That German Victory News Is Overdue but We Can Wait

Day before yesterday Mister Goebbels told the German people and the world that within 24 hours his propagands ministry would announce Nazi successes in Russia "baffling the Imagination." Our imaginations are still waiting to be befiled by Mister Goebbels.

Higher Rents

Don't Blame Increased Coal Prices-Yes

Cost Frices—18.

There is a considerable undercurrent for talk in Charlotte about how the apartment house landlords are going to shock their tennals with a general rent increase this Fall. We have been unable to by indown any landlord for a definite statement on whighter he was going to his rents but one or two said they "might have to do it."

Apartment owellers say that are being iold that the rumored rent increase will be blamed on higher cost—particularly, they hear, on the rise in coal prices.

prices.

We do not know what the other "higher costs" include. There has been no change in the tax rate on property. There is no threatened increase in water

or power rates.

How about coal? There have been How about coal? There have been price increases in various types of coal. Stoker nut coal is now selling for about \$8 a ton-80 cents higher than last Summer's price. Pocahonias egg is currently quoted at about \$9.50 a ton-85 cents higher than the price last Summer. These are increases—but mighty narrow ones.

OI course the prices on coal may sky-pocket within the next month or two.

Even now many mines are taking orders for delivery after July 25. But until there is a really substantial boom in coal prices, the landlords need a better excuse for talking about rent-

aising.
It might sound stronger if the land-It might sound stronger if the land-lords came right out and said: "Well, times are getting good and everybody che is doing it so why shouldn't lut my-self an extra chunk of dough." The public understands that kind of talk better than something like this: "Dear Tenant, Due to a terrific rise

talk better than something like this: "Dear Tenant, Due to a terrific rise in the price of coal, amounting to 50 cents a ton, we are forced to increase your rent \$5 a month. Love, Your Land-lord."
