

May Britt Joins Jewish Faith

HOLLYWOOD, Calif. (AP)—Svedish actress May Britt has joined the Jewish faith. Her fiance, Negro entertainer Sammy Davis Jr., adopted the same faith some time ago.

Miss Britt's press agent said she completed a course of studies and was accepted into the faith by rabbis of Temple Israel in Hollywood.

Miss Britt formerly was a Lutheran.

PROMISE

(Continued From Page One) Assistant secretary of labor, "was thrown out" so George C. Lodge could have the \$20,000-a-year post. As for Diggs' charge that Lodge had reneged on a promise of a Negro in the Cabinet, Lodge said: "How could I renege? I can't appoint members of the Cabinet." Then Lodge added that he would make "this promise," that if Nixon were elected "there will be a Negro in the Cabinet."

Albany was the first stop of Lodge's second swing in upstate New York in the campaign. His day also called for stops at Schenectady, Rome, Ulster and Syracuse.

The former ambassador to the United Nations had drawn a storm of debate over statements he made in Harlem and Virginia concerning a Negro in the Cabinet. There were differing interpretations of the statements.

NIXON

(Continued From Page One) in the Formosa objective last week. He omitted it altogether Monday.

Giving up any territory to the Communists, he said, would lead "right down the road to defeat and surrender."

On the island issue, he said of Kennedy: "He has shown a very dangerous immaturity in world affairs. Sen. Kennedy has to learn to think before he speaks so rashly on matters which affect the very security of the nation. Twice he has made statements that would make us a sitting duck for the Communists to push around."

He called Kennedy "a man who shoots from the hip on matters that gravely affect the security of the country."

He asked: "What can we—and the world—make of such glib double-talk?"

And he said as far as the Communists are concerned, Kennedy's Quemoy-Matsu stand "would be an express invitation for them to blackmail us by threats of force all over the world."

Probe Set Into Phone System

NEW ORLEANS, La. (AP)—An investigation has been ordered to determine the necessity of the emergency telephone setup in suburban Metairie. The cost—over \$10,000 per call—was considered too high.

The system, installed at a cost of \$32,000, consisted of 234 telephones in strategic spots connected to Fire Department circuits.

Officials ordered the probe after learning only three calls were made last year.

Trading Stamps Not Good Payment

CHESTERFIELD, Va. (AP)—Commonwealth's atty. Ernest Gates has some bad news for a woman who found what she thought was a painless way to pay delinquent taxes.

She mailed a big batch of the trading stamps to the county treasurer in payment of property taxes due for 1956.

Gates ruled they're not legal tender and County Treasurer George W. Moore Jr. is going to mail them right back.

Negroes Enter Class Without Incident

BURNSVILLE, N.C. (AP)—Seven Negroes began attending Yancey County's two formerly all-white public high schools Monday. The integration process came off quietly—even on the football field.

One of the Negro students—John Vance Jackson—was playing end on the Cane River High School football varsity. Another, Louis S. Young, was on the team's junior varsity.

East Yancey High expected to have John Horton—one of three Negroes enrolled there—report for football today.

(Continued From Page One) were armed with sharpened butter knives.

Mikalsen, asked how he had spent the time while in the hands of the convicts, replied: "I just kept quiet."

Two of the other convicts identified as participants in the outbreak were Louis Colone and Robert Pache.

JONAS

(Continued From Page One) Lodge qualified the "promise" by saying "I believe" it will be an outcome of a presidential victory by Nixon.

Jonas was asked if he has any objection to a Negro being named to the cabinet.

"My feeling is that the cabinet should be chosen on the basis of experience and qualifications for the job, not on the basis of race, religion or what have you."

The congressman then was asked if this could be taken to mean he would not object to a qualified Negro. He replied, "You can take it just the way I said it."

know what I would do if I had an offer to manage another club."

Topping opened the conference by making the following statement:

"Two years ago Casey Stengel, quite reluctantly, signed a new two-year contract to manage the Yankees with the understanding that after the first year he could retire if he decided to do so. At that time it was a question of his retirement from baseball and devoting more time to his personal affairs. Naturally, the question of salary never was a problem. I am sure that Casey has been—and deservedly—the highest paid manager in baseball history."

"Keeping his possible retirement in mind, the Yankees set out to develop a program for the eventual replacement of Casey. Naturally, this has been a difficult job. Casey has been and is a great manager, a successful operator and is admired and respected by all of us. If anyone ever deserved to be elected into the Hall of Fame it is Casey Stengel."

"Through the Yankee profit-sharing plan which is made up solely of deposits by the ball club, Casey will have on Oct. 31, 1960, an amount exceeding \$160,000 to his credit to do with as he pleases. I do not believe any manager has ever left a club with a so-called 'bonus' of this amount.

"Naturally, all of us in the Yankee organization wish Crasey well in any new undertaking he has in mind. We are proud and fortunate to have had him as Yankee manager these last 12 years."

Although he said he was leaving the club under friendly circumstances, Stengel made no attempt to conceal his bitterness and resentment and intimated he did not have a free hand in running the ball club.

"I never was a yes man," he said, "and I don't intend to be one now."

GOP Goofs—Meyner Is A Democrat

TRENTON, N.J. (AP)—Dear Republican National Finance Committee:

Democratic Gov. Robert B. Meyner is not a dear friend, as you addressed him in a fund-raising letter.

He will not give a campaign contribution, as you asked.

He has not "supported the party outstandingly in the past..." as you suggested in your form letter to him.

Meyner told a news conference he doesn't know how he got the letter. It may be because he once met G. Clifford Folger, GOP Finance Committee chairman, he said.

Lexington Crash Takes Four Lives

LEXINGTON, N.C. (AP)—Four men were killed today when a light plane in which they were riding crashed and burned near here, authorities reported.

Officers said the craft was a Piper Tri-Pacer and that the men were thought to be furniture buyers from Ohio. The crash was said to have occurred about 2½ miles south of here, behind a motel on U.S. 29-70.

Authorities said the men had landed a few minutes before at a private strip here to stretch their legs. After a few minutes they took off again and the plane crashed just after take-off.

No one was known to have seen the actual crash, although a woman resident said she saw the plane flying upside down before it came down.

Federal Aviation Agency spokesman said the plane had filed a flight plan for a trip from Knoxville, Tenn., to Raleigh-Durham.

The Lexington Fire Department put out the fire. The bodies were badly burned and hard to extricate.
