

WELCOME NEWS. Hardly daring to believe their ears, airmen of the recalled 512th Troop Carrier Wing at Willow Grove, Pa., listen to the news from home that the Communist bloc is willing to dismantle missile bases in Cuba. Airmen Steve Richman of Philadelphia, Ray Kerr of Milford, Del., and Joseph Derico of Gibbstown, N. J., were among 14,000 airmen recalled to active duty. They had no sooner reported to their base than they heard of the latest developments. (UPI Telephoto) (Stories on Page 17)

2 Firms Study Files

Probe of Rhodes' Operation Starts

COLUMBUS, Ohio (AP)—State Auditor James A. Rhodes said today he hopes for a public report within 48 hours on one of two formal inquiries into state operations stemming from Ohio's hot gubernatorial battle.
Two public accounting firms began checking records in the office of Rhodes, Republican candidate for governor, at his request to refute charges of fraud by Gov. Michael V. DiSalle, incumbent Democrat.
The governor devoted an hour-long news conference to elaboration of his claims that Rhodes' examiners charged rent for use of state adding machines in auditing the books of subdivisions.
During part of that time, Rhodes was telling news and cameramen that he expects to be cleared of the "irresponsible charges by a desperate candidate" and that he would rest his case before the voters on the inquiry report.
He said Price-Waterhouse Co. was hired in addition to the firm of Ernst and Ernst, Cleveland, to speed the investigation for which the Emergency Board provided \$15,000. DiSalle said he still wants an investigation by an out-of-state firm and that he would make such a request of the board at a meeting scheduled Tuesday.
The special investigators hired by DiSalle refused to turn over

U Thant Set For Parleys With Castro

Secretary-General Will Fly to Havana To Work Out Details

UNITED NATIONS, N.Y. (AP)—U.N. acting Secretary-General U Thant scheduled more talks with Soviet and U.S. officials today and made hurried plans for a trip to Cuba in an urgent effort to tie down a Soviet-American deal settling the Cuban crisis.
Thant was to confer separately with Soviet First Deputy Foreign Minister Vassily V. Kuznetsov, chief U.S. delegate Adlai E. Stevenson and Cuban chief delegate Mario Garcia-Incaustegui.

Flying to Havana

The secretary-general and a dozen aides will fly to Havana Tuesday to begin arrangements for U.N. supervision of the withdrawal of Soviet missiles which Premier Khrushchev and President Kennedy agreed to in an exchange of letters Sunday. Thant goes to Cuba at Prime Minister Fidel Castro's invitation.
Castro last Tuesday rejected U.N. observers in Cuba. It was assumed here Khrushchev's reversal of the Soviet position on the missile bases also reversed Castro's opposition to observers.
President Replies
Kuznetsov arrived from Moscow Sunday night and told newsmen, "We are sure peace can be achieved if all parties concerned will exercise good will and a reasonable approach."
Stevenson saw Thant Sunday

On-the-Spot Guantanamo Coverage Off

WASHINGTON (AP)—The Defense Department has shelved arrangements for on-the-spot news coverage of the U.S. Navy base at Guantanamo, Cuba, and the U.S. blockade of the Caribbean country.
Plans for such coverage appeared to have been worked out with the Pentagon Saturday but late that night the arrangements were canceled.
"It seems evident that circumstances have changed," Arthur Sylvester, assistant Secretary of Defense for public affairs, said Sunday.
Hundreds of newsmen besieged the Pentagon last week with requests for on-the-spot coverage.
News media representatives were invited to a meeting Saturday morning in Sylvester's office. A plan outlined during the conference called for sending one 14-man pool to Guantanamo and two others of the same size to major ships in the blocking fleet.
The pools each were to include reporters for major wire services, daily newspapers in the United States, foreign newspapers, radio and television, and still movie and television photographers.

Gilbert Back From Brazil, Gives Self Up

Financier Wanted In Alleged Fund Theft of \$2 Million

NEW YORK (AP)—Financier Edward M. Gilbert, who fled to Brazil after being charged with misappropriating \$2 million from the E. L. Bruce hardwood flooring firm, arrived by plane today and gave himself up to a waiting U.S. marshal.

Gilbert fled to Brazil June 12. He returned voluntarily to face federal and state indictments that could cost him up to 74 years in prison and fines totaling \$82,000. After the plane touched down, Gilbert, 38, tanned and well-dressed, was taken into custody by U.S. Marshal Joseph A. Rachon. Arnold Bauman, Gilbert's attorney was at the airport.
Gilbert, who was president of E. L. Bruce Co., told newsmen in Rio de Janeiro he had taken the funds solely to help Bruce gain control of the Celotex Corp., a maker of building materials. He blamed the stock market drop of May 28 for his troubles.
Gilbert also said in Rio he had made no deals with anyone in deciding to return to the U.S. from Brazil, which has no extradition treaty with this country.
Gilbert has said that he put up all his Bruce and Celotex holdings as collateral for margin buying of

MISSILE SITES. Soviet Premier Nikita Khrushchev announced Sunday that the Soviet Union had ordered that Russian missiles in Cuba (located on map) be dismantled and shipped back to Russia. In a letter to President Kennedy, Khrushchev said he had ordered the action to be performed under U.N. supervision. Kennedy welcomed the announcement as a "statesmanlike decision" but Cuban Premier Fidel Castro, in a statement over Havana radio, said the missiles were out of its Guantanamo Naval Base as one of five conditions for settling the current crisis. Venezuela Hit Castro Sabotage Campaign Begun

CARACAS, Venezuela (AP)—The Maracaibo oil fields were made a military zone today as hundreds of American and Venezuelan technicians labored to repair damage caused by Castro saboteurs which knocked out a sixth of this country's oil production.
The Interior Ministry said two captured saboteurs were Venezuelan Communists apparently acting on orders from Havana. U.S. Diplomats spread word among Latin American governments to be wary of an expected continent-wide Castro sabotage campaign.
Officials revised their estimate of the time for repairs of the damage, saying production could be restored within a week. Earlier estimates had put the time at a month, perhaps three.
Authoritative sources in Washington said Cuban Prime Minister Fidel Castro gave the signal for general terrorist action in Latin America with the American-oper-

Budget Stirs No Comment, Passage Due

Marion County's proposed \$1,781,081 budget for 1963 headed for passage today without a whisper of public opinion.
Not one citizen showed up in the county commissioners' courthouse offices this morning at the publicized public hearing for the budget.
The commissioners were expected to give immediate passage to the budget which calls for \$94,992 more to operate county government next year, \$37,000 for permanent repairs to the Courthouse and county jail, no funds for regional planning, and a \$10,756 surplus at year's end.
The budget also lists no funds for civil defense. However, commissioners since have voted to cooperate with the city in a CD program, and necessary funds probably would be appropriated when needed.
The budget carries no provision for higher taxes in 1963. Tax rates remain on the same level.

Soviet Press Calls Nikita Hero of Hour

'Averted Possible Nuclear Outbreak,' Pravda Tells Public

MOSCOW (AP)—The Soviet press and radio did its best today to depict Premier Khrushchev as the man who averted a possible thermonuclear war over Cuba.
This was coupled with warning that the West should not interpret Soviet "peacefulness as a weakness."
Both points were made on the front page of Pravda, the official Communist party newspaper, which said Khrushchev's decision to remove rockets from Cuba had the unanimous support of the Soviet people.
"The working people of Byelorussia, Kazakhstan, Georgia, Latvia and other republics of the country," said Pravda, "are giving their unanimous support to the wise policy of the Soviet government which was able, even in a most complicated situation, to find a way to avert the threat of thermonuclear war."
Both Pravda and the Moscow radio also gave much space to statements from abroad hailing Khrushchev as the savior of peace.

U.S. Continues Vigil

Planes Seek Evidence Of Missile Dismantling

WASHINGTON (AP)—U.S. reconnaissance planes focused their sensitive cameras on Cuba today in search of evidence that the Russians are starting to dismantle their missile bases there.
The American quarantine fleet remained on guard in the Atlantic. But no Soviet ships were reported within two or three days' steaming time of the U.S. quarantine line thrown up nearly a week ago.
There was an almost tangible easing of the tension that gripped the nation during the past week of crisis.
There was no accompanying reversal of the military preparations which had been mounting

Strategists Hopeful but Air Caution

3-Man Committee For Negotiations Named by President

WASHINGTON (AP)—President Kennedy set up a special three-man committee today to handle negotiations looking toward an end to the Cuban crisis.
Kennedy designated John J. McCloy, whom he previously had appointed special assistant to U.N. Ambassador Adlai Stevenson during the period of the Cuban emergency, as chairman of the group. The other members are Undersecretary of State George W. Ball and Deputy Secretary of Defense Roswell L. Gilpatric.

Coordinating Group
White House press secretary Pierre Salinger described the group as "a coordinating committee to give full time and attention to the matters involved in the conclusion of the Cuban crisis."

He said the group would report directly to the President but act under the supervision of the three officials concerned. These are Secretary of State Dean Rusk, Secretary of Defense Robert S. McNamara, and Stevenson.
Ball and Gilpatric left for New York after attending the daily meeting of the executive committee of the National Security Council this morning. McCloy already was in New York.
Salinger said the coordinating committee would function in New York.

Implementing Accord
The press secretary said it would be concerned with "implementing the letters of President Kennedy and Premier Khrushchev."

In these letters, exchanged over the weekend, Soviet Premier Khrushchev pledged dismantling of Soviet bases in Cuba and a halt to the delivery of offensive weapons to the Castro regime in return for an end to the U.S. blockade and a no-invasion pledge.
Khrushchev has dispatched Deputy Foreign Minister Vassily Kuznetsov to the United Nations to work with Acting Secretary-General U Thant in dealing with the many details involved in a settlement.
Salinger said he had no information as to whether McCloy, Ball and Gilpatric would accompany Kuznetsov.
