Time Works Against The University; Presidential Vacancy Must Be Filled

THE Consolidated University of North Carolina needs the leadership, vision and educational statesmanship of a permanent president. It needs them now. It has been almost a year since the resignation of Gordon Gray was accepted by the board of trustees...

OV. HODGES said in Chapel Hill last week action can be expected "within the near future." Last spring, Victor Boyan of Durham, chairman of a nominating committee named to consider candidates for the University presidency...

ADMITTEDLY, this is not a task that can be performed with pedantic haste. Men of the talent and integrity required are not to be found behind every academic rose bush in U. S. education. What sort of a man is needed?

MAJOR EFFORT to infect the body politic with the voting virus will be made Monday in Park Center. The objective of the meeting, sponsored by the Chamber of Commerce and the Merchants Association, is simple and significant: To produce enthusiasm, the best carrier of the voting virus...

THE ORIGIN OF PIZZA PIE. ONE OF our acquaintances, who is always belittling, tried to convince us the other night that pizza pie, like chop suey, is not of foreign origin...

By MARY JONES. My love for children and feel I was having more success with their progress if I could have been relieved of part of the load of unfortunate situations which so many teachers must bear...

'Let's Face It, Dick - You Just Ain't Used To High Levels'. I was hoping to become a teacher, I am far, far happier! I now have a chance to live in peace. I can't even please ourselves, always we don't like having no place for your children to put their books and book-bags...

Overcrowded Schools Are A Threat To Democracy. I have taught, all in all, in four schools in two fine systems under two outstanding superintendents. When I entered the profession it seemed wonderful at first...

DESPITE INFLUENZA. The next reason I am quitting is that I couldn't enjoy a moment's relief from the time the children returned to the classroom...

POLITICAL METAMORPHOSIS. I don't know how Thomas Jefferson and John Quincy Adams were both elected president by one vote in the year 1800...

STEVENSON IS A NEW MAN. By STEWART ALSOP. I am glad to see that Stevenson is a new man. He is more than I have seen in his performance here in Iowa.

Drew Pearson's Merry-Go-Round. I ain't supposed to be sprung until later in the campaign but the Democrats are preparing an answer to the GOP "prospects" theme...

DEEP RESPONSIBILITIES. A new teacher arrives to face a strange school with strange children with shaking knees. Then, when it dawns on her that she is expected to learn all there is to learn about all these people...

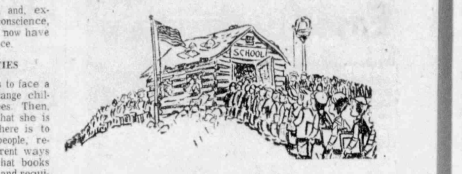

UNFAIR CRITICISM. So, I'm also quitting because of unfair criticism to the profession by parents who have no understanding at all of what the teacher's job consists of...

NONSTOP JOB. The reason I am quitting is that I couldn't enjoy a moment's relief from the time the children returned to the classroom...

GOODBYE TO TEACHING. But I am leaving those worries behind me—and my wrinkles—and my gray hairs, I hope, I am going down town to get a cut in salary...

LIFE BEGINS. I am exchanging all this for longer hours, no three-month summer vacation, no longer salary, had a day's work to do on Saturdays...

Smelly Deal Exposed. This was widely advertised as a subsidy to help the dairy farmers. But it did what the cheese middlemen wanted...
