Hawkins says school officials have waited 20 years for the lettering because of a U. S. Government stipulation that the school could not be tagged with the name of any living person for that period of time. The building was built during the depression by the WPA, he said. Funds for the lettering were donated by last year's senior class.**

## Mill Workers To Vote Democratic

(Fourth in a Series)  
By JULIAN SCHIER  
Charlotte News Staff Writer  
The words "straight Democrat" are heard more frequently from Charlotte's and Mecklenburg's industrial workers than from any other group. The men and women who work in our large plants and mills appear more inclined toward the Democrats in 1956 than in 1952 and 1954.  
President Eisenhower is having a battle to keep ahead of Adlai Stevenson among this group of workers, but Rep. Charles R. Jones is making strong inroads on traditionally Democratic territory in the congressional race.  
Generally speaking, the factory hand gives a slight nod to Stevenson and Douglas but the picture is not settled because of the very large body of "undecided" voters.  
The "undecideds" rule the congressional race.

### INDICATIONS

- 1. The News' survey of attitudes and trends of industrial workers would indicate:
- 1. Stevenson and Douglas ahead in this group.
- 2. But Eisenhower very close and could possibly slip ahead.
- 3. Jones may carry this group on election day, despite early sentiment.
- 4. There is an upswing in Republican registrations.
- 5. The vote in this group is, perhaps, the most unpredictable of all, for he may change his mind at the last minute.
- 6. Since most of the industrial workers work in the

## The Campaign In A Capsule

(From AP Reports)

A nationwide radio-television address will be made from Madison Square Garden tonight by President Eisenhower. The president, who is expected to hit again at Adlai Stevenson's proposal to ban H-bomb tests, speaks at 8 p. m., EST.  
Stevenson—who describes himself as "good and mad"—headed west from New York today for a rally at Springfield, Ill. Stevenson told suburban audiences last night that "Republicans are winking up a campaign of deceit unmatched in U. S. politics. And I don't mind telling you I am good and mad."  
Sen. Estes Kefauver was planning to meet Stevenson this afternoon at Springfield. The two were to compare ideas and plan strategy for the closing campaign sprint.  
Civil rights was the issue discussed today by Vice President Nixon, who addressed a ballroom crowd in a predominantly Negro section of Chicago.

## Suspects Grilled By Gaston Cops

GASTONIA (AP)—Officers fired more questions today at two men held in \$10,000 bond on armed robbery charges in the stickup of a Gastonia motel yesterday.  
Boyd Gardner, 33, believed to be from Atlanta, and Arthur Hollis, 23, reportedly from Wichita, Kan., also were charged with violating liquor laws and Hollis was charged with carrying a concealed weapon.  
A Spartanburg County, S. C. detective, Clarence Painter, identified the two men from photographs as his assailants in a scuffle Tuesday in which Painter was shot in the hand.

### PAINTER HOSPITALIZED

Sheriff Dwight Beam of Gaston County said he had expected Painter to come here yesterday after the men were arrested, but he was told that Painter still was in a hospital at Spartanburg.  
Beam said the 1956 automobile Gardner and Hollis were driving when stopped at a road block at Mount Holly, was stolen Oct. 18 from the Duffy Tire Co. in Atlanta. Officers said a pint of liquor was in the car, leading to the prohibition violation charge.

Zerlie Beach, operator of a motel on U. S. 29 east of Gastonia, and Mrs. Beach identified the men as the pair of bandits who robbed them of about \$120 shortly after 1 a. m. yesterday. Beach was found with the belt from his bathrobe and left lying on a bedroom floor.  
The men told officers they were not in Gaston County yesterday. The sheriff's department then confronted them with Bennie Brackett, a service station employee, who said they had bought gasoline from him in Gastonia a short time before the motel robbery. Brackett told officers that he became suspicious of the men when they drove into his station in the new car. After they left he called the sheriff's office and reported their license number. The alarm was broadcast after the motel robbery, a highway patrolman spotted the stolen car headed toward Mount Holly.

Painter was wounded in a scuffle with two men who had approached him while he was working at his brother's automobile agency.  
Hitler Gets Court Okay To Be Dead  
BERCHTESGADEN, Germany (AP)—Adolf Hitler was officially declared dead today—11 years, 5 months and 25 days after he committed suicide and his body burned in the bomb-pocked garden of Berlin's Reich Chancellery.  
A clerk pinned an official notice on the board of the Berchtesgaden court building.  
It said "Adolf Hitler, born April 20, 1889, in Braunau am Inn (Austria) is dead. The time of his death was established as 30, 1945, in the 'Fuehrerbunker' of the Reich Chancellery in Berlin, and that he died by a shot into his right temple."  
It said in part:  
"There can no longer exist the least doubt that Hitler took his life by his own hand on April 30, 1945, in the 'Fuehrerbunker' of the Reich Chancellery in Berlin, and that he died by a shot into his right temple."

# HUNGARIAN PREMIER URGES END TO TROOPS

## Negotiations To Stop Soviet Rule Promised

VIENNA (AP)—The Hungarian rioting continued today, and Premier Imre Nagy promised he will negotiate with Moscow to withdraw its occupation troops if the rebels will end their revolution.  
Nagy went on the radio to appeal for the rebellious forces of students and workers to lay down their arms and help his new government.  
He promised that if they did so the country would get a new deal.  
"As soon as order is re-established those troops which were called by our government to help will be withdrawn," he said.  
Apparently this means that as soon as the revolution ended the Russian troops, tanks and jet plane pilots would be recalled to their bases. Then Nagy would take up negotiations with Moscow to have the four or five Soviet divisions in Hungary evacuated to Russia.

Radio Budapest said Ernoe Geroc, who only this week returned from Belgrade where he had a "reconciliation" conference with Yugoslav President Tito, had been replaced as first secretary by Janos Kadar, a former jailed Titoist.  
SECOND SHAKUP  
It was the second major shake-up in the Hungarian hierarchy in two days and the third in three months. Yesterday Imre Nagy, purged for Titoism in 1955, returned as premier, replacing Andras Hegedus. Geroc succeeded the loyal Stalinist, Matyas Rakosi, as party secretary only last July.  
The radio said the ouster of Geroc was "greeted with loud cheers" by the Budapest population "and that people in the street 'embraced with joy.'"  
The station made this plea: "All Hungarian citizens, please cease the demonstration and return to your work. Thereby you can all help to isolate those elements which are still trying to overthrow our peoples' democracy."  
But a few minutes later, at 1:45 p. m., a broadcast urgently warned the people to remain indoors because of continued shooting in the streets.  
A curfew, in force through the night, was extended but people See HUNGARIAN on page 3-A

Poland's Boss Works Toward New Program  
By COLIN FROST  
WARSAW, Poland (AP)—Wladyslaw Gomulka, Poland's new Communist party boss, worked today toward the formation of an independent Communist in the wake of a political revolt against Moscow domination.  
Official broadcasts said Gomulka and the Politburo of the Polish Communist party had assumed "leadership of the working classes and the entire nation to overcome the mistakes and blunders of the past."  
One broadcast said a program would be submitted to the party's central committee Sunday for improvement of economic conditions and the participation of youth in the government.  
LIFT SECRETARY  
It promised to lift the "fetters of secrecy" from party affairs, and pledged a free election of party officials. A party resolution condemned antisemitism.  
Gomulka and other leading members of the Politburo plan to fly to Moscow soon to talk over differences with Soviet and Polish Communist leaders.  
A Moscow broadcast today reported the speech of Gomulka to a mass meeting last night. But it left out Gomulka's statement that he had received assurances from Nikita Khrushchev, Soviet Party secretary, that the provinces of Poland would be returned to their regular bases within 48 hours.  
Gomulka's statement was the confirmation of threatening Soviet troop movements during the political crisis here. Broadcasts quoted Polish reporters throughout the provinces as saying "Soviet army units have either already withdrawn to their bases, or are in the course of doing so."  
BACK TO NORMAL  
Life in Poland seemed to be returning to normal. Last night some young Poles ignored Gomulka's appeals for order and engaged in anti-Soviet demonstrations in sympathy for Hungarian rebels. Warsaw's radio said workers had rushed in trucks from the suburbs to discourage these "hooligan outbursts."

## Ike Guns For N. Y. Votes With H-Bomb Defense Talk

WASHINGTON (AP)—President Eisenhower set out for New York by train today in a bid for the state's 45 electoral votes.  
The President will make a major campaign speech there tonight. Advance indications are that he will follow up the argument which he advanced yesterday that the H-bomb helps give America "a position of strength" for peace by making any aggressor's attack "suicidal."  
The speech will be delivered from Madison Square Garden, with a nationwide broadcast over NBC television and radio, at 9 p. m., EDT.  
Before that time Eisenhower will confer with New York Republican leaders. Afterward he will fly back to Washington.  
Eisenhower, accompanied by his wife, appeared in good humor as he climbed aboard a special train at Washington's Union Station for the four-hour run to New York.  
The White House indicated Eisenhower plans to hit out again at a proposal by Adlai E. Stevenson, Democratic presidential nominee, that the United States take the lead in seeking world agreement on banning hydrogen bomb tests.  
Eisenhower's statement that U. S. possession of the H-bomb helps give it an essential "position of strength" in dealing with any potential enemy came late yesterday as he replied to questions put to him by a group of women on a GOP-sponsored radio-TV program.  
He also said anew that the military draft must be continued because the United States lives in "a world of tension." Stevenson has called for an end to the draft when that is consistent with national security.  
Miss Beverly Barr, a young high school teacher from Rochester, N. Y., wanted to know "how long it will be necessary for us to have a draft."  
Speaking from a Washington TV studio with Mrs. Eisenhower at his side, the President replied he "would be really using a crystal ball" if he tried to predict. He added he didn't think he would be justified in talking about termination of the draft in terms of months or years.

## Angry Adlai Heads For Stretch Drive

NEW YORK (AP)—Adlai E. Stevenson and are trying to ride to victory on a "phony peace issue."  
He told a howling crowd in the Democratic Bronx that "nothing has disgusted me more than this phony peace issue." The campaign, he demanded that Eisenhower call off the Republican exploiters of this issue.  
Stevenson reserved for the usually heavy Republican areas of Nassau and Westchester counties the sharpest barbs for Eisenhower and Vice President Nixon.  
SEVEN GROUPS  
Traveling 110 miles around New York's City and its suburbs, he spoke to seven groups, ranging in size from about 75 state labor leaders to about 10,000 in the Bronx, in a grueling 12-hour grind. Impartial observers estimated he had 36,000 listeners, plus those who caught him on television and radio.  
Stevenson takes off today for Springfield for a meeting with farm advisers and a major farm speech there tonight. He will headhome to the Pacific Coast for speeches in San Francisco and Los Angeles Saturday. He returns to the East for a major address at 10 p. m. Monday night.

## Wife Proud Of Mate For Going To Jail

WEYMOUTH, Mass. (AP)—Phillip E. O'Connell, 35, a seafood stand operator, today began serving his 32nd day of a 75-day jail sentence, but he's no "jail bird" to his wife and five children—instead, she's a hero.  
"I'm proud of Phil," Mrs. O'Connell says. "I feel a man has to be a man. In my book, a man has to stand up for his principles and beliefs. Phil is not a crackpot. He is not a radical. He has the respect of everyone in our neighborhood."  
O'Connell is allowed only one visit a week. His wife has been to one visitor.  
O'Connell's time will be up on Nov. 6, election day, but more important to the O'Connells, their eighth wedding anniversary.
