Colonel Rules Guatemala

Rebels Spurn New Regime

TEGUIGIGALPA, Honduras (U. S. Press)—The anti-Communist rebel radio said today "we do not recognize the new Guatemalan government of Col. Carlos Enrique Diaz."

It warned insurgent war planes will launch a "general attack" on military targets in Guatemala City if the rebel conditions for peace are not met.

The clandestine insurgent radio heard here said Col. Diaz would have until 8 a.m. CST to reply to the rebel radio. It was still repeating the warning at 8:20 a.m. The Guatemalan government radio was broadcasting music at 8:20 a.m.

The rebels declared, "We fight a system, not a man," and said the same seven conditions "for peace and order" which they broadcast last Saturday still stand.

The rebels Saturday urged the army to form a military junta, arrest Jacobo Arbenz Guzman, then president, and "all other Communists" and join the rebels in forming a new government. Arbenz quit last night and Diaz took over as head of a ruling junta.

The insurgent war planes this morning said if their conditions are not met.

"Our air force has its precise instructions for today," it said.

"1. A general attack on all military bases in Guatemala City and in particular." (This target was not identified.)

The "Liberation radio" called on the rebels Saturday urged the army to form a military junta, arrest Jacobo Arbenz Guzman, then president, and "all other Communists" and join the rebels in forming a new government. Arbenz quit last night and Diaz took over as head of a ruling junta.

Agreement On Indochina Seen

By EDDY GILMORE

GENEVA (U. S. Press)—A high Western source said today there appears to be "a good chance" that the West and the Communists will agree soon on the commission of an international armistice supervisory commission for Indochina.

The question of the commission's composition and its powers has been argued and debated for weeks in the Geneva conference. The Communists and particularly the Soviet Union, insisted at first that the two Communist states of Czechoslovakia and Poland be included in a four-member commission. The West rejected this idea.

The Western informant said the most likely compromise appeared to be a commission composed of India, Ceylon, Burma, one Communist country and one European neutral.

This Western source said it was based Sweden would be the European neutral. Sweden, however, has joined with Switzerland to complain about obstructive tactics of Czechoslovakia and Poland in a similar commission now operating in Korea and might turn down the invitation. In this event, it was said, an effort would be made to persuade Norway to accept the job.

POLICE HAD NO TROUBLE FINDING MAN

SHELTON, Conn.—(U. S. Press)—Lionel Adams, 23, of Southbury was paged at a movie theater here last night.

He left his seat and went to the lobby where he was met by state policeman Glen Thomak. Thomas took Adams to the state police barracks and booked him on a charge of stealing a rowboat. He was released in \$300 bail.

Jordan Charges Attack By Israel

JERUSALEM (U. S. Press)—A Jordan broadcast heard here today said a "great force" of Israeli soldiers armed with mortars crossed the Israeli-Jordan border near Kakiyeh last night and attacked an Arab Legion base. It said four legionnaires were killed and several injured.

An Israeli army spokesman admitted the crossing but said only a "small" Israeli unit was involved. He said the unit strayed across the border by mistake and one Israeli soldier is missing.

Like, Churchill To Push Southeast Asia Plan

Indochina Truce Would Not Halt Program

Top Allied Leaders Issue Communique

WASHINGTON (U. S. Press)—President Eisenhower and Prime Minister Churchill declared today they will "press forward with plans for collective defense" of Southeast Asia regardless of whether peace negotiations for Indochina are successful.

In a communique, they also expressed "conviction that further delay" in the creation of a European Defense Community and granting of sovereignty to West Germany "would damage the solidarity of the Atlantic nations."

This was a nod for France to get on with ratification of EDG.

On another major point, the American and British leaders jointly declared that "both our countries would benefit" from "technical cooperation" on atomic energy to the fullest extent permitted by United States law.

First Statement

The communique was the first formal statement out of the four-day round of talks here on British-American policy differences.

It left unanswered the critical question of when an international

conference to create a Southeast Asia anti-Communist alliance might be called.

This has been a major issue with Britain wanting no such definite action pending a conclusion of present French efforts to negotiate peace in Indochina. The United States on the other hand desired quick action. The communique appeared to bear out reports on continued disagreement by failure to report any agreement.

"We are both convinced," the communique said, that if at Geneva the French government is confronted with demands which prevent an acceptable agreement regarding Indochina, the international situation will be seriously aggravated."

This was one of three terse paragraphs.

Rain Still Pouring In Texas

Helicopters Rescue Flood-Stranded

LANGTRY, Tex. (U. S. Press)—Fourteen helicopters shuttled through rain-laden skies to rescue stranded train passengers today and still the rains poured on South Texas.

The traditionally lazy Rio Grande, which flows through the semidesert land of South Texas, separating Mexico from the United States, broke its banks today.

The Weather Bureau said the river was headed for its greatest flood in history.

It spread into the low-lying river-

Billy Graham In Hospital

FRANKFURT, Germany (U. S. Press)—American evangelist Billy Graham, who got up from a sickbed to preach to 75,000 Germans in Berlin, entered the U. S. Army hospital here today for a medical checkup and treatment.

The 35-year-old North Carolinian flew to Frankfurt from Berlin this morning.

Graham's press spokesman said, "He's getting along fine and it's nothing serious. We hope to be able to fly to Paris tomorrow."

Graham is scheduled to conclude his European tour here Wednesday.

Judge Says Pegler Labeled Reynolds

NEW YORK (U. S. Press)—Federal Judge Edward Weinfeld told a jury today that columnist Westbrook Pegler clearly had labeled Author Quentin Reynolds in a 1949 column. He said Reynolds was entitled to damages.

It will be up to the jury to determine the amount.

The judge made the statement in a 90-minute charge to the jury in the \$500,000 libel action against Pegler, the Hearst Corp. and Hearst Consolidated Publications, Inc.

"That column read in its entirety, is as a matter of law, defamatory," said Weinfeld in winding up a seven-week trial.

Earlier he had explained that anything was defamatory and li-

Heat 'Freezes' Draw Bridge Open

JACKSONVILLE, Fla.—(U. S. Press)—The temperature was so high hereabouts yesterday the Doctors Inlet drawbridge span expanded in an open position and would not close for 45 minutes.

Traffic lined up in both directions over the St. Johns River about 15 miles from here while bridge tender James Tyre went underneath with a hammer and chisel.

Then scores of volunteers helped push it shut.

The thermometer registered 101 here.

Chou, Nehru In Agreement

NEW DELHI, India (U. S. Press)—Prime Minister Nehru of India and Premier Chou En-Lai of Red China called jointly today for an Indochinese political settlement creating free states "which should not be used for aggressive purposes or be subjected to foreign intervention."

A communique issued after Chou's departure for Rangoon, Burma, made no mention of an armistice in the Indochina war. This seemed to indicate that they took it for granted that armistice would be achieved there soon.

French Premier Pierre Mendès-France has promised his people use by July 20.

The Chinese Premier plans to spend two days in Rangoon for talks with Prime Minister U Nu before pushing on to Peiping.

The three-day visit to India left stern-faced Chou well entrenched with Prime Minister Nehru's government.

Former Red Reverses Stand, Testifies Freely

WASHINGTON (U. S. Press)—Francis X. P. Crowley, one of nine persons cited for contempt for refusing to testify about Communist party connections, reversed his stand and testified freely before the House Un-American Activities Committee.

Crowley, a 28-year-old New Yorker and one-time University of Michigan student, appeared voluntarily and told about his Red activity in New York, Boston and Ann Arbor, Mich.

He said a Catholic priest advised him to "tell the full story."

And he said his "conscience" dictated his change of attitude, rather than the decision of the House May 11 to send his case to the Justice Department for prosecution.

"I no longer believe in it," said Crowley of communism.

"I see no reason for suffering a penalty for something I don't like. I see no reason for me to be a scapegoat for something I don't believe in."

A year ago Crowley refused to testify about his 1946 membership in the Red Connolly Club in New York or a 1947 connection with the West End Club of Boston.

Today he testified that he had been recruited for Communist-endorsed candidates in these cities. And he added, he went to Ann Arbor to resume his studies and

Ex-President Little Better

KANSAS CITY (U. S. Press)—Former President Harry S. Truman was later on a hospital report this morning as "a little improved but still in serious condition."

The report, noted at 9:30 A.M. said Truman spent a restful night. He underwent an operation for removal of his gall bladder and appendix eight days ago.

This report was made before the 79-year-old former chief executive was examined this morning by his personal physician, Dr. Wallace A. Graham.

A hospital spokesman said earlier Mr. Truman went through the critical stage Saturday night but showed improvement yesterday and "had a satisfactory day."

Robert Adams, acting Administrator at Research Hospital, said Mrs. Truman was "definitely not" planning to stay at the hospital day and night when asked by newsmen.

Mrs. Truman has been staying at the Truman home in Independence between hospital visits.

Adams said Truman's complications over the weekend were secondary and not the direct result of the emergency operation.

The Southern Pacific Railroad's feet puts it out of its banks. Its previous highest in history was 35.5 feet in 1932. Del Rio is about three miles from the river bank and has a population of 14,211.

Eagle Pass, with a population of 7,276, and 35 miles downstream from Del Rio, was in more danger. The town itself is only about a hundred yards from the river. The Rio Grande there was up to 42.8 feet today and was expected to crest at 50 feet tonight. Its previous high was 49 feet in 1932.

New cloudbursts in the ranch and vastland above Del Rio overnight sent the river coursing.

Seventy Pullman passengers were evacuated by helicopter before midnight yesterday. Weary but glad to be safe—the kids jumping with the excitement of a "cop" ride—the evacuees went into Del Rio for a hot meal at the hotel last night and were sent by train to San Antonio and on to their destinations.

GIVEN FOOD

The helicopters flew a thousand pounds of food to the 198 passengers still left on the train. Many of them were doctors returning from the American Medical Assn. convention in San Francisco.

The Rio Grande at Del Rio, 60 miles down the river from Langtry, was at a record 40 feet this morning and still rising. Sixteen

EVENING PRAYER

Set us free, O God, from our dread of sacrifice and self-denial. Loose us, we pray, from our indifference to human need, and help each of us to find the larger life which comes to those who lose themselves in Thee and in the service of mankind. For the Master's sake. Amen.
