Congo Appeals to UN To Order Belgians Out

By PETER WALLENBERG

The Congo appealed to the UN Security Council yesterday to order all Belgian forces out of the country to avert the possibility of Soviet intervention.

The Council, assembled in emergency night session amid tremendous pressure to act on the request without delay, heard Congolese emissary Thomas Kanza give an emotional review of Belgium-Congo relations.

At the same time, Tunisian Ambassador Mongi Slim was ready to introduce a resolution asking the immediate withdrawal of all Belgian forces from the Congo to make further Congolese requests for Soviet help unnecessary.

Kanza explained that Congo Premier Patrice Lumumba's appeal to the Reds must be understood in its proper context:

If the UN does not help, then—and only then—would the Congo turn to Russia. "But it hopes that this possibility will be averted."

Charges Treaty Breach

Kanza repeatedly referred to the Belgians as "our friends" with whom the Congolese would like to live in peace. But he charged "regretfully" that they had breached a treaty which stipulated that Belgian troops may act only if called in by the Congo government.

But, he said, Belgium had sent its troops in—and was still sending more—without permission. That, he said, was outright aggression.

Belgian Foreign Minister Pierre Wigny enumerated a large number of incidents, including the violation of Belgian women, abuse of children and attacks on civilians, in his defense of the

presence of Belgian troops in the Congo.

The Congo government was not able to cope with the situation, Wigny said. He questioned whether the Congo government could now guarantee that such incidents would now stop.

Kanza admitted that Congolese had committed atrocities, but the "provocations" from the Belgians had been great. He said that the Belgians had also committed many violations and the balance was in the Congo's favor.

He called for an immediate end

Reds' RB-47 Gripe to UN

Russia's latest complaint against the U.S.—the RB-47 incident—will be aired in the UN Security Council tomorrow at 3 P.M., Council President Jose Correa de Ecuador announced yesterday.

The State Department and Ambassador Henry Cabot Lodge, who will speak for the U.S., have already denounced the Russian allegations as untrue.

of "aggressive acts by Belgian troops" and their evacuation "as rapidly as possible."

Wigny said "we would have been men without honor if we had not intervened to protect our fellow citizens and our women." He rejected as "mendacious" any

2,522 Troops Flown To Congo, We Tell UN

U. S. Ambassador Henry Cabot Lodge announced at the UN yesterday that U. S. planes had already flown 2,522 foreign troops and their equipment to the Congo for the UN emergency force from Tunisia, Morocco and Ghana.

Another 4,035 troops from Morocco, Tunisia, Ghana, Guinea

and the Gaza Strip will be flown to the Congo within the next few days by U. S. planes, he said. Ten U. S. C-47 planes also will be delivered to the UN force.

The Soviet UN delegation said at the same time that three IL-18 planes would transport troops from Ghana to the UN force.

Playground Killing Pair Found Guilty

BULLETIN

A General Sessions all-male jury last night found Salvador (Cape Man) Agron, 16, and Luis Antonio (Umbrella Man) Hernandez, 17, guilty of first-degree murder in the fatal stabbing of Robert Young and Anthony Krzesinski, both 16, in a West Side playground last August. The jury deliberated 3 hours and 40 minutes before returning the verdict at 11:00 P. M. They were unable to reach a verdict on two other teen-agers on trial and returned to deliberate further.

An all-male jury began deliberating at 5 P. M. yesterday the fate of four teen-agers charged with first degree murder in the fatal stabbing last August of Robert Young and Anthony Krzesinski, both 16, in a West Side playground. After an hour and 45 minutes they recessed for lunch.

Before giving the case to the jurors, General Sessions Judge Gerald Culklin outlined 14 possible verdicts on each defendant.

Could Get Death

The verdicts ranged from innocent to guilty of first degree murder, the latter carrying a mandatory death penalty. The minimum guilty verdict, he said in a two-hour charge, could be second degree assault, which has a penalty of up to five years.

The defendants were Salvador (Cape Man) Agron, 16, of 75 Hudson Ave., Brooklyn; Luis Antonio (Umbrella Man) Hernandez, 17, of 524 W. 134th St.; Francisco Cruz, 18, of 300 W. 38th St., and Rogelio Soto, 17, of 2112 Second Ave.

Each is charged with first degree murder in the killings of the 16-year-olds, and attempted murder in an attack on Ewald Riemer, 18, of Paterson, N. J., who was wounded in the attack.

Called Actual Knifer

Agron is accused of having been the actual knifer in the fatal attacks on the two younger boys. When Culklin finished his charge, Agron grinned broadly. Hernandez and Cruz smiled. Soto was impassive.

Three other youths pleaded guilty early in the trial to first degree manslaughter in the two killings.

In the prosecution summation, Assistant District Attorney William Loguen said there was "no question that there was premeditation, deliberation and intent to kill."
