Integration Foes Assailed

New England Methodist Bishop Raps Alabama Conference Stand

ATLANTA (AP)—A Northern Methodist leader has criticized the Alabama Methodist Conference for opposing integration.

Bishop John Wesley Lord last night described as "unfortunate and a black mark on the church" a proposal adopted by the Alabama Methodist Conference demanding retention of separate churches for white persons and Negroes in the South.

Bishop Lord is presiding bishop of the Southern New England Conference of Methodists now meeting at Manchester, Conn.

He said the attitude of the Alabama Methodist delegates probably is "a hangover" from the presentation to the Supreme Court decision (banning segregation in the public schools).

However, the principle is still wrong. We are moving away from discrimination and the church would "interfere with the rights of the second class citizen are ended."

ALABAMA RESOLUTION
The Alabama Methodist Conference at Montgomery adopted a resolution asking the General Assembly not to pass any legislation which would "interfere with the right to maintain separate racial customs in churches, schools, colleges, assemblies and conferences within the Methodist Church."

The outgoing moderator of the Southern Presbyterian Church expressed the view that God's love provides "the framework within which the human family can be molded into a unity."

Dr. Boggs in his sermon said that God's love is universal and that the commendation of God's love is of course without limit.

FOREIGN AID BILL GOES TO HOUSE

Senate Passes 1ke Measure Without Reducing Amount

By ROWLAND EVANS JR. WASHINGTON (P)—President Eisenhower's 3.12 billion dollar foreign aid program speed to the House today after comfortably surviving all attempts in the Senate to reduce the total.

Senate passage last night marked the first time in five years a global aid authorization measure has won Senate approval without a money cut. Also defeated were attempts to require that a major part of economic aid be made as loans rather than grants.

The final vote was 59-18, with 11 Republicans and seven Democrats voting "no." The program is already under consideration by the House Foreign Affairs Committee.

The overwhelming approval recorded by the Senate, however, conveys a message of strong satisfaction on the part of some senators who voted for the bill.

Sen. Mundt (R-S.D.), an Appropriations Committee member, said he was "pleased" when he told the Senate that he considered the authorization a "maximum."

Sen. Jenner (D-Ind.) during debate yesterday mentioned the declaration of principles signed by the Yugoslav President and Soviet Premier Nikolai A. Bulganin, but the news came late in the debate and played no part in the outcome.

Sen. Mansfield (D-Mont.), Jackson (D-Wash.) and Humphrey (D-Minn.) all indicated the incident would be used by aid opponents in their efforts to reduce the program.

Major changes adopted by the Senate in the aid bill included: a provision earmarking 500 million dollars in the aid total to pay for surplus U. S. agricultural products for shipment abroad; an amendment requiring the use of 17 million additional dollars for economic aid for Bolivia, Guatemala and Haiti.

Natural Borders Would Stop Extensive City Integration

By HARRY SHUFORD Charlotte News Staff Writer

Integration will have a great effect on only a few local schools, City School Supt. Dr. Elmer H. Garinger said today.

Dr. Garinger explained that except for a few schools that you could count on the fingers of one hand, the city schools are situated pretty well within natural geographical and racial borders.

He listed Central High School and Harding High School as the only two senior high schools there would attend the same schools under an integrated program.

For example, he pointed out that the new Sedgfield elementary and junior high schools serve areas almost exclusively white.

TITO

Tito Still Independent After Russians Depart

By LYNN HEINZELING BELGRADE, Yugoslavia (AP)—The Kremlin's leaders warned their eight-day visit to President Tito today. The Yugoslav marshal apparently managed to hold fast to his independence but echoed Soviet sentiments on German unity and Red Chinese claims to Formosa.

Soviet Communist party boss Nikita S. Khrushchev, Premier Nikolai A. Bulganin, and Deputy Premier A. I. Mikoyan left by plane for Moscow this morning. Their aides had left earlier in a separate plane.

The three leaders were scheduled to stop in Sofia, Bulgaria, before pushing on to the Soviet capital.

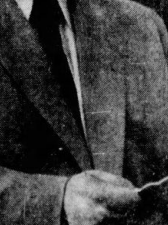

Dr. Krushchev, who led the six-man delegation here and did most of the talking, did not sign the document. He sat on the sidelines while Bulganin and Tito affixed their names.

The document said Yugoslavia and the Soviet Union supported the satisfaction of the legitimate rights of the (Communist) People's Republic of China with regard to Taiwan (Formosa).
