

Russia Withdraws Rockets From Cuba; U.S. Guarantees Not To Invade Isle Of Cuba

By LEWIS GULICK
WASHINGTON (AP) — The United States pushed today for fast diplomatic action to nail down Soviet Premier Khrushchev's agreement to pull Soviet missile bases out of Cuba.

Washington policymakers held hope—mixed with liberal doses of caution—that a breakthrough has been scored in the U.S.-Soviet confrontation that bordered on potential nuclear conflict.

Khrushchev's pledge was hailed in Western capitals as a stunning victory for the United States.

NO SECRET DEALS

Informed sources said there were no deals or secret understandings involved with the Soviet leader's offer to dismantle the Cuban bases and return their rockets to the Soviet Union. The only price he asked was a guarantee, which Kennedy gave, that the United States would not invade Cuba.

American diplomats focused on working out arrangements for U.N. inspection of the withdrawal from Cuba of the "grim weapons" which Khrushchev, under threat of forceful U.S. action, dramatically announced he would ship back to the Soviet Union.

U.N. Acting Secretary-General U Thant arranged to fly to Cuba Tuesday. The U.S. hope is that he can take with him a workable inspection plan to present to Prime Minister Fidel Castro.

SENDS NEGOTIATOR

Khrushchev sent Deputy Foreign Minister Vasily Kuznetsov to New York to negotiate. He said on his arrival Sunday night, "We are sure peace can be achieved if all parties concerned will exercise good will and a reasonable approach."

Militarily, the U.S. Navy marked time while Soviet ships once headed for Cuba stayed from two to three days' sailing time away. The State Department announced that while the quarantine against offensive weapons shipments to Cuba continued.

Set Hearing For Driver's Appeal

The Adams County Court Saturday set November 14 at 10 a.m. as the time for a hearing on the appeal of Herbert L. Nichols, Littlestown R. 1, from a suspension of his driver's license ordered by the state.

The court's order sets aside the suspension until after the hearing according to the appeal filed with the court by Attorney Donald G. Oyler. Nichols was arrested December 20, 1961, for speeding at 10 miles per hour above the posted limit. The appeal states the state was wrong in suspending Nichols' license because he received no notice of a hearing by the state before his license was suspended and because the suspension is "too great" a punishment for a first offense in which the excess speed was "only 10 miles an hour." According to the petition, the state normally gives only a warning on a first offense for only a 10-mile-per-hour excess of speed.

PAYS TRAFFIC FINE

Malcolm Wilford Longley, Oshawa, Ontario, paid a fine and costs Saturday night before Justice of the Peace Robert P. Snyder on a charge of driving through a red light at the intersection of Carlisle St. and Lincoln Ave. According to the police policeman L. C. Hamme.

Irvin Marks, 35, of Hellam R. 2, was treated at the York Hospital late Saturday morning for removal of pellets from the left leg. He told hospital authorities he had been shot while hunting in the New Oxford area but did not know who fired the shot.

REFORMATION SERVICE HELD HERE SUNDAY

"The Roman Catholic Church of today is not the Roman Catholic Church of the 16th century just as the Protestant churches of today are not the Protestants of that century," the Rev. Robert V. Moss, president of Lancaster Theological Seminary, said Sunday evening at the annual county Reformation Sunday services in the Church of the Abiding Presence on the seminary campus here. He noted new signs of ecumenicity in the church of today.

Several hundred persons gathered for the service which was sponsored by the Adams County Council of Churches with three county pastors participating.

Dr. Moss, who was introduced by the Rev. Robert N. Paden, pastor of the Cashtown Charge of the United Church of Christ, used as his text these words of Christ: "And I tell you, you are Peter and on this rock I will build my church." He explained the interpretations placed upon this passage of scripture by Roman Catholics and by Protestants.

REFORM ALWAYS NEEDED

He reviewed positions taken by Calvin and Luther on the authority of the word of God as against the word of the Pope. "As the church of the 16th century needed purifying and reforming, according to the word of God," the speaker said, "so must the church continually be reforming itself if it is to serve God in its own day."

The speaker said the "call to reform is particularly urgent today" when, he said, Christianity is a waning religion. He pointed out that in the last decade or two the growth of the Christian church has fallen behind the increase in population. "The age of the return to the church is over," he observed.

Encouraging signs in modern times were listed by the speaker as these: The church is beginning to speak.

Snyder this afternoon. Barnes was released after police told him they will bring a reckless driving charge against him. Police estimated damage to Barnes car in the accident at \$150. HERE AND THERE

Halloween in the 1960s is a tame affair compared to the rugged vandalism of bygone years. And this definitely is a good thing. Halloween today is largely a plaything for the small fry to call on neighbors and demand "Trick or Treat."

If there is a small lad or lassie in your household who is looking forward to donning spook garb for a night of trick or treat, there are a few simple precautions you can take to help insure that the tot makes it home safe and sound.

Galbraith Promises Nehru Weapons To Defend India

By HENRY S. BRADSHAW
NEW DELHI (AP) — Prime Minister Nehru asked the United States today for weapons to fight the Chinese Communists. U.S. Ambassador John Kenneth Galbraith assured Nehru he would get them.

Nehru sought American help as a major battle loomed for a vital 2½-mile Himalayan pass on the route to India's densely populated Assam Plains.

The Indian army was rushing reinforcements to the Se Pass to try to stem the advance of at least one 10,000-man Chinese division striking forward from the key northeast border town of Towang which fell last week.

WILL SEND BY AIR

American infantry weapons for the Indian defenders in the Himalayas may begin arriving by air by the end of this week, it was understood.

The terms on which the weapons will be supplied were left open, a U.S. Embassy spokesman said.

In the past India has insisted on paying for weapons but now there is no cash and a desperate need for arms.

A small shipment of British weapons has already arrived. France and Canada have also been asked to supply arms. The feeling here is that only the United States can provide the amount of weapons needed.

FIRST DIRECT REQUEST

Galbraith delivered to Nehru a pressing sympathy for India in its present emergency and "something more tangible," the spokesman said. In response Nehru made the first direct request for American arms.

Details of weapons needed are now being discussed with Indian military men, the spokesman said.

ROAD TO PLAINS

If the line at Se Pass does not hold, the next stand for the beleaguered Indians probably would

HUNTER MAY EAT VENISON IN JAIL HERE

Wilbur Truman Smith, 31, Heidlersburg, was in the county jail this morning serving a 109-day sentence on a charge of attempting to take a white-tailed deer out of season.

And Sheriff Dawson Miller said that if Smith remains in the jail long enough he'll get to eat some of the seven-point buck he is accused of shooting near Natural Dam Saturday morning.

Smith is in jail for 109 days in default of fine and costs totaling \$109 and can secure his release from jail at any time by paying the fine and costs.

FOUND GUILTY

Justice of the Peace John Whitman, Cumberland Twp., sentenced Smith Saturday after finding him guilty of attempting to take the deer. Smith had pleaded innocent to the charge brought by Adams County Game Protector Homer H. Thrush.

Thrush and Deputy Game Protector Chester S. Shriver were called to the Natural Dam area in Freedom Twp. late Saturday morning when a hunter saw the deer, which was standing in Marsh Creek at the time, fall into the water under a barrage of shot and shell.

According to reports, 10 or 12 shots were fired at the deer from a .410 gauge shotgun, some shot and some rifle slugs. Since four buckshot shells were found at the scene Game Protector Thrush

JAILED BISHOP IS GIVEN MEDAL BY MSM ALUMNI

Bishop James Edward Walsh, a 1910 graduate of Mt. St. Mary's College, Emmitsburg, and now a prisoner in Red China, was awarded, in absentia, the 1962 Bishop DuBois Medal at the annual alumni home-coming dinner at the school Saturday evening. The medal was accepted by his brother, Atty. William C. Walsh, Cumberland, Md. It will be placed in the Bishop Walsh museum at the Maryknoll Seminary, Maryknoll, N. Y.

In making the presentation "for distinguished public service" said:

"Undaunted by personal danger and motivated by a love of our Lord and your fellowman, you have climaxed a career of priestly service by placing yourself at the mercy of those atheistic and tyrannical forces which are now seeking to rule the world.

"Instead of seeking your own freedom, you have chosen to remain a prisoner, suffering whatever physical and mental hardships are necessary, in hope that your presence may keep alive for the Chinese people their belief in the goodness and mercy of Almighty God, our Father.

"DEDICATED WORK"

"You have dedicated your adult life to the work of the missionary field. After graduating from your Alma Mater, Mt. St. Mary's College in 1910, you were the second student to enroll at the newly established Maryknoll Seminary. Shortly after your priestly ordination in 1915 you began your work among the Chinese and have thus spent your life with the exception of the period between 1936-1946, when you served as a token of her pride in your accomplishments your Alma Mater conferred upon you her highest honor, degree of Doctor of Laws.

"Returning to China in 1948, you chose to remain even as the Red hordes pillaged, ravaged and destroyed all in its path. With great courage and humility you held on high the Cross which had been

RASH OF FIRES OVER WEEKEND

Woods fires, including another at the Camp Tuckahoe area near Dillsburg, kept firemen from a number of communities busy Sunday.

Gettysburg firemen were called at 1:45 o'clock Sunday afternoon when several acres of woods burned near the home of Mark Sanders east of the Gettysburg-Harrisburg Rd. along the new Route 15 construction near Schriver's Corner. Firemen secured water from a pond of A. L. Young a quarter mile from the scene to bring the blaze under control. The call was the second for the local firemen Sunday. At 9:21 Sunday morning they were summoned when a stove caught fire at the Sigma Chi fraternity, 240 Carlisle St. There was no damage reported at the fraternity house fire.

Fountaindale firewood were summoned to a woods fire at the Martin farm near Fountaindale at 2:15 Sunday afternoon.

4 COMPANIES HELP

The most serious blaze was in the Tuckahoe region roughly in the area where a similar fire burned over 200 acres one week ago. Dillsburg, Bendersville, Huntsdale and Mt. Holly Springs firemen were again summoned and confined the blaze to about 150 acres.

The fire near Camp Tuckahoe started about 2 p.m. Sunday and firemen had the blaze nearly under control when a new fire started nearby.

Most of the Bendersville firemen and other firemen returned home at 9:30 o'clock Sunday night after bringing the blaze under control by some of the Bendersville and Mt. Holly Springs firemen remained on the scene throughout the night in order to prevent any spread of the blaze from smoldering embers.

YFA TO MEET

The Gettysburg Young Farmers Association will meet this evening at 7:30 o'clock at Gettysburg High School. Lee Newman of Pennsylvania State University will speak on "Materials Handling."
