

## County's Wives Like Ike, Jonas

Using an interviewing technique that successfully uncovered voters' attitudes before the Pearsall Plan election in September, News reporter Julian Scheer has talked to hundreds of Mecklenburg voters on how they feel about the current political campaigns. The resulting series of stories is not an attempt to predict how Mecklenburg will vote on Nov. 6, but rather an analysis of voting trends and citizens' attitudes. This is the first of five articles.

Charlotte and Mecklenburg housewives like Ike and Jonas. They like both Republican candidates in the November general election, but they like Ike a little more than in 1952 and 1954.

This is particularly true in the case of President Eisenhower and his wife. Most of the women who said they voted Republican in 1952 and would switch in 1956 — and they all were registered Democrats — said they still liked Ike "personally."

Some are disillusioned over Stevenson because he is divorced. "If he can't run his own home," a Western Dr. housewife said, "how does he expect to run the country?"

She was joined by a few other housewives. Meanwhile, there was unhappiness with some former Ike supporters.

## Ike May Speed Up Speaking Schedule

WASHINGTON (AP)—President Eisenhower may speed up his speaking schedule in the closing days of his campaign for reelection. Press secretary James Hagerty said that campaign planners believe the afternoon hour will find many women at home and ready to watch a television program.

Yesterday, Eisenhower pledged to "keep moving forward" on a program he said "has done more for small business than any prior administration."

This left without confirmation a variety of reports that Eisenhower is considering major addresses in Boston, Philadelphia, Dallas and other places.

WASHINGTON (AP)—President Eisenhower did not comment on Eisenhower's formal reply to Bulganin, which the White House made public in mid-afternoon yesterday. But in a statement concerning the earlier remarks by White House press secretary James C. Hagerty, Stevenson explored what he termed an effort to dismiss the Bulganin letter as a "propaganda exercise."

## Answer To Ike's Blast Expected

WASHINGTON (AP)—Russia's Premier Bulganin almost certainly will fire a quick reply to a letter from President Eisenhower accusing him bluntly of meddling in the American political campaign.

But whether he does or not, Bulganin's letter seems sure to become a major political issue in the coming two weeks with both Republicans and Democrats seeking to use it to their advantage in the debate over continuance of hydrogen bomb testing.

Officials who forecast today that Bulganin will reply promptly said they expect him to deny any intention of interfering in the U.S. political campaign by his surprise message. They also forecast that he will attack Secretary of State Dulles.

Forgoing diplomatic language in his reply, Eisenhower said Bulganin's newest plea attacked "my own sincerity" and was "personally offensive" in its attack on Secretary of State Dulles.

In predicting a speedy reply from Bulganin, diplomatic officials said Eisenhower's charges were of such a serious nature that almost any government would feel impelled to reply.

They acknowledged that if Bulganin adopts a strong language Eisenhower's use of it will virtually end prospects that such personal messages ever will lead to concrete steps toward world disarmament.

An end to the Eisenhower-Bulganin exchange would be not disappointing to American officials. Many have felt for months that the Kremlin was relying on them as convenient propaganda avenues more than as any serious attempt at negotiation.

Eisenhower said that if an ambassador had done what Bulganin did, he would be expelled from the country.

In denouncing Bulganin's letter, Eisenhower in effect accused the Soviet leader of seeking to give a leading role to the United States, the Democratic presidential nominee, who has been urging that the country take the lead in working toward an end to large-scale nuclear tests. He says the danger to mankind from radiation set loose by such tests is growing steadily.

Eisenhower has rejected Stevenson's suggestion, saying a footpound inspection system must be agreed upon before this nation can safely end its tests.

## High Court Backs Negro School Stand

WASHINGTON (AP)—The Supreme Court today let stand a speed-up order issued in a suit by Negroes seeking immediate admission to all-white schools in Dallas.

Twenty-seven Negroes who on Sept. 3, 1955 were not permitted to enter white classes asked the U. S. District Court in Dallas for an injunction requiring admission at once. The District Court dismissed the request as premature.

The U. S. Circuit Court in New Orleans last May 25 reversed the Dallas court and told it to hold a full hearing on the Negroes' protests. Counsel for the school district then appealed to the high tribunal to review the case. The appeal said the district officials were complying with Supreme Court directions in trying to find a way to work out a solution to the problem.

The appeal also protested that the majority opinion of the Circuit Court implied that it could be assumed school officials would not follow the law as laid down by the Supreme Court in the school segregation decisions of May 17, 1954 and May 31, 1955.

## Politburo Shakeup Completed

WARSAW (AP)—Leaders pledged to guide Poland on a new course independent of Moscow have taken the reins of the ruling Communist party and swept the Stalinists from policy-making posts.

Wladyslaw Gomulka, a tough and tactful 51-year-old Communist who became a national hero by defying Stalin, emerged at the top after a shakeup of the powerful Politburo last night.

Surrounding Gomulka in the streamlined, nine-member ruling group were other men said to favor his demand for disentanglement from Soviet controls. All remained pledged to continued Communist government.

Among the Stalinists tossed out of the Politburo was Marshal Konstantin Rokossovsky, the Polish-born Soviet army hero installed by Stalin as head of Poland's military forces in 1949 to hold the country in the Soviet orbit.

KEY POST  
The election of a new Politburo, with Gomulka in the key post of first secretary, climaxed a three-day meeting of the Party Central Committee. The Soviet Union exerted intense pressure to keep its men in places of authority. Despite tension, a pact of classes between Polish and Soviet troops, Warsaw remained quiet throughout the meeting.

Before he officially took power, Gomulka issued a virtual declaration of independence from Moscow. In a speech to the Central Committee, he denounced what he called misuse of the past 12 years.

"There is more than one road to socialism," he declared. "There is the Soviet way. There is the Yugoslav way. And there are other ways."

## Adlai's Backers Claim Slight Gain

CHICAGO (AP)—Adlai E. Stevenson's campaign strategists claimed the lead today over President Eisenhower in 21 states with 253 electoral votes and a slight gain in Stevenson's support.

Stevenson, who speaks tomorrow night in New York City's Madison Square Garden, is now pointing his campaign toward strenuous efforts to win big city support in some of the larger states among 12 the Democrats list in the doubtful class.

These strategists have crossed off 15 states, with 105 electoral votes, as definitely lost to Eisenhower.

With the exception of a Farm Day Show speech at Springfield, Ill., Thursday and a later tour of New York's smaller upstate cities, Stevenson will concentrate on the big town vote in vital areas.

MAJOR SPEECH  
He speaks in San Francisco and Los Angeles Saturday and will go to Boston for a major speech next Monday. On his list for appearances yet to be arranged are Detroit, Cleveland, Pittsburgh, Philadelphia and Chicago. Others may be added.

Stevenson is expected to hit the Eisenhower administration hard on foreign policy tomorrow night. He charged Eisenhower in a statement yesterday for what he called an "out of hand" dismissal as a propaganda effort of Soviet Premier Bulganin's proposal for the ending of hydrogen bomb tests. Stevenson has said he would make efforts to halt such tests in the first order of business if he becomes president.

Although he said three seemed nothing new in Bulganin's proposal, he said the United States cannot afford dismissal of the matter to let the Russians "con-

## Negroes Give Up Car Pool

TALLAHASSEE, Fla. (AP)—The Negro Inter Civic Council said today it had abandoned the car pool it has sponsored to provide transportation for Negroes boycotting buses in protest against segregated seating.

However, the Rev. C. M. Steele, president of the council and head of the Tallahassee chapter of the National Assn. for the Advancement of Colored People, said, "The war is not over. We are still walking."

Dan Speed, chairman of the council's transportation committee, said, "We not only are not offering transportation, but we are not even offering advice."

The council voted to drop its sponsorship of the car pool at a last meeting of the boycotters of last night. The action followed Saturday's conviction in city court of the council and 21 of its officers and members on charges of operating an illegal transportation system. The council has indicated the verdict will be appealed.

City Judge John Rudd sentenced each defendant to pay a fine of \$500 or serve 90 days in jail, but suspended the jail term and put each on probation for one year.

## Cops Wounded In Gun Battle

LINCOLN, Ill. (AP)—An attempt by two state politicians to catch a traffic violator today erupted in a gun battle that left both officers wounded.

State police said officers Glenn Nichols and Robert Goltightly were wounded. Arvid Jopp, 24, and William G. Wilgong, 31, both of Joplin, were seized, but two companions fled on foot.

Police said Nichols, about 38, is in serious condition in a Lincoln hospital. He was shot in the stomach, once in the shoulder and once in the ankle. Goltightly said he fired four shots from his service revolver at the gunman.

The officers told state police officials they were sitting in their car near a traffic light at the north edge of Lincoln when a south bound car almost struck a tanker truck making a turn off U. S. 68.

When the policemen attempted to flag down the car, it sped on. Police chased the car and finally forced it to halt near a service station.

Goltightly and Nichols asked the driver to get out of the car. They said one of the two men in the back seat slipped out and began waving at the officers over the roof of the car.

Goltightly was struck in the leg and Nichols was hit twice in the stomach, once in the shoulder and once in the ankle. Goltightly said he fired four shots from his service revolver at the gunman.
