile was found later, a few miles away, its motor still warm and its caliber bullet on the front seat. No further clues of real importance have been uncovered, police officials reported late last night.

Mossadegh's Aide Caught

TEHRAN, Iran (AP)—An official source said Iran's fiery Nationalist former Foreign Minister Hosein Falemni, on the "most wanted" list since the overthrow of the ex-dictator Mohammed Mossadegh last fall, was arrested today in a Tehran suburb.

Falemni, 38, fled into hiding during the bloody Royalist coup which overthrew the Mossadegh regime Sept. 19. He first was reported to have been killed by an angry mob, then later was said to have escaped to Egypt or Syria.

But Premier Gen. Fazlollah Zohabi, who led the anti-Mossadegh coup, has said all along he believed Falemni was hiding somewhere in Tehran.

Falemni was No. 1 aide to Mossadegh in pushing through Iran's nationalization bill which seized the country's rich petroleum industry from the British. His former boss already is serving a three-year solitary confinement sentence on charges of treason.

2 Americans With 32 Lost In Crash

SINGAPORE (AP)—A BOAC Constellation airliner crashed and burst into flames on landing at Kallang Airport here today, killing 32 of the 49 persons aboard. BOAC officials said two Americans and one Canadian were among the passengers.

The Singapore Standard said the Americans were believed to be Vice President Grant F. Olson, of the W. A. Shaeffer Pen Co., and Michael Shaolin, Far East supervisor of Warner Brothers.

The big four-engine plane, operated by a British Commonwealth company, was coming in from Jakarta, Indonesia, where it had stopped over on its regularly scheduled flight from Sydney, Australia, to London.

It crashed at the end of the runway after skimming over rooftops on a normal approach for the landing. Flames enveloped the plane and roared out of control for more than an hour.

Nations Condemn Communist Action

CARACAS, Venezuela (AP)—The 10th Inter-American Conference today voted overwhelmingly to condemn the activities of the international Communist movement as foreign intervention in American affairs.

The vote on this key section of the U.S.-sponsored anti-Communism resolution was 17-1 with only Guatemala, Mexico and Argentina abstained.

U. S. Secretary of State Dulles virtually assured of a major diplomatic victory in getting approval of an anti-Red resolution, planned to leave for Washington this afternoon.

A majority of the nations meeting here threw their support to the Dulles proposals for united action to prevent international Communism from gaining a foothold in the Americas.

Some, however, demanded amendments to the U. S. draft resolution which would spell out more specifically a guarantee that this would not permit intervention by the internal affairs of any one state.

Guatemala, accused by U. S. officials in Washington of being Communist dominated, has fought a bitter, long battle against such a declaration by the conference. Communist representatives here urged their government to un-dermine Red influence and claim they are fighting for democracy.

The Red issue has been debated heatedly in the political-judicial committee of the conference for a week. Dulles led the fight for passage of his resolution calling on American states to take joint action whenever any one of their number falls under international Communist influence.

Reds Driven From Supply Line
HANOI, Indochina (AP)—French Union troops, backed by tanks and a mighty artillery barrage, today routed Vietminh troops blocking France's vital north Indochina supply line.

Sweeping into the heart of the Red River Delta last night, the French blasted five kilometers of the mainline railway linking Hanoi with the coast. They also blew up bridges and captured, burned and destroyed many watchtowers and small forts along the route.

The 64-mile railway and road network also threatened to cut off the highway, over which about 6,000 French supply trucks move each day.

The rebels put up heavy mortar.

Accusations Fly In Row With Army

By JACK BELL & G. MILTON KELLY

WASHINGTON (AP)—Vice President Nixon states the case for the Republican administration tonight in a radio-television address before a family fight rages within the GOP over Sen. McCarthy (R-Wis.) and some of his investigative aides.

Yesterday McCarthy bitterly prosecuted Army Department officials had attempted to "blackmail" his investigations subcommittee into dropping a probe of the Army. He made public a document that represented Secretary of the Army Robert T. Stevens as trying to divert the group's attention to a search for wrongdoing in the Navy Air Force and Defense Department.

Stevens and John G. Adams, the Army's general counsel, retorted that such accusations were untrue. McCarthy had said Adams told him several months ago a report embarrassing to the subcommittee would be made public unless an investigation of the Army were called off.

REP. DEMANDS
Before the day was over some Republicans as well as Democrats in the Senate were demanding in writing the truth in the crossfire of accusations.

Nixon had been designated last Monday to deliver the party's reply to criticism by Adlai E. Stevenson, the 1952 Democratic presidential nominee. One of Stevenson's thrusts was a description of the GOP as "half McCarthy and half Eisenhower."

Nixon said he will "not dodge the issues" in tonight's speech, which will be carried at 10:30 p.m. EST over CBS television and radio networks and those NBC radio stations which carried Stevenson's attack a week ago.

The explosion that again shattered the peace between Stevens and McCarthy came when Senate sources yesterday made public an Army report saying efforts were made to get special treatment for G. David Schine, an unpaid consultant to McCarthy's subcommittee, after Schine was inducted last November as a private.

The report cited instances when committee agreed yesterday that a conference of American finance ministers later this year, scheduled in Washington, take up the mutual economic affairs conference members.

To most of the Latin American delegations attending, these problems are more pressing than a resolution against communism. Their demands for U. S. economic assistance—and for guarantees of good prices for the raw materials they export to the United States—were met by the conference.

Dulles already has made at least two public explanations of U. S. economic policy, emphasizing that the best answer to the economic needs in Latin America rests with private investors—both domestic and foreign—rather than the United States.

A man who is sure nothing can be done because he has done nothing.

Czechs Charge Violation By U.S. Aircraft

MUNICH, Germany (AP)—Two American Navy carrier-based planes were attacked by a Communist MIG near the Czech-German border yesterday, Czechoslovakia charged immediately that the planes had violated the frontier area over which they were flying.

The Navy said one of the two American propeller-driven planes was damaged but both pilots jumped to safety in the Czech-German territory. Clouds covered much of the frontier area over which they were flying.

EARLY ANNOUNCEMENT
Before they did, the Red government of Czechoslovakia had announced over the Prague radio that it had lodged a formal note of protest with the U. S. Embassy charging the planes had entered its territory at Domazlice in the early afternoon and flew as far east of Jachymov — one of the Soviet world's most important producers of atomic energy raw materials.

The Czech broadcast said one of that country's jets intercepted the American aircraft and demanded that they follow it to a landing in Czechoslovakia.

"However, the American planes refused to follow this demand and attacked the Czech plane," the Prague radio report claimed. "The Czech plane then used its weapons in self-defense."

Attack Held 'New Evidence'
OMAHA (AP)—Gen. Alfred M. Gruenther, supreme Allied commander in Europe, says yesterday's attack on the U. S. plane by a Soviet-Viet aircraft near the German border gives new evidence of Russian hostility to the west.

Gruenther, a native Nebraskan, spoke last night in connection with Omaha's centennial observance.

"A Soviet propaganda campaign is now there is no danger," he said, was belied by the attack.

"There is no new look by Molotov," Gruenther said, adding it would be a "tragic error" if Western Allies to relax their vigilance during a "long period of uneasy truce."

The NATO commander cited long range strategic air power as a very strong deterrent to aggression.

Gatling Declines Race For Congress

Judge Willard T. Gatling of the Mecklenburg Juvenile & Domestic Relations Court, said today he will not be a candidate for the Democratic nomination for Congress in the 10th District.

He said he had considered the matter and had decided he "will not run at this time," indicating that he may run for the office another year.

His added he "was confident a good man" will soon announce his candidacy.

Judge Gatling made his announcement following a report and conjecture that he would seek the seat now held by Charles Raper Jones, Republican of Lincoln.

HIS STATEMENT
"This is the statement he gave. The news: 'This is a very important decision to a man of my means and age and I have decided I will not run.'

"I would not be surprised if I did not run later. This is an opportunity for the Democratic Party and I am confident a good man will announce soon."

Judge Gatling's decision today runs counter to the only Democratic candidate in the race.

MAMA GETS YUKS FROM SON'S COURT

DALLAS (AP)—Justice of the peace Glenn Byrd says he has installed a tape recorder in his court so he can play back proceedings for his 74-year-old mother.

"Mother gets quite a kick out of me telling her about things that happen in court," the judge said yesterday. "Now I can make a record and play them over for her."

OUR WEATHER
Cloudy today and tonight. Cooler today but little change in temperature tonight. Clearing and colder tomorrow.

Low temperature this morning, 43 degrees.
Low temperature expected tonight, 50 degrees.
High temperature yesterday, 63 degrees.
High temperature expected today, 56 degrees.
Sunrise 6:37 a.m.; sunset 6:29 p.m.

Malenkov Hits At Cold War

LONDON (AP)—Soviet Premier Georgi Malenkov said last night Russia "takes a strong stand against the policy of a cold war" because this policy is preparation for a "world slaughter" that would destroy civilization.

Malenkov said in a speech before a Parliament seat in next Sunday's one-party elections, Malenkov said:

"We stand for peaceful economic competition of the Soviet Union with all capitalist countries, including, of course, the United States. The Soviet government is consistently following the view that any controversial question of today, difficult as it may be, can be solved by peaceful means."

"It is generally recognized," he said, "that 1953 brought some easing of world tension." He said the Soviet government "stands for a further reduction," and it is only a "myth" that she plans aggression.

A third world war, "with the existence of modern means of destruction, would mean destruction of world civilization," Malenkov declared.

He charged that the Western countries "approach a solution of important international issues as a close military group which values aggressive strategic considerations uppermost."

This, according to Malenkov, is the main point blocking better East-West relations.

The Soviet leader, an unopposed candidate for the Supreme Soviet addressed a meeting in the Lenin gradsky constituency of Moscow.

Turning to domestic issues, Malenkov claimed the national income last year was more than twice as large as before World War II, and workers' real wages had increased 38 per cent the last four years.

Snow Replaces Dust Storms In Midwest

By THE ASSOCIATED PRESS
A snowstorm moved northeast out of Colorado and Kansas today, setting down clouds of dust that had reduced visibility to zero in parts of five states. The blizzard dumped up to 10 inches of snow in its wake.

As the storm progressed, winds that had buffeted the Plains States with gusts up to 100 miles an hour diminished slowly. But still borne by a howling wind and accompanied by lightning lashed Grand Rapids, Mich.

Nebraska bore the brunt in the early stages as the storm substituted snow for dust in its drive across the midcontinent.

Snow to depths of 10 inches was reported at Chadron in western Nebraska. The Northwestern Bell Telephone Co. reported 1,500 long line circuits out in Nebraska, Iowa and South Dakota. It said 3,000 farm phones were out of service in the three states.

DIXIE COLDER
In Kansas City, the Weather Bureau said the storm would move northeast through Iowa and Minnesota into Wisconsin and Michigan, and eastward out of Oklahoma and Texas. The weatherman said some rain was in prospect north of a line extending roughly eastward from St. Joseph, Mo., northeast of St. Louis to Cincinnati. He said falling temperatures were in prospect for the South as warm air gave way to cold.

High winds continued to buffet Missouri last night, fanning dozens of forest fires, some covering more than 500 acres each.

The State Conservation Commission said it would send out more fire wardens.

Five Persons Die In Blaze

NEW LONDON, Conn. (AP)—A dingy apartment in a blighted area went up in flames here early today, killing five persons.

Nineteen escaped, some through the heroism of off duty sailors from the nearby U. S. Navy submarine base.

Sailors flocking to the scene from New London's night spots, closing at just about the time the fire broke out, aided firemen and policemen in catching men, women and children who dropped from second and third floor windows.

None of the occupants, all living above the street level, escaped through normal exits.

The dead: Mr. and Mrs. Paul Sawicki, each about 40, occupants of a second floor rear apartment. Mrs. Gertrude Ortiz, 27, and her daughter, Olga, 4, in a third floor front apartment. Mrs. Amelia Pina, 34, also a third floor occupant.

Before she died, Mrs. Pina announced her three children, Roger, 10, Jacqueline, 15, and Haginico, 17, and her brother-in-law, Haginico Pitt, 40. All jumped into the waiting arms of rescuers.
