"I'm afraid 10 years is a long time in anybody's life. Considering the situation, I was treated excellently. At all times my treatment was the same as the other Chinese prisoners, but as a foreigner I was given more food."
Asked whether he feels he has been indoctrinated by the Reds, Rickett replied, "I have read the Chinese papers and progressive articles. I have seen a lot of things. He said he possessed military information to unnamed U.S. consular officials and to a British Embassy second secretary which he identified as Ted Youde and to a Dutch legation employee he named as Miss Helen Van der Hoven. Painter Twice Escapes Death

PHILADELPHIA - Rubin Roy, 33, a painter from Levittown, Pa., slipped from a 100-foot-high scaffold yesterday and plunged toward ground workers on construction of a Delaware River bridge at nearby Eddys.

He fell about 30 feet—reached out—and managed to grasp a dancing rope. Workers above began to haul him back up.

As he neared a catwalk, he slipped again. This time there was no dancing rope. He fell—screaming—toward earth.

He landed in a taut piece of parajump ground workers had improvised as a safety net—just in case—as he started up the rope. A hospital said his injuries were minor.
