PIEDMONT COLLEGE HEARING SCHEDULED

RALEIGH—A hearing has been set for Thursday on a measure that would create Piedmont Carolina College in Charlotte.

Rep. James B. Vogler of Mecklenburg said today the Joint Appropriations committee of the General Assembly would hear public discussion on the bill which would have the city of Charlotte turn over its assets of Charlotte College to the proposed new institution.

The Piedmont Carolina College would require $150,000 annually from the state to support such an institution.

Rep. Vogler said that Mecklenburg is getting strong support from all surrounding counties for the measure.

"This is to be a regional college," he said, "and nine other members of the House signed the bill. They can't say we don't deserve or need the college, but money is tight here and it will be a tough fight."

Man Wounds Relatives, Kills Self In Battle

SOUTH RIVER, N. J. (AP) — A 20-year-old discharged laborer shot and seriously wounded three women relatives early today and then killed himself during a fierce gun battle with police.

Alex Miedzwiadok was found dead on the floor of his mother-in - law's house with his unharmed 10-month-old daughter by his side.

His mother-in-law, Mrs. Mary Kucharik, sister-in-law, Margaret Kucharik, and wife, Sonya 18, lay wounded in the tear-gas filled home. They all were in fair condition at Middlesex General Hospital.

TWO OCCASIONS

Miedzwiadok exchanged shots with police on two occasions during the night, when finally trapped and surrounded in the house. He shot the three women while exchanging shots with police.

Miedzwiadok was separated from his wife.

Police Chief Matthew Zaleski gave this account of events leading to the shootings:

Miedzwiadok was laid off recently at the Peter J. Schweitzer plant in nearby Spotswood.

He went to a union meeting late last night at the Covered Wagon Tavern, Sayreville, to seek to get the union to try to gain his reinstatement.

The union rejected his case.

He went home, and came back to the union meeting, brandishing a .32 caliber revolver. Union members called Sayreville police and a police arrived. Miedswiadok had vanished.

South River police were notified. They began a search for the man, locating him near his home.

RETURN FIRE

Patrolmen George Cerekwas and Steven Vass approached Miedzwiadok, and he opened fire on the two officers. They returned fire, and he fled, escaping into the darkness.

Police surmised that he would head for his mother-in-law's house. Reinforcements were summoned. As the police arrived in front of the house, they were met with a fusillade of shots.

About 15 shots were exchanged between police and Miedzwiadok. Police Chief Zaleski ran to an open window and tossed a tear gas bomb into the room where Miedzwiadok was doing the shooting.

Miedzwiadok then shot himself in the head.

MAY DAYS

Continued from Front Page

the fight against the disease.

Fig Festival, sponsored by the California Fig Institute, to promote California dried fig and allied products.

MILK IN ACT

Milk Festival, sponsored by the American Dairy Association, to get more people to drink milk.

Social Security Week, sponsored by the Mirror Manufacturers Association, to promote sales of mirrors.

National Sports Festivals, sponsored by a group of associations dealing with health and recreation, to encourage interest in programs of sports and recreation.

After wading through this many days, weeks and months, the average person might be ready to start a new observance, called "Leave Us Alone Week."

NO USE

It's no use though, forget the idea. It's already been tried. According to C of C publication the late F. L. Moorman, a newspaper editor, began "National Leave Us Alone Week," to give people a rest from special promotions.

Scheduled April 1 through 8, it was also to stimulate business in the "dull" season by letting merchants put on their own promotions without outside interference and let their customers come in free of "observances," "drives" and "solicitations."

Even that noble idea may have been defeated, however, since the C of C publication doesn't list "National Leave Us Alone Week" this year. Looks like the promoters are winning.

h health center at $500,000 by 3589-2667; and a $190,000 enlargment of Spastic Hospital by 6651-8603.

Mr. Smith and Mrs. Evans were the key figures in the city council race.

Mr. Smith ran alone while his five cohorts formed a "Better Government Group" ticket. The ticket trailed Smith in the balloting, with Smith again winning the mayor pro tem position with a 699-vote margin over his nearest opponent, Herman A. Brown.

Mrs. Evans showed strength in the primary but there was strong opposition expected from W. Frank Harris. However, the councilwoman increased her margin in the election.

BIGGEST JUMP

The biggest jump in the voting yesterday was Negro candidate Charles Bell's showing. He was a poor 12th in the primary but moved up to a strong 9th position yesterday.

The school board race went as expected, although Mrs. J. D. Stratton lost ground. She ran fifth in the primary with Carroll Dellinger sixth.

They changed positions yesterday with only 88 votes separating them.

Temperatures Near Normal

By THE ASSOCIATED PRESS

Temperatures which climbed to summer levels in many parts of the mid-continent for two days this week appeared headed for near normal marks today.

Fairly pleasant spring weather was the outlook for much of the eastern two thirds of the country.

The cooler air which kept temperatures on the chilly side in the Rocky Mountain and Great Basin regions moved eastward across the plains and into the Mississippi Valley. Temperatures which were in the 90s and upper 80s Monday dropped 20 to 25 degrees yesterday.

But readings were in the 90s in many Midwest areas yesterday, with a record of the date in Chicago with a 92.

Thunderstorms were reported early today in a belt extending from central Wisconsin southwestward through eastern Iowa and into northern Missouri. Light rain continued in eastern Montana and parts of North Dakota. Fair weather prevailed in most other parts of the country.

Severe thunderstorms, with tornadic winds, struck sections of northeast Iowa and northern Wisconsin yesterday. The storm which hit Delaware County, in northeast Iowa, caused heavy property damage and injured one person. An estimated 2 to 3 inches of rain fell in 20 minutes.

Winds of between 78 and 83 m.p.h. unroofed the new Bethel Lutheran Home for the Aged at Viroqua, Wis., damaged other buildings, disrupted utility services and toppled trees.

Youngster Fatally Shot

DALLAS (AP) — Tommy Rendon Jr., 9, was walking home from school in an area of west Dallas where outlaws Sam Bass and Clyde Barrow roamed in other generations.

A rifle bullet kicked up dust in front of little Tommy.

A second shot sent him pitching backward. Doctors said he died instantly, a .22 slug through his heart.

Officers who investigated yesterday spied a second-story window screen ajar about two inches. In the apartment they found a 12-year-old truant with a rifle. At the police station he said he played hooky from school and watched a television show. Tiring of the TV, he searched out a rifle he had been forbidden to touch and loaded it.

He fired out the window at a utility pole, he told police, and later saw Tommy, whom he didn't know, walking across a nearby field. He said he decided to frighten the younger boy by firing as close to him as possible. He said he didn't intend to hit him.

Police turned him over to juvenile authorities. Tommy's funeral was to be planned today.
