

## Reds Demand Egyptian Territory Be Restored

### Hammarskjold's Task Made More Difficult

LONDON (AP)—Soviet demand that Egypt be restored her pre-invasion territory promptly today toughened the peace-keeping task facing U. N. Secretary Dag Hammarskjold and the Middle East police force.

The renewed Russian backing was considered certain to stiffen Egypt's position regarding the role of the international force, already directly counter to firm stands taken by Britain, France and Israel.

Hammarskjold was left with the starring job of trying to find some compromise.

The secretary general flew to Egypt today from the U. N. troop staging area near Naples for on-the-scene efforts to get the policing operation in action. He accompanied 54 Colombian troops. They were followed by a second plane carrying 50 Norwegians.

Already in the Suez Canal zone was the first U. N. contingent of 32 Danish and Norwegian troops. They were standing by in barracks at Abu Suweir airfield, behind the Egyptian battle lines, awaiting reinforcements and orders.

Swedish Maj. Curt Egersted, a U. N. truce observer, told the first units to reach Egypt: "You will stay here until further instructions. You will be quartered in camps on this airfield. I know nothing about your future plans."

Another 513 Danes, Norwegians and Canadians waited at the Capodichino airfield near Naples, to be flown to Egypt. More U. N. forces were expected at Capodichino on the weekend.

Before leaving Italy, Hammarskjold would say nothing about his plans in Egypt. He declined to talk to reporters before boarding his plane.

"That's not necessary now," he told an aide.

Russia's latest move in the Middle East crisis came in the form of a note from Premier Bulganin to the prime ministers of Britain, France and Israel.

The notes demanded that the three countries pull their troops out of Egypt immediately, that Egypt be paid by the three nations for material losses suffered in the invasion and that the U. N. police force be restricted to positions along the 1949 Israeli-Egyptian armistice lines. He said the three nations should not be stationed in the Suez Canal zone.

Except for the question of compensation, which Egypt had not raised, these demands fell wholly in line with Egypt's stand.

Israel still demonstrated every intention of holding on to the Gaza Strip, a narrow piece of land on the Mediterranean formerly under Egyptian control. The Israelis seized the strip after their whirlwind push into Egypt's Sinai Peninsula.

The French government quickly labeled Bulganin's notes a maneuver to hamper the work of the U. N. force.

### Talk On Red China Slows U. N. Actions

By TOM HOGE

UNITED NATIONS, N. Y. (P)—The annual dispute over U. N. membership for Red China slowed down the General Assembly session today and Sen. Knowland (R-Calif.) made his debut in the world organization with a blast accusing India of drumbeating for the Communists.

The United States, backed by Britain and several commonwealth members, fought Indian-Soviet demands for a full Assembly debate on the issue of seating Red China. They pressed for a vote to approve the steering committee's recommendation that the issue not be considered at this year's Assembly session.

Knowledge, Republican minority leader of the U. S. Senate and a strong supporter of Nationalist China, did not take the floor but circulated a personal statement declaring:

"I have been shocked that India and the delegation leader Y. K. Krishna Menon have apparently become the floor leader for the Soviet drive to bring Communist China into the United Nations."

"The member states should not overlook the unchallenged fact that Communist China was the aggressor in Korea and was so declared by this organization."

"Communist China is in violation of the Korean armistice and U. S. moves to occupy North Korea."

During the lengthy debate, British P.M. Crosshwaite said the U. N. should be considering the Chinese question. Britain recognizes the Peking regime, but she has consistently supported U. S. moves to shove the seating issue.

Soviet Foreign Minister Dimitri Shepilov declared that the U. N.'s inaction was "impaired because Red China did not have a seat in its councils. The Russian State Department said the U. S. should use every possible sort of political pressure to keep out Red China."

### DI Receives Prison Term

PARRIS ISLAND, S. C. (P)—A young Marine drill instructor was sentenced to a year of hard labor and a bad conduct discharge today on conviction of four counts of cruelty to recruits.

Pfc. Frederick A. Repton, 19, of New York City, pled slightly as he heard the sentence, which also called for forfeiture of further pay. His mother, in the court room, apparently failed to grasp the sentence as it was read.

She and her son disappeared into the defense conference room and declined to talk to reporters.

Among charges against Repton was one that he forced recruits to spend themselves by loss of sleep over making suggestions.

The sentence is automatically subject to review by the convening authorities, the Marine Corps and Navy Department.

A 10-member general court-martial yesterday convicted Repton on two of 14 charges of maltreatment. At the opening of the court-martial, Repton pleaded guilty to two charges of forcing recruits to drink with power.

### Coalition Hinted For Hungarians

BUDAPEST (P)—Hungary's Russian-imposed Premier Janos Kadar and Budapest's chief labor leaders were reported today to have agreed on a three-stage partial withdrawal of Russian troops and the beginning of talks to form a coalition government.

But youth leaders of the revolution have rejected the agreement unless former Premier Imre Nagy, still a refugee in the Yugoslav Embassy, returns to power.

The demand for Nagy's return is so strong and Kadar's rejection so widespread it was considered unlikely the Premier could survive. The sincerity of any concessions he promises are generally questioned.

Reliable sources said Kadar had agreed with the Budapest Central Council of Workers, representing all industrial workers in the capital, on a three-stage program of Russian troop movement: (1) withdrawal to barracks in Budapest; (2) return to their original bases, either in the Hungarian countryside or in Russia; (3) start of negotiations with Moscow for a review of the Warsaw pact and withdrawal of all troops.

According to police, Miller called his wife at her home in Plainfield and she admitted the embarrassment. She then moved away to her Metuchen house.

Fugle, president of the company, signed the complaint charging Mrs. Miller with taking the money between Oct. 1, 1953, and last Nov. 2, the day before she left her job.

Miller, declined to comment on the affair.

Michael A. Patechio of Plainfield, attorney for the firm, said the payroll apparently was paid but he has no idea how it was done. The payroll has ranged from \$2,800 to \$6,000 a week.

'SOMEBODY GOOFED'  
DOVER, Del. (P)—Hundreds of new laws passed by the 118th General Assembly of Delaware will require two volumes worth printed. But somebody goofed. A \$100,000 appropriation for the printing never itself became law. The bill was never sent up for the governor's signature. This means the 118th legislature likely will get a deficiency bill.

### Heavy Snow Falls On Midwest Areas

By THE ASSOCIATED PRESS  
The coldest weather of the season covered most of the nation today.

A storm center located near La Superior touched off icy winds with gusts of 40 mph or more in the Great Lakes region.

Fresh snow, the heaviest of the autumn, slowed travel in northern sections of the Midwest. The snow fell up to a foot in depth in northern Minnesota.

The coldest weather of the season extended from the western edges of the Pacific Coast states to the Appalachians, and from the Rocky Mountains to the Mexican border.

Fraser, Colo., had 13 below zero. Overnight lows were not far from the zero mark in the Dakotas. Fargo, D. D., had 8 above and Rapid City, S. D., 7 above.

Other readings between the zero and freezing levels included 18 at Omaha, 18 at Denver, 17 at Casper, Wyo., 15 at Duluth, Minn., 17 at Spokane, 28 at Chicago, 21 at Salt Lake City, 23 at Kansas City and Oklahoma City, and 28 at El Paso, Tex.

The heaviest snowfalls were from Minnesota through northern Wisconsin and into western upper Michigan. Falls generally were from 6 to 10 inches, but in Duluth, Minn., there were 12 inches on the ground. More than four inches fell in the Minneapolis area.

The storm had left a snow carpet over areas in the plains, Wyoming and Colorado before sweeping into the northern sections of the Midwest. The snow fall diminished as the storm moved eastward and rain was reported in the leading edge of the cold air.

Heavy snow was expected to pile up during the day in upper Michigan. Snow also was forecast for the Great Lakes region, and in most of the Rocky Mountain region north of Colorado. Rain and showers were forecast from Virginia northward through Maine.

### Bride Held In \$140,000 Theft From Hubby's Firm

CLARK TOWNSHIP, N. J. (P)—A 35-year-old bride-to-be in Union County Jail today on a charge of embezzling \$140,000 from her husband's electronics firm over a three year period.

Mrs. Conrad Miller, married for only two weeks, admitted the alleged embezzlement during a tearful arraignment last night, but an innocent plea was entered on her behalf.

Magistrate Edward E. Reider then held Mrs. Miller without bail for grand jury action.

Detective Arthur Mishkin arrested her in nearby Metuchen at the home she had purchased while working as office manager for the Fugle-Miller Laboratories, Inc., here.

He said Mrs. Miller, the former Virginia Cook, admitted spending \$40,000 to \$50,000 of the missing money to buy that home and an undetermined sum to help her family.

Her husband, 38, is secretary-treasurer of the firm he started nine years ago with Frank L. Fugle, a friend since childhood.

When they were married, Mrs. Miller was required to give up her job under a company rule which bars the employment of executives' wives.

An automatic audit of the firm's books was made after her departure and Alexander Tariska, Perth Amboy auditor, discovered the loss yesterday.

According to police, Miller called his wife at her home in Plainfield and she admitted the embezzlement. She then moved away to her Metuchen house.

Fugle, president of the company, signed the complaint charging Mrs. Miller with taking the money between Oct. 1, 1953, and last Nov. 2, the day before she left her job.
