

Polio Experts Study Future Of Inoculations

Delay Or Go Ahead Nod Waited

WASHINGTON (AP)—A government-sponsored meeting today may provide the anxiously awaited word on when the program of inoculation gainst polio can get off dead center.

Government scientists and representatives of firms making the Salk polio vaccine assembled to study evidence which may lead to (1) clearing the existing supplies or (2) added time-consuming tests which might further delay clearance.

The group will advise Surgeon General Leonard A. Scheele, who will make the final decisions—"as soon as possible," he promised.

GO OVER FINDINGS

Scheele said the session was called to go over the findings turned up by health service inspectors in a plant-by-plant study of testing and manufacturing processes. A health service spokesman said Dr. Jonas E. Salk, the vaccine developer, has sat in on previous discussions, had sent word he could not attend today.

A halt in the program was recommended 15 days ago. Since that time, the U. S. Public Health Service has cleared the vaccine previously distributed by two makers, but much of that has been used.

The Senate Labor and Public Welfare Committee, meanwhile, arranged to meet in closed session to consider various proposals for federal controls over manufacture and distribution of the vaccine.

STAND BY LAW SEEN

The Eisenhower administration had said there is no need for such a program although it might foresee the committee would approve a standby control bill.

Chairman Hill (D-Mo.) said over the weekend he hoped the committee could complete work in a few days on a bill under which the President could "absolutely control the distribution" of the vaccine in the event black markets or any other unforeseen factor should develop.

Chairman Priest (D-Tenn) of the House Commerce Committee announced plans to start hearings Wednesday on Eisenhower's request for 28 million dollars to assure program plans to start hearing whose families could not afford to pay for them.

Chicago, a hope "that every child can get the vaccine" was voiced by Mrs. Newton P. Leonard, of Professor A. L. Soutter, president of the National Congress of Parents and Teachers.

In Chicago the IFA's annual convention, Mrs. Leonard told newsmen the organization has "ever confidence" in the vaccine program "although it might have been put in operation a bit hastily."

There was added urgency in the situation because the National Closing of schools for the summer, if second shots of the vaccine are not given to first and second-grade children by June 1, about the time the program, presumably clinics will have to be set up.

Saturday's report put the confirmed total at 79, of which 5 were fatal, out of nearly 6 million children vaccinated. By comparison, the tentative total of cases of polio among all age groups stands at 82, since April 19, about the time the vaccine was licensed for distribution.

UNC Trustees Draft Policy On Negroes

Board Told Legal Action Threatened

RALEIGH (AP)—The University of North Carolina board of trustees today prepared to draft a statement of policy regarding the admission of Negro students.

The board had been told that the university is threatened with legal action by Negroes seeking admission to undergraduate schools of the university.

RALEIGH (AP)—Trustees of the Consolidated University of North Carolina today adopted a formal policy statement that Negroes need not be admitted to undergraduate schools of the University's three branches.

The university, the university now admits Negroes only to graduate schools in cases where the courses they seek to study are not taught at state-supported Negro institutions.

One Convict Still At Large

ASHEVILLE (AP)—All but one of the seven prisoners who escaped Friday from a Yancey County road camp had been captured.

Yancey Prison Camp Supt. Ralph England reported today that he had captured one of the prisoners, LeRoy Matthews, 36, of Charlotte, serving 10-15 years for breaking, entering and larceny, and Lewis Doby, 29, of Salisbury, serving 5-10 years for larceny, were captured in Charlotte last night after being held in jail here.

Local Man Is New Association President

W. W. Kale of Charlotte, president of Kale-Lawing Co., office supplies and equipment retailer, was elected today president of the North Carolina Merchants Association.

The election was held at the opening session of the association's 53rd annual convention in Asheville last night.

A Highway Accident Victim

Queenie fell on and killed Norman E. Joseph, 30, of Newark, N. J. Driver W. C. Hendricks, 38, of Atlanta, was injured. Queenie died shortly after the incident occurred. See story on page 7-A. (AP Wirephoto)

Lack Of Vaccine Stalls Program

Blind N. C. Judge Presented Trophy

WASHINGTON (AP)—President Eisenhower said today a free society must extend opportunity to the physically handicapped and respect their talents just as it must use the talents of all its other citizens.

Addressing his Committee on Employment of the Physically Handicapped, Eisenhower said the hallmark of a free society is that it distributes opportunity wherever it is needed.

During Yesterday's Big Rain, Queens Rd. West-Kings Dr. Intersection Flooded 3.58 Inches In Two Days

Rains End Spring Drought

A weekend rainstorm that washed out everything but the weather itself brought an end to the spring drought here and wiped out the year's precipitation deficiency.

The rains, which started early Saturday morning, continued all day yesterday and into the night.
