

Measuring Against the President

By JONES OSBORN

One measuring stick often used to gauge the performance of our men in Congress is to measure them alongside the man who is President at the time.

Today, we can do this with the three men who represent Yuma County in Congress: Rep. Udall and Senators Hayden and Goldwater. We will see how often each of them supported (or opposed) President 135 roll-call votes where his position was clear-cut during the 1962 session.

Rep. Morris K. Udall, Democrat, voted "with" President Kennedy 99 per cent of the time, and "against" him 7 per cent of the time on the 60 test votes in the House of Representatives. (Average Demo representative, 72 per cent support.)

(A failure to vote lowers the scores.)

In the area of foreign policy, where 18 roll-call votes were checked, Rep. Udall supported the President 100 per cent.

On 12 domestic policy issues, Rep. Udall backed the President 86 per cent of the time and opposed him 10 per cent.

Sen. Carl Hayden, Democrat, voted with JFK 69 per cent of the time and against him 16 per cent, on the 125 test votes in the Senate. (Average Demo senator, 63 per cent support.)

On 38 foreign policy votes, Hayden supported the President 92 per cent and opposed him 3 per cent.

On 86 domestic policy votes, Hayden backed JFK 58 per cent of the time and opposed him 22 per cent.

Sen. Barry Goldwater, Republican, voted with the President 21 per cent of the time and against him 50 per cent of the time on the 125 test votes. (Average GOP senator, 39 per cent support.)

On foreign policy votes, Sen. Goldwater backed the President 22 per cent of the time and opposed him 47 per cent.

On domestic issues, Sen. Goldwater backed the President 22 per cent of the time and opposed him 47 per cent.

How you read these scores will depend to a great extent, of course, on what kind of a job you think the President is doing.

10,689 Yumans Get Sabin Oral Vaccine Sunday

A total of 10,689 Yuma area residents took advantage of the last day of the Type 2 Sabin Oral Polio Vaccine here yesterday. That brought the participation in the Type 2 vaccine to 21,363, somewhat shy of the 50,000 average for Types 1 and 3. The count showed:

Kota High	1,018
Armory	1,672
Somerston	1,099
Total	10,689

With the clinics yesterday, Yuma ended its Sabin program. Remaining doses, totalling 13,200, were shipped to San Luis this morning (see photo Page 3). Included in the shipment was enough cups and sugar cubes to take care of the vaccine.

Fallout Prediction

Here is today's fallout prediction: with San Diego as ground zero, high-level or fallout winds, predicted for the next 24 hours will be 160 degrees, south, down the West Coast of Baja, California. Fallout would travel approximately 20 miles in three hours.

Bulletin:

UNITED NATIONS, N.Y.—Soviet Deputy Foreign Minister Vasily V. Kuznetsov emerged smiling today from a 2-hour conference with Acting U.N. Secretary Thant on the Cuban crisis. Thant was preparing to leave for talks with Cuban Premier Fidel Castro in Havana.

US Awaits Removal of Missiles

City Voters Go to Polls Tuesday in Primary Elections

Voting Set From 6 a.m. To 7 p.m.

Between 4,500 and 5,000 Yumans are expected to go to the polls tomorrow in the city primary election.

City Recorder Linwood Perkins said this would be about the average vote for Yuma. He said this would amount to about 60 to 65 per cent of the 7,251 registered voters.

Good Absentee
Perkins reported that thus far the absentee voting has been going well with about 200 ballots cast. Deadline on absentee voting is 5 p.m. today. Perkins said he will accept ballots from invalid persons or those too ill to go to the polls, in their homes tomorrow.

To be selected tomorrow are the top two candidates for mayor and top eight Council candidates. The mayor candidates are Thomas Ali, Joe Altamir, Jerry Binkley, Dennis McKeogh and George Shackelford. Candidates for Council are Herb Angle, Frank Bronski, Charles Cochran, Walter Duncan, Odell Fletcher, Henry Gonzales, Charles Harrell, Robert Kennerly, Al Minerva, John Peach and Ferdy Sant.

Those Unopposed
Also on the ballot, but unopposed, will be Dave Sheridan for assessor, John B. Wisely Jr. for city attorney, Linwood Perkins for city recorder and Ernest Stevens for police. Polls will open at 6 a.m. and close at 7 p.m. tomorrow. City Recorder Perkins warned voters that to be valid a ballot must be marked with an "X". He said a check mark will not be accepted in counting the votes.

Polls will be Precinct No. 2, City Hall; No. 3, Leeper Motor Co., 1st Avenue and 3rd Street; No. 4, Central Fire Station, 3rd Avenue and 4th Street; No. 5, Fire Station No. 2, 6th Avenue and 11th Street; No. 6, St. Francis School, 1800 6th Avenue; No. 7, Lundell Farm Equipment, 2098 4th Avenue; No. 8, Pecan Grove School; No. 9, Jaycee Clubhouse, 1788 Arizona Avenue; No. 10, Palmercroft School; No. 11, 4th Avenue; and No. 12, Fire Station No. 3, Madison Avenue and 25th Street.

Gen. Norstad May Be Held in NATO Post

WASHINGTON (UPI) — President Kennedy was reported today to hold Gen. Lauris Norstad on the job as supreme allied commander in Europe for another 90 days because of the world crisis. Norstad, who has commanded the military forces of the NATO alliance for the past six years, was scheduled to retire Oct. 31 and be succeeded by Army Gen. Lyman L. Lemnitzer.

Norstad, an Air Force general, is 55.

JOHN PEACH

"I stand for economy. I have always worked to obtain a lower tax rate, keeping in mind that services to the citizens of Yuma should not be hindered. A lower, stable tax rate will be more favorable for attracting industry."

What City Council Candidates See as Issues

HERB ANGLE

"I think that we should get our parks and recreation program on a bigger scale. We need more good places for the children. There is a great need to fix our streets. Our city is growing fast. I think that our fire and police departments should grow with it."

WALTER DUNCAN

"The primary issue in this campaign is the water situation. I believe purchase and operation of the water company by the city will bring more efficient service and lower rates. I believe streets definitely need repairing. The recreation program has been neglected and I advocate a swimming pool on the mesa."

CHARLES HARRELL

"I can only parrot a platform which has been stated by most of the candidates. I am in favor of all legislation voted on by the people with the exception of that for city manager. I can give honesty and economy in city government and will work for all progressive undertakings for the city."

Mrs. FDR's Condition Reported Unchanged

NEW YORK (UPI) — Mrs. Eleanor Roosevelt's condition was reported to be unchanged today, a spokesman for the seriously ailing 78-year-old former first lady said today.

The spokesman reported Sunday that Mrs. Roosevelt's anemia and lung infection had not been responding to treatment as well as expected. But today the spokesman said "she is holding her own."

FRANK BRONSKI

"The basic issues of this campaign are clear. Will Yuma grow in keeping with the expanding economy of Arizona? New industries must be attracted and welcomed. I believe that offering a tax free period to new industry will work this end. The results will be increased employment and a higher payroll."

ODELL FLETCHER

"I believe in promoting the city, getting on the move. We need to get more industry into the area to provide more jobs. I have always worked for the good of the city of Yuma through stable growth and I will continue to do so."

ROBERT KENNERLY

"Most important quality for a councilman is the ability to keep abreast of the needs in all areas of the community. Yuma's voters should insist on this type of person. As in any race, past performance is always a good yardstick in selecting those people. Select informed candidates for City Council."

FCC Rules for TV Candidates Listed

WASHINGTON (UPI) — The Federal Communications Commission said today that if a political candidate is attacked personally on a television program by a non-candidate he should be given a "substantial voice" in selection of a spokesman to answer to charge. But if the candidate, in answering, chooses to speak for himself then his opposing candidates would have a right to equal time.

CHARLES COCHRAN

"I believe efficiency and economy in the operation of our city government. The use of proven tax dollars is needed. Our economy base must be broadened to stabilize our economy and the job picture. Industry should be encouraged to come to Yuma for a change."

HENRY GONZALES

"Yuma needs new leadership which will give it a shot in the arm and tackle the city problems such as the water company, street improvements and recreation with vigor. I also personally feel that the city voters of Spanish descent are entitled to representation in city government."

AL MINERVA

"If elected to the Council, I would work to bring every department leader and his subordinates to a better relationship, creating a more efficient attitude in daily work. The Mayor and Council should work harmoniously but firm in convictions. The city is big business and should be run as efficiently."

American Sentenced

BERLIN (UPI) — An East Berlin court today sentenced Jean F. Loba, 37, of Altadena, Calif., to two and one-half years in prison on charges of plotting to smuggle refugees to West Berlin. The Communist court tried the American in secret session. His mother, Mrs. Florence Loba, who came here for the trial, was barred from the court but was permitted to speak to him after the verdict was pronounced.

U Thant Plans Talks With Castro Tuesday

UNITED NATIONS, N.Y. (UPI) — Acting Secretary General Thant arranged a final round of discussions with U. S. and Soviet envoys today before his planned departure for talks with Cuban Premier Fidel Castro in Havana Tuesday.

Soviet Deputy Foreign Minister Vasily V. Kuznetsov arrived Sunday night to handle the Russian end of the private negotiations

which have been in progress since last Friday in Thant's office.

Kuznetsov took over from Deputy Foreign Minister Valerian A. Zorin, who refused to admit the existence of Soviet missile bases in Cuba and was publicly upbraided by U.S. Ambassador Adlai E. Stevenson in the Security Council last week.

Thant announced late Sunday that he planned to leave Tuesday to accept Castro's invitation for talks on the Cuban crisis.

The Havana talks are expected to center on the dispatch of a U.N. observer corps to oversee the dismantling of the war bases and their shipment back to Russia, which Soviet Premier Nikita S. Khrushchev unexpectedly agreed to Sunday.

A U.S. spokesman said best information was that dismantling of the bases had not begun despite Khrushchev's agreement.

Message Delivered
Stevenson, in his second meeting of the day with Thant, Sunday night delivered a new message from President Kennedy. It was in reply to a message Thant sent Kennedy earlier Sunday. Its content was not disclosed.

Thant announced that U.N. undersecretaries Omar Loutfi of the United Arab Republic and Hernanez Tavares De Sa of Brazil, together with Brig. Indarjit Rikhiye of India, his military adviser, "among others" would accompany him to Cuba. Loutfi is in charge of U.N. disarmament questions; Tavares is the top-ranked Latin American in the secretariat.

No Rain Expected From High Clouds

Those high, often sky-covering clouds you'll see during the next few days don't mean a thing — at least, that's the official opinion of forecasters at the Weather Bureau.

"As far as we're concerned," said one, "there's no chance of precipitation from those clouds. We don't pay any attention to them." Thus prospects seem good for this year to roll onward as one of the driest in Yuma's history.

Today's high was expected to be around 80, with a low over night of around 62. Tomorrow's high should be near 87.

Gusty winds are expected today and tomorrow, mostly during the daytime. Their velocity should vary between 10 and 20 mph.

Outboard Records Set at Lake Havasu

PARKER (UPI) — Two world outboard records were set at the Lake Havasu Regatta over the weekend.

Harry Bartolomei of Castro Valley, Calif., set the new records in the Class F racing runabout division and the Class D hydro event.

FERDY SANT

"My platform is only that of common sense. I promise no miracles. I would like to see the city of Yuma progress more efficiently. My main concerns are the improvement of streets, inducement of industry and the encouragement of tourism. I am not committed to any specific type of city management."

U.S. Pledges Arms to Communist-Beset India

NEW DELHI (UPI) — India appealed for U. S. arms to help battle invading Chinese Communists today and announced it has lost up to 2,500 troops killed and missing in 10 days of fighting. Disclosure of the first overall casualty toll came shortly after the U.S. Embassy here announced that India had asked for U. S. arms to help battle the Chinese Red invaders and the United States immediately agreed to supply them.

Shortly afterward, an Indian external affairs ministry spokesman confirmed that the Americans had offered to "assist in anyway they can" in sending supplies to aid India's defense effort.

In announcing the toll of dead and wounded Indian troops, a spokesman said: "It is estimated that Chinese casualties are much higher."

Letter Presented
The announcement came shortly after U. S. Ambassador John Kenneth Galbraith met with Prime Minister Jawaharlal Nehru and gave him a letter from "full sympathy and support by the United States for India's present situation."

Indian troops were moving up from throughout the country to reinforce the border battlefield in the undeclared war with Red China. Indian forces on the border appeared to be at least slowing the Communist advance for the first time since the fighting started. Informed sources said they expected urgently needed infantry equipment would begin arriving from the United States by the end of this week.

The State Department in Washington had no immediate comment on the reported arms agreement.

It was understood Nehru was making similar requests of the British, French and Canadian governments.

V. K. Krishna Menon, who has been under fire for allegedly mismanaging India's military preparedness as defense minister, was reported to have told a meeting of the ruling Congress party this morning that "we are in a better position now to meet Chinese aggression than a few days ago."

Nehru was said to have told the same meeting he was not contemplating breaking off relations with Communist China despite the border conflict.

Several ministers were reported demanding that Krishna Menon be dismissed from the defense portfolio, but his supporters were said to have argued that it appeared he would stay.

THE WEATHER

Highest yesterday 87
Lowest this morning 61
Temperature at 11 a.m. 84
Relative humidity at 11 a.m. 18%
Average high this date 85
Average low this date 66
FORECAST for Tuesday night:
Mostly clear with little change in temperature today through Tuesday. Occasional gusty, northerly winds. High 90, Low 62. Sunrise 6:51, Sunset 5:51.
