

Israel Occupies Gaza; J. I. Asks Cease-Fire

Vote Passes By 64 to 5; Six Abstain

By WILLIAM N. OATIS
UNITED NATIONS, N. Y. (AP)—The U. N. General Assembly in an unprecedented emergency session voted overwhelmingly early today for an immediate cease-fire in Egypt.

The 76-nation Assembly, adopting a resolution introduced by Secretary of State Dulles, also urged that Israel pull her forces out of Egypt and that Britain and France not move their troops out of the Sinai Peninsula.

STRONGER ACTION?

Should they fail to do so, the expectation was that a further proposal would be introduced for stronger action, Dulles' resolution provides for the Assembly to remain in emergency session pending compliance but no time was set for the next meeting.

The vote was 64-5 with 6 abstentions. Britain, France, Israel, Australia and New Zealand voted against the resolution. Canada, South Africa, Belgium, Laos, the Netherlands and Portugal abstained. Luxembourg was absent.

Among those voting with the United States for its proposal were the seven-nation Soviet bloc, the 20 Latin-American nations, the 23-country Asian-African group and Scandinavia. The decision, shortly before 2:30 a. m., set 27 seconds' applause from the floor and gallery in the high-domed assembly hall.

The Assembly met to deal with Israel's strike into Egypt last Monday and Britain's and France's air and naval actions since Wednesday aimed at occupation of the Suez Canal zone.

An emergency special session was called by the Security Council after British and French vessels had killed U. S. and Soviet resolutions for withdrawal of the Israeli forces.

It was the first ever held under the "uniting for peace" resolution, which United States got adopted in the 1950 General Assembly to bypass the Soviet veto.

That system allows charges of breach of the peace or aggression to be taken to the Assembly without the consent of the Security Council.

The Communists have always been quick to exploit disunity in the free world. And I would hope the free nations, could make it clear that united we stand and united we cheer when the hour of liberation from the Communist nightmare strikes.

Nasser Invokes Martial Law Throughout Egypt

LONDON (AP)—Israel today announced occupation of the entire Gaza Strip and claimed other smashing victories in ground action against Egyptian forces.

The French Defense Ministry said Egypt's air force had been "completely put out of fighting condition" by repeated poundings from British-French air forces.

There still was no word of a ground invasion by British or French forces. But a French spokesman in Paris said the combined force on Cyprus was increasing steadily.

Martial law was declared throughout Egypt tonight. President Nasser assumed all the extraordinary powers of a military commander over this nation of 22 million.

Egyptian Army headquarters announced today a fishing vessel sunk by British-French air force in the Mediterranean. Bombardment has blocked the southern entrance to the Suez Canal.

A spokesman at Israeli army headquarters in Tel Aviv reported the surrender of Gaza City, Egyptian headquarters for the Gaza Strip, after a tank-led Israeli tank force smashed into the city.

The surrender put the entire strip in Israeli hands and ended a 24-hour fight for the region. Israeli troops yesterday captured Rafah, the only other major center in the strip.

The Gaza territory, a 25 by 8 mile finger of land separating the southern end of Israel from the Mediterranean, has long been a center of Israeli-Egyptian border troubles. Elimination of Fedayeen (commando) bases in the area was one of Israel's announced objectives in its thrust into Egypt Monday.

Martial law was declared throughout Egypt.

Nonstop strikes in London said Royal Air Force heavy and medium bombers were keeping up their nonstop strikes against the Egyptian air bases today.

"None of our aircraft has been reported missing," a British spokesman said.

The Israeli spokesman said fighting in the central Sinai desert was "progressing satisfactorily." Israeli forces claimed to have captured 100 prisoners.

Referring to efforts in the satellite to shake off Moscow domination, he said: "The peoples of Poland and Hungary, brave as ever through all their history, have offered their lives to live in liberty. And as the people have risen, so have new governments — and so has new hope."

"In all this the true intent of the Soviet Union seems not yet clear. We are — only today — troubled by news of new Soviet efforts to suppress the people of Hungary by force. If this be true, this is a black day of sorrow."

Eisenhower was alluding to reports from Budapest that reinforced Soviet troops had seized all Hungarian airfields in what the Budapest radio called a fresh Russian invasion.

"Would we today feel safe or secure as a nation if we — some time in the past — had already ceased perfecting our military weapons and even abandoned our military draft?"

Then he went on to say to a round of applause: "That is no formula for peace — it is a design for disaster."

Eisenhower aides had predicted in advance of his speech that he would devote a good part of the address to a reply to Stevenson's criticism of the administration's Middle East policy.

Budapest Awaits New Report On Soviet Troop Movements

BUDAPEST (AP)—Tension gripped Budapest today in the wake of fresh Soviet troop movements into Hungary, but Premier Imre Nagy's government sought to minimize the gravity of the situation.

A government spokesman said no new Russian troops had entered Hungary after an estimated two Soviet divisions poured across the border from Russia yesterday.

The spokesman said the situation which was "extremely grave" last night had "relaxed" today. But the Budapest population waited anxiously to see if the Russians would move again.

The Soviet troop move came in the wake of Nagy's announcement that Hungary was pulling out of the Kremlin-dominated Warsaw Pact and claiming neutral freedom from any power bloc.

The government, meanwhile, prepared to resign today and make way temporarily for a small "caretaker" cabinet of experts under Nagy.

Nagy quickly informed the United Nations of the Soviet military movements and placed Hungary under U. N. protection as a neutral country.

Soviet Embassy representatives assured the Premier the troop movements were only a regrouping, and not aggressive. They said their forces had ringed Hungarian airfields to ensure evacuation of wounded Soviet soldiers and dependents. Russian families were seen leaving the Soviet Embassy during the night.

Italian Ambassador Leonardo Vietti called on an emergency session of the 76-nation U. N. Assembly in New York last night to do what it could to answer Nagy's appeal. Secretary of State Dulles endorsed Italy's statement and voiced hope the U. N. Security Council would keep the Hungarian case "urgently before it."

Budapest radio earlier broadcast warnings of a new "Soviet invasion." Reports circulated last night that the government had to restrain Hungary's air force from going into action against Russian armor camped around Budapest airfield.

News of the Soviet action appeared to unite the people more than before.

Workers' delegations said a general strike had been called off because they were satisfied with the tough stand the Premier was taking against the Soviet Union.

Budapest residents gradually returned to work in response to appeals from the trade unions.

Adlai Blames West For Red Re-Entry

By ERNEST B. VACCARO
CLEVELAND (AP)—Adlai E. Stevenson suggested today that the "breakdown of the western alliance" may have encouraged Soviet Russian forces to re-enter Hungary.

At the same time, the Democratic standard bearer called upon the United States government to support Hungarian Premier Nagy's plea that the case be taken before the United Nations General Assembly to insure an immediate "full hearing for Hungary."

Stevenson spoke out in an address prepared for delivery from a platform at public square.

Stevenson flew here from Buffalo where he dispatched a telegram to all Democratic governors, senators and congressmen, and party candidates for those offices asking them to join him in hammering away at alleged administration foreign policy failures in the four remaining days of the campaign.

Fails Stevenson 'Path Of Honor' Ike's War Road

By MARVIN L. ARROWSMITH
WASHINGTON (AP)—President Eisenhower said last night his administration has chosen a "path of honor" in the Middle East crisis by refusing to "condone armed aggression."

And he told an overflow crowd in Philadelphia's 18,000-seat Convention Hall that because he is convinced he picked the right path he is "undisturbed by the strident voices of those few who seem to be seeking to turn world events to political profit."

Speaking also to a nationwide television-radio audience, that was as close as Eisenhower came to replying to sharp criticism which Adlai E. Stevenson has been hurling at him regarding the Middle East situation.

It was Eisenhower's last major speech of the campaign and he did fire back at Stevenson once again on two other issues, without naming his Democratic rival. He said his opponent is advocating "designer disaster" in these times of "crisis."

He said Eisenhower was alluding to reports from Budapest that reinforced Soviet troops had seized all Hungarian airfields in what the Budapest radio called a fresh Russian invasion.

"Would we today feel safe or secure as a nation if we — some time in the past — had already ceased perfecting our military weapons and even abandoned our military draft?"

The Campaign In A Capsule

(From AP Reports)
The war in Egypt, which Adlai E. Stevenson claims should have been averted by President Eisenhower, became Stevenson's main topic in addresses today in Cleveland and tonight in Detroit. The Democratic nominee laid down this argument first in a Buffalo television address last night.

President Eisenhower was back in Washington following his "path of honor" address last night in Philadelphia's Convention Hall. Then, the President said Republicans have chosen a "path of honor" in the Middle East by refusing to "condone armed aggression."

After lauding Eisenhower for "his handling of the Middle East crisis," Vice President Richard M. Nixon talks-stopped through Pennsylvania today, with talks scheduled at Greensburg, Johnstown, Altoona, Huntingdon and Lewistown. He is to make a nationwide CBS radio-television address from Hershey, Pa. (9:30 p.m. EST).

Also in Pennsylvania today is Sen. Estes Kefauver, who spoke at rallies in Sharon, New Castle, Beaver Falls and Washington, Pa. He assured his audiences Mr. Stevenson will be elected because "nothing has been done by President Eisenhower for distressed unemployment areas, or for the farmers."
