

# Century Motors Given Lancia Auto Franchise

An exclusive dealership for the Italian Lancia cars for the state of Arizona has been acquired by Century Motors.

The firm—with main headquarters and showroom at 950 N. 2nd Ave.—is owned and managed by Bob Sargent and Jack T. Ford, who are also franchised dealers for the Swedish Volvo and the Sunbeam Rapier.

First of the Lancias on display is the 1960 Alpha four-door sedan. The lowest priced car in the line, it will retail here at \$12,357. Others—ranging to \$8,000 in price—may be custom ordered, including the coupe Pininfarina, the Zagato sport, and the convertible Vignale.

Widely hailed by automotive experts for advanced design and engineering perfection, the Lancia Alpha features the exclusive V-four aluminum head engine which generates more power per pound than any other engine in the world.

Among its many other features—introduced first by Lancia—are: air-free, one-body construction in which the center posts between front and rear doors are completely eliminated for easy entrance; hydraulic front suspension and push-button chassis lubrication; inboard brakes which take brake-weight off the wheels, permitting instantaneous adjustment to road bumps; a transaxle rear end that places transmission weight in back to counterbalance engine weight.
