

AN LTH

I came too late to meet... of binocular material since they... day the Comintern was... Heaven knew what those suitcase... contained!

Without missing Still each man for himself, we proceeded to a balcony... address near the waterfront. The... wall which said: "drink until you... burst, but don't talk politics!" The... beer barrels in the cellar.

Comrade Hreznar already... prepared for the transport of the... load to Copenhagen. The angu... station at the edge of S... derborn had only recently been... established. Our had the... third transport of prisoners down... north from Berlin which had... passed this backyard to Denmark... inside a week. It was the... of the hidden spots... along the frontier, the organiza... tion got ready for the great... of the army of Comintern officials... who had pitched camp in Germany... for nearly a decade and a half.

My hand comrade and I... in pairs we returned to German... soil, some using the autobus line... which followed the great oceans... going by train. My comrades had... a chance here to escape to safety... if they had wished watered down... returning to the German powder... barrel but none of them de... serted. Their loyalty was their... The German election battle was... in full swing. The usual Com... munist strategy was being employ... ed. Thousands of smaller meetings... were carried through in the place... of legal demonstrations, staged... behind an armed vanguard of the... Party. The Party had been... simultaneously in six or seven dif... ferent parts of the city, in utmost... secrecy numerous Party members... were arrested. The Party had... formations. All official Party bu... reaus were abandoned. Secret of... fices in the tenements and the... backrooms of retail stores, arms... depots, were the new secret places... secret printing plants were estab... lished in attics and basements in... various parts of the city. The... Foreign Division of the GPU in Ham... burg re-established itself behind... the scenes of showplaces in Berlin... And the Party's military organiza... tion headquarters took on the... facade of the Prometheus Pub... lishing Co.

In Berlin, Captain Goering had... been appointed the chief of the... new type of secret police - the... Gestapo. What was the Gestapo? It... was the Reichwehr soldiers, who... had culled with Edgar Andre, who... had culled on Fintel to design... for him the heart of a new secret... police. The Reichwehr soldiers... smiled grimly. The devil was try... ing to imitate our own GPU," he... said.

The anti-Nazis ducked down... like frightened geese, waiting for... the big one. One day after the... announcement that the Gestapo had... been formed, the Government pro... claimed that secret troops, Elite... Guards and the Steel Helmet had... been given the status of auxiliary... police. Our men in the Gestapo... reported that select bands of ruf... fians were being organized and... trained under the designation of... "Squads for Special Pur... poses."

What did it mean? These fol... lowed two strangely quiet days... Then, at a stroke of the harbor after... a busy night aboard the derelict... Bochum, where they were grinding... out another Hamelin call to the... masses.

Someone accosted me. It was a... courier.

"Parteiheft! all functionaries... must change their quarters at... once. Don't go home."

"Why?"

"The Reichstag is burning. Mass... arrests all over Prussia. The night... of long knives is here!"

(To be continued)

A coffee percolator is an essential... as a typewriter in many Bra... zilian business offices. Brazilian... drink the beverage several times... a day.

BLONDIE

A Boy in Love

By CHIC YOUNG

YOO-HOO, DEAR... HELLO, BLONDIE... YOU LOOK AWFULLY PRETTY... ARE YOU SPEAKING TO THE LITTLE... GIRL?

GASOLINE ALLEY

Fatherly Advice

By FRANK KING

SALLY, IT LOOKS... WHY NOT... I DON'T MEAN... THAT'S... WE'RE JUST RESPONSIBLE... 'IS THAT ALL... SALLY, IF YOU GET... I'VE NEVER... INTERESTED IN... I'VE HAD ONE... WITHIN RANGE... UNLASHING AND... HIGH-MANDED... AND THAT.

RED RYDER

Unfinished Business

By FRED HARMAN

1 Astronomer of ancient times.
2 Name of a large scientific instrument.
3 Name of a planet.
4 Name of a constellation.
5 Name of a star.
6 Name of a comet.
7 Name of a nebula.
8 Name of a galaxy.
9 Name of a solar system.
10 Name of a moon.
11 Name of a planet.
12 Name of a constellation.
13 Name of a star.
14 Name of a comet.
15 Name of a nebula.
16 Name of a galaxy.
17 Name of a solar system.
18 Name of a moon.
19 Name of a planet.
20 Name of a constellation.
21 Name of a star.
22 Name of a comet.
23 Name of a nebula.
24 Name of a galaxy.
25 Name of a solar system.
26 Name of a moon.
27 Name of a planet.
28 Name of a constellation.
29 Name of a star.
30 Name of a comet.
31 Name of a nebula.
32 Name of a galaxy.
33 Name of a solar system.
34 Name of a moon.
35 Name of a planet.
36 Name of a constellation.
37 Name of a star.
38 Name of a comet.
39 Name of a nebula.
40 Name of a galaxy.
41 Name of a solar system.
42 Name of a moon.
43 Name of a planet.
44 Name of a constellation.
45 Name of a star.
46 Name of a comet.
47 Name of a nebula.
48 Name of a galaxy.
49 Name of a solar system.
50 Name of a moon.
51 Name of a planet.
52 Name of a constellation.
53 Name of a star.
54 Name of a comet.
55 Name of a nebula.
56 Name of a galaxy.
57 Name of a solar system.
58 Name of a moon.
59 Name of a planet.
60 Name of a constellation.
61 Name of a star.
62 Name of a comet.
63 Name of a nebula.
64 Name of a galaxy.
65 Name of a solar system.
66 Name of a moon.
