I predict 1967 will see changes for you in your personal life, your economic life and your world citizenship. I predict that your world citizenship will exist until you vote it out.

On Subversive List An active political party out of Washington, D. C., will prove to be the subversive lists of the FBI and the CIA.

The murder of President Kennedy will be fully explained and solved in 1967, and the solution will shock you.

Suicide will increase in 1967 for many who will realize that they have sold their country out to Communism, and rather than face the charge of treason choose to die.

Hollywood will combine and tumble under the onslaught of the voice of the box office, which will not pay out for propaganda. I predict there will be "self censorship" on all propaganda from today.

Farwell to the three of Hollywood: Verina Felton, Richard Widmark and Walt Disney. It will be gracious, laughing and congenial, and the world was made a brighter for their having lived. Their influence will be felt for a century.

FORBIDDEN PREDICTIONS—I predict that in 1967 we will see (1) a stabilized economy, (2) a stabilized stock market, (3) a stabilization of interest rates, (4) a stabilization of oil prices, (5) a stabilization of the dollar, (6) a stabilization of the gold price, (7) a stabilization of the silver price, (8) a stabilization of the platinum price, (9) a stabilization of the copper price, (10) a stabilization of the zinc price, (11) a stabilization of the lead price, (12) a stabilization of the tin price, (13) a stabilization of the nickel price, (14) a stabilization of the cobalt price, (15) a stabilization of the manganese price, (16) a stabilization of the chromium price, (17) a stabilization of the iron price, (18) a stabilization of the steel price, (19) a stabilization of the aluminum price, (20) a stabilization of the magnesium price, (21) a stabilization of the calcium price, (22) a stabilization of the strontium price, (23) a stabilization of the barium price, (24) a stabilization of the lanthanum price, (25) a stabilization of the cerium price, (26) a stabilization of the praseodymium price, (27) a stabilization of the neodymium price, (28) a stabilization of the promethium price, (29) a stabilization of the samarium price, (30) a stabilization of the europium price, (31) a stabilization of the gadolinium price, (32) a stabilization of the terbium price, (33) a stabilization of the dysprosium price, (34) a stabilization of the holmium price, (35) a stabilization of the erbium price, (36) a stabilization of the thulium price, (37) a stabilization of the ytterbium price, (38) a stabilization of the lutetium price, (39) a stabilization of the hafnium price, (40) a stabilization of the tantalum price, (41) a stabilization of the tungsten price, (42) a stabilization of the rhenium price, (43) a stabilization of the ruthenium price, (44) a stabilization of the rhodium price, (45) a stabilization of the palladium price, (46) a stabilization of the silver price, (47) a stabilization of the cadmium price, (48) a stabilization of the mercury price, (49) a stabilization of the thallium price, (50) a stabilization of the lead price, (51) a stabilization of the bismuth price, (52) a stabilization of the polonium price, (53) a stabilization of the astatine price, (54) a stabilization of the tellurium price, (55) a stabilization of the selenium price, (56) a stabilization of the sulfur price, (57) a stabilization of the phosphorus price, (58) a stabilization of the arsenic price, (59) a stabilization of the antimony price, (60) a stabilization of the bismuth price, (61) a stabilization of the tellurium price, (62) a stabilization of the selenium price, (63) a stabilization of the sulfur price, (64) a stabilization of the phosphorus price, (65) a stabilization of the arsenic price, (66) a stabilization of the antimony price, (67) a stabilization of the bismuth price, (68) a stabilization of the tellurium price, (69) a stabilization of the selenium price, (70) a stabilization of the sulfur price, (71) a stabilization of the phosphorus price, (72) a stabilization of the arsenic price, (73) a stabilization of the antimony price, (74) a stabilization of the bismuth price, (75) a stabilization of the tellurium price, (76) a stabilization of the selenium price, (77) a stabilization of the sulfur price, (78) a stabilization of the phosphorus price, (79) a stabilization of the arsenic price, (80) a stabilization of the antimony price, (81) a stabilization of the bismuth price, (82) a stabilization of the tellurium price, (83) a stabilization of the selenium price, (84) a stabilization of the sulfur price, (85) a stabilization of the phosphorus price, (86) a stabilization of the arsenic price, (87) a stabilization of the antimony price, (88) a stabilization of the bismuth price, (89) a stabilization of the tellurium price, (90) a stabilization of the selenium price, (91) a stabilization of the sulfur price, (92) a stabilization of the phosphorus price, (93) a stabilization of the arsenic price, (94) a stabilization of the antimony price, (95) a stabilization of the bismuth price, (96) a stabilization of the tellurium price, (97) a stabilization of the selenium price, (98) a stabilization of the sulfur price, (99) a stabilization of the phosphorus price, (100) a stabilization of the arsenic price, (101) a stabilization of the antimony price, (102) a stabilization of the bismuth price, (103) a stabilization of the tellurium price, (104) a stabilization of the selenium price, (105) a stabilization of the sulfur price, (106) a stabilization of the phosphorus price, (107) a stabilization of the arsenic price, (108) a stabilization of the antimony price, (109) a stabilization of the bismuth price, (110) a stabilization of the tellurium price, (111) a stabilization of the selenium price, (112) a stabilization of the sulfur price, (113) a stabilization of the phosphorus price, (114) a stabilization of the arsenic price, (115) a stabilization of the antimony price, (116) a stabilization of the bismuth price, (117) a stabilization of the tellurium price, (118) a stabilization of the selenium price, (119) a stabilization of the sulfur price, (120) a stabilization of the phosphorus price, (121) a stabilization of the arsenic price, (122) a stabilization of the antimony price, (123) a stabilization of the bismuth price, (124) a stabilization of the tellurium price, (125) a stabilization of the selenium price, (126) a stabilization of the sulfur price, (127) a stabilization of the phosphorus price, (128) a stabilization of the arsenic price, (129) a stabilization of the antimony price, (130) a stabilization of the bismuth price, (131) a stabilization of the tellurium price, (132) a stabilization of the selenium price, (133) a stabilization of the sulfur price, (134) a stabilization of the phosphorus price, (135) a stabilization of the arsenic price, (136) a stabilization of the antimony price, (137) a stabilization of the bismuth price, (138) a stabilization of the tellurium price, (139) a stabilization of the selenium price, (140) a stabilization of the sulfur price, (141) a stabilization of the phosphorus price, (142) a stabilization of the arsenic price, (143) a stabilization of the antimony price, (144) a stabilization of the bismuth price, (145) a stabilization of the tellurium price, (146) a stabilization of the selenium price, (147) a stabilization of the sulfur price, (148) a stabilization of the phosphorus price, (149) a stabilization of the arsenic price, (150) a stabilization of the antimony price, (151) a stabilization of the bismuth price, (152) a stabilization of the tellurium price, (153) a stabilization of the selenium price, (154) a stabilization of the sulfur price, (155) a stabilization of the phosphorus price, (156) a stabilization of the arsenic price, (157) a stabilization of the antimony price, (158) a stabilization of the bismuth price, (159) a stabilization of the tellurium price, (160) a stabilization of the selenium price, (161) a stabilization of the sulfur price, (162) a stabilization of the phosphorus price, (163) a stabilization of the arsenic price, (164) a stabilization of the antimony price, (165) a stabilization of the bismuth price, (166) a stabilization of the tellurium price, (167) a stabilization of the selenium price, (168) a stabilization of the sulfur price, (169) a stabilization of the phosphorus price, (170) a stabilization of the arsenic price, (171) a stabilization of the antimony price, (172) a stabilization of the bismuth price, (173) a stabilization of the tellurium price, (174) a stabilization of the selenium price, (175) a stabilization of the sulfur price, (176) a stabilization of the phosphorus price, (177) a stabilization of the arsenic price, (178) a stabilization of the antimony price, (179) a stabilization of the bismuth price, (180) a stabilization of the tellurium price, (181) a stabilization of the selenium price, (182) a stabilization of the sulfur price, (183) a stabilization of the phosphorus price, (184) a stabilization of the arsenic price, (185) a stabilization of the antimony price, (186) a stabilization of the bismuth price, (187) a stabilization of the tellurium price, (188) a stabilization of the selenium price, (189) a stabilization of the sulfur price, (190) a stabilization of the phosphorus price, (191) a stabilization of the arsenic price, (192) a stabilization of the antimony price, (193) a stabilization of the bismuth price, (194) a stabilization of the tellurium price, (195) a stabilization of the selenium price, (196) a stabilization of the sulfur price, (197) a stabilization of the phosphorus price, (198) a stabilization of the arsenic price, (199) a stabilization of the antimony price, (200) a stabilization of the bismuth price, (201) a stabilization of the tellurium price, (202) a stabilization of the selenium price, (203) a stabilization of the sulfur price, (204) a stabilization of the phosphorus price, (205) a stabilization of the arsenic price, (206) a stabilization of the antimony price, (207) a stabilization of the bismuth price, (208) a stabilization of the tellurium price, (209) a stabilization of the selenium price, (210) a stabilization of the sulfur price, (211) a stabilization of the phosphorus price, (212) a stabilization of the arsenic price, (213) a stabilization of the antimony price, (214) a stabilization of the bismuth price, (215) a stabilization of the tellurium price, (216) a stabilization of the selenium price, (217) a stabilization of the sulfur price, (218) a stabilization of the phosphorus price, (219) a stabilization of the arsenic price, (220) a stabilization of the antimony price, (221) a stabilization of the bismuth price, (222) a stabilization of the tellurium price, (223) a stabilization of the selenium price, (224) a stabilization of the sulfur price, (225) a stabilization of the phosphorus price, (226) a stabilization of the arsenic price, (227) a stabilization of the antimony price, (228) a stabilization of the bismuth price, (229) a stabilization of the tellurium price, (230) a stabilization of the selenium price, (231) a stabilization of the sulfur price, (232) a stabilization of the phosphorus price, (233) a stabilization of the arsenic price, (234) a stabilization of the antimony price, (235) a stabilization of the bismuth price, (236) a stabilization of the tellurium price, (237) a stabilization of the selenium price, (238) a stabilization of the sulfur price, (239) a stabilization of the phosphorus price, (240) a stabilization of the arsenic price, (241) a stabilization of the antimony price, (242) a stabilization of the bismuth price, (243) a stabilization of the tellurium price, (244) a stabilization of the selenium price, (245) a stabilization of the sulfur price, (246) a stabilization of the phosphorus price, (247) a stabilization of the arsenic price, (248) a stabilization of the antimony price, (249) a stabilization of the bismuth price, (250) a stabilization of the tellurium price, (251) a stabilization of the selenium price, (252) a stabilization of the sulfur price, (253) a stabilization of the phosphorus price, (254) a stabilization of the arsenic price, (255) a stabilization of the antimony price, (256) a stabilization of the bismuth price, (257) a stabilization of the tellurium price, (258) a stabilization of the selenium price, (259) a stabilization of the sulfur price, (260) a stabilization of the phosphorus price, (261) a stabilization of the arsenic price, (262) a stabilization of the antimony price, (263) a stabilization of the bismuth price, (264) a stabilization of the tellurium price, (265) a stabilization of the selenium price, (266) a stabilization of the sulfur price, (267) a stabilization of the phosphorus price, (268) a stabilization of the arsenic price, (269) a stabilization of the antimony price, (270) a stabilization of the bismuth price, (271) a stabilization of the tellurium price, (272) a stabilization of the selenium price, (273) a stabilization of the sulfur price, (274) a stabilization of the phosphorus price, (275) a stabilization of the arsenic price, (276) a stabilization of the antimony price, (277) a stabilization of the bismuth price, (278) a stabilization of the tellurium price, (279) a stabilization of the selenium price, (280) a stabilization of the sulfur price, (281) a stabilization of the phosphorus price, (282) a stabilization of the arsenic price, (283) a stabilization of the antimony price, (284) a stabilization of the bismuth price, (285) a stabilization of the tellurium price, (286) a stabilization of the selenium price, (287) a stabilization of the sulfur price, (288) a stabilization of the phosphorus price, (289) a stabilization of the arsenic price, (290) a stabilization of the antimony price, (291) a stabilization of the bismuth price, (292) a stabilization of the tellurium price, (293) a stabilization of the selenium price, (294) a stabilization of the sulfur price, (295) a stabilization of the phosphorus price, (296) a stabilization of the arsenic price, (297) a stabilization of the antimony price, (298) a stabilization of the bismuth price, (299) a stabilization of the tellurium price, (300) a stabilization of the selenium price, (301) a stabilization of the sulfur price, (302) a stabilization of the phosphorus price, (303) a stabilization of the arsenic price, (304) a stabilization of the antimony price, (305) a stabilization of the bismuth price, (306) a stabilization of the tellurium price, (307) a stabilization of the selenium price, (308) a stabilization of the sulfur price, (309) a stabilization of the phosphorus price, (310) a stabilization of the arsenic price, (311) a stabilization of the antimony price, (312) a stabilization of the bismuth price, (313) a stabilization of the tellurium price, (314) a stabilization of the selenium price, (315) a stabilization of the sulfur price, (316) a stabilization of the phosphorus price, (317) a stabilization of the arsenic price, (318) a stabilization of the antimony price, (319) a stabilization of the bismuth price, (320) a stabilization of the tellurium price, (321) a stabilization of the selenium price, (322) a stabilization of the sulfur price, (323) a stabilization of the phosphorus price, (324) a stabilization of the arsenic price, (325) a stabilization of the antimony price, (326) a stabilization of the bismuth price, (327) a stabilization of the tellurium price, (328) a stabilization of the selenium price, (329) a stabilization of the sulfur price, (330) a stabilization of the phosphorus price, (331) a stabilization of the arsenic price, (332) a stabilization of the antimony price, (333) a stabilization of the bismuth price, (334) a stabilization of the tellurium price, (335) a stabilization of the selenium price, (336) a stabilization of the sulfur price, (337) a stabilization of the phosphorus price, (338) a stabilization of the arsenic price, (339) a stabilization of the antimony price, (340) a stabilization of the bismuth price, (341) a stabilization of the tellurium price, (342) a stabilization of the selenium price, (343) a stabilization of the sulfur price, (344) a stabilization of the phosphorus price, (345) a stabilization of the arsenic price, (346) a stabilization of the antimony price, (347) a stabilization of the bismuth price, (348) a stabilization of the tellurium price, (349) a stabilization of the selenium price, (350) a stabilization of the sulfur price, (351) a stabilization of the phosphorus price, (352) a stabilization of the arsenic price, (353) a stabilization of the antimony price, (354) a stabilization of the bismuth price, (355) a stabilization of the tellurium price, (356) a stabilization of the selenium price, (357) a stabilization of the sulfur price, (358) a stabilization of the phosphorus price, (359) a stabilization of the arsenic price, (360) a stabilization of the antimony price, (361) a stabilization of the bismuth price, (362) a stabilization of the tellurium price, (363) a stabilization of the selenium price, (364) a stabilization of the sulfur price, (365) a stabilization of the phosphorus price, (366) a stabilization of the arsenic price, (367) a stabilization of the antimony price, (368) a stabilization of the bismuth price, (369) a stabilization of the tellurium price, (370) a stabilization of the selenium price, (371) a stabilization of the sulfur price, (372) a stabilization of the phosphorus price, (373) a stabilization of the arsenic price, (374) a stabilization of the antimony price, (375) a stabilization of the bismuth price, (376) a stabilization of the tellurium price, (377) a stabilization of the selenium price, (378) a stabilization of the sulfur price, (379) a stabilization of the phosphorus price, (380) a stabilization of the arsenic price, (381) a stabilization of the antimony price, (382) a stabilization of the bismuth price, (383) a stabilization of the tellurium price, (384) a stabilization of the selenium price, (385) a stabilization of the sulfur price, (386) a stabilization of the phosphorus price, (387) a stabilization of the arsenic price, (388) a stabilization of the antimony price, (389) a stabilization of the bismuth price, (390) a stabilization of the tellurium price, (391) a stabilization of the selenium price, (392) a stabilization of the sulfur price, (393) a stabilization of the phosphorus price, (394) a stabilization of the arsenic price, (395) a stabilization of the antimony price, (396) a stabilization of the bismuth price, (397) a stabilization of the tellurium price, (398) a stabilization of the selenium price, (399) a stabilization of the sulfur price, (400) a stabilization of the phosphorus price, (401) a stabilization of the arsenic price, (402) a stabilization of the antimony price, (403) a stabilization of the bismuth price, (404) a stabilization of the tellurium price, (405) a stabilization of the selenium price, (406) a stabilization of the sulfur price, (407) a stabilization of the phosphorus price, (408) a stabilization of the arsenic price, (409) a stabilization of the antimony price, (410) a stabilization of the bismuth price, (411) a stabilization of the tellurium price, (412) a stabilization of the selenium price, (413) a stabilization of the sulfur price, (414) a stabilization of the phosphorus price, (415) a stabilization of the arsenic price, (416) a stabilization of the antimony price, (417) a stabilization of the bismuth price, (418) a stabilization of the tellurium price, (419) a stabilization of the selenium price, (420) a stabilization of the sulfur price, (421) a stabilization of the phosphorus price, (422) a stabilization of the arsenic price, (423) a stabilization of the antimony price, (424) a stabilization of the bismuth price, (42
