Hungary Okays Dag's 'Visit' Later

UNITED NATIONS, N. Y. (AP)—The Hungarian government today accepted the offer of Secretary General Dag Hammarskjold to visit Budapest but specified that the visit should be "at a later date appropriate for both parties."

Then, referring to Hammarskjold's offer to go to Budapest personally to look the situation over and to arrange for U.N. relief machinery, the acting foreign minister said:

"In order to make it possible for our exco to conduct direct negotiations with the Hungarian government, the revolutionary workers and peasants government of the Hungarian people's republic is ready to welcome your excellency in Budapest at a later date appropriate for both parties."

The communication was circulated to delegates as the 79-nation Assembly met to consider a resolution, sponsored by the United States and 13 other countries, pressing once more for the entry of U.N. observers into Hungary to investigate the situation there.

The position of the government was set forth in a telegram from the acting foreign minister, Istvan Sebes, to Hammarskjold.

BUDAPEST, Hungary (AP)—Bolsheviks seethed with reports today of new fighting between Hungarian rebels and the Russian army in the countryside.

The reports were spread mouth to mouth and were heard by Western diplomats. Sizeable bands of guerrilla freedom fighters were said to be battling from forests and hills both in northern and southern Hungary.

Pecs, a center of Hungary's coal and uranium mines, was named as one of the chief redoubts of the rebel holdouts.

Some rumors in the capital said shooting heard here yesterday was artillery fire on Hungarian attackers. Another rumor said Russians and Hungarians were fighting in the Buda section of the capital this morning.

The government-controlled Budapest radio explained that the firing was an artillery salute at a burial ceremony for Russian soldiers killed in the rebellion.

None of these reports could be confirmed. Some of them apparently sprang from lack of confidence in the government-controlled radio and newspaper.

Budapest people displayed their disgust with the Communist party newspaper, Nepszabadsag, when they burned stacks of the paper in the streets yesterday.

Eisenhower, Dulles Believe Prospects For Peace Good

AVIGUSTA, Ga. (AP)—President Eisenhower and Secretary of State Dulles believe prospects for peace in the trouble-ridden Middle East "are now reasonably good."

Dulles returning to the job after a month's convalescence from measles surgery, put it that way at the conclusion of a two-hour review of the general international picture with the President here yesterday.

"Certainly I think anybody must be indeed far gone in pessimism if he thinks the danger of the war in the 'Middle East' area today is as great as it was a month ago," Dulles told a news conference.

But both Dulles and the President believe steps are necessary to bolster the North Atlantic Alliance, which they agreed has been strained as a result of differences between the United States on the one hand and Great Britain and France on the other in the Middle East crisis.

They also agreed that need for unity and strength "of that alliance, fashioned to check the threat of Communist aggression has been 'tragically demonstrated' by Soviet action in Eastern Europe, particularly in Hungary."

Reliable reports reaching Vienna, in Austria, said guerrillas in the Meccsek Mountains and around Lake Balaton were attacking Soviet units nightly. The Russians were said to have sent one of their most energetic commanders to the region to track down the insurgents.

In snow-flecked Budapest, thousands of Hungarians plodded wearily through the cemeteries, trying to identify their dead among the unclaimed bodies from the Soviet-crushed revolt. Hundreds of simple black wooden coffins, their lids open for identification purposes, were scattered about the graveyards.

Keightley Asked For Timetable

LONDON (AP)—Foreign Secretary Selwyn Lloyd said today Britain and France have decided they can now withdraw their forces from Egypt "without delay."

Lloyd told a tense session of the House of Commons the two governments "have instructed the allied commander in chief, Gen. (Sir) Charles Keightley, to seek agreement with the United Nations commander, Gen. E. L. M. Burns, on a timetable for the complete withdrawal, taking account of the military and practical problems involved."

"The French and British governments have come to the conclusion that withdrawal of their forces in the Port Said area can now be carried out without delay."

Lloyd declared, amid opposition Laborite jeers: "Given good faith on all sides it can be carried out in a short time."

Lloyd declared U.N. Secretary General Dag Hammarskjold will promote negotiations as quickly as possible on three matters:

1. The six requirements set out in the U.N. Security Council resolution of Oct. 13 which would keep the Suez Canal out of national and international politics.

2. Talks in New York between Hammarskjold, Lloyd, French Foreign Minister Christian Pineau and Egyptian Foreign Minister Mahmoud Fawzi. Lloyd did not elaborate.

Hammarskjold's proposed basis for negotiating a new regime for the Suez Canal, based on the six requirements of the Oct. 13 resolution.

Lloyd added: "I believe we shall reach an agreement providing adequate guarantees that the six requirements will be met. Her majesty's government, of course, adhere to their view as expressed in the resolution voted on by the Security Council on the 13th of October."

Gov. Luther H. Hodges today announced the appointment of Gastonia attorney Grady B. Stott as solicitor of the 14th judicial district succeeding Rep. elect Basil L. Whitener.

However, the move by Gov. Hodges will not lessen efforts by Mecklenburg attorneys to get a solicitor named in the future from this county.

Integrated School Asks Federal Help

By BILL RAWLINS
CLINTON, Tenn. (AP)—The Anderson County School Board today asked the Federal Government today it has reached the end of its rope in trying to enforce racial integration at Clinton High School and asked for help.

In a letter to U.S. Attorney General Herbert Brownell, the board said it might become necessary to close the school within five days unless the government comes to enforce a federal court injunction order.

All of the 10 Negro pupils still enrolled remained away from classes since last Tuesday after reporting white students had thrown rocks and eggs at them. None showed up for classes today and no disorders were reported as classes were resumed for the week. And Principal D. J. Brittain said, "I believe they will stay out this week."

CLINTON HIGH was the first state-supported school to be integrated in Tennessee. The county has no high school for Negroes and parents of the Negroes have indicated they will turn down a school board offer to transport the boys out this week.

Ten Negro pupils remaining of the dozen admitted under federal court orders this year have stayed away from school since last Tuesday. They demanded the board give them assurance of their personal safety.

They left school after rock and egg throwing incidents last Monday and Tuesday climaxed a series of acts of harassment of white pupils which had developed in recent weeks.

Card Robbery Hearing Set

LEXINGTON (AP)—Four Kanopolis men, charged with the \$11,000 robbery of a card game Nov. 21, were docketed for a hearing here this morning on charges of armed robbery.

The quietest is accused of holding up 16 men at a High Rock Lake cabin.

The defendants were Earl Meisner, 44, reported to be the finger man, and J. D. Powell, 34, William Franklin Petrie, 24, and Freddy Hampton, 21.

Sheriff H. L. Cox said that \$1,430 of the money has been recovered and that the men admitted the robbery. Exact amount of the holdup loot was not determined, Cox explained, due to the reluctance of the victims to talk. The \$1,000 figure was Cox's estimate.

The admission of the Negroes among 80 white pupils Aug. 27 was followed by a week of increasing crowds and disorders, climaxed by arrival of state troops and National Guardsmen Labor Day weekend.
